Problem:

- 1) The delete bin icon is wrong

Solution:

- 1) The delete bin icon shall be without a circle around like this

Test / bugs APK – 28.10.20 - 1

BUG Disclaimer and terms of use – text to speech (tts)

Problem:

- 1) The tts in Danish is terrible

Solution:

- 1) Is it possible to find another variant? **Hammad will try to find another one**

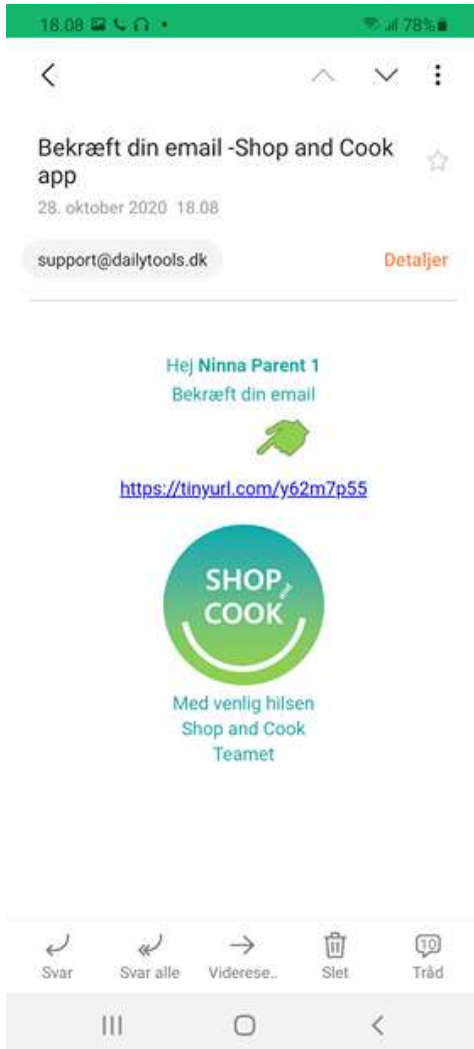

BUG – E-mails – Confirm e-mail - Verification – Reset password

Problem:

- 1) The logo are not the same size in these emails
- 2) The word email is wrong

Solution:

- 1) Fix this
- 2) The word shall be e-mail everywhere

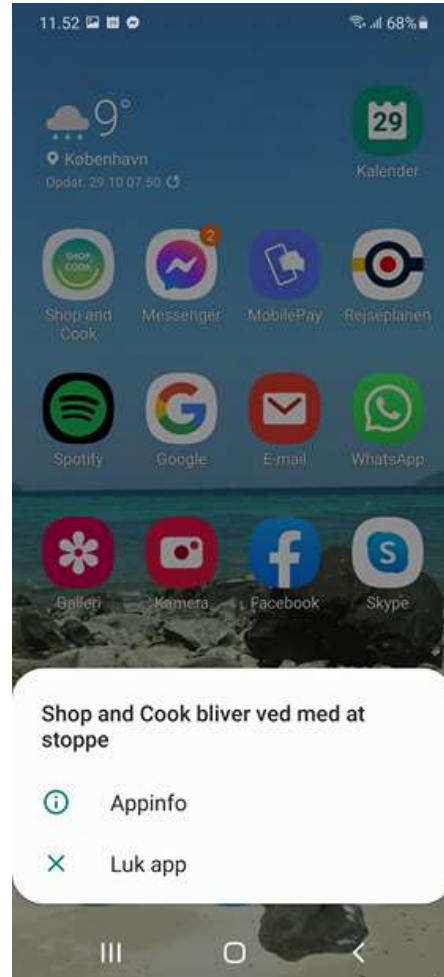

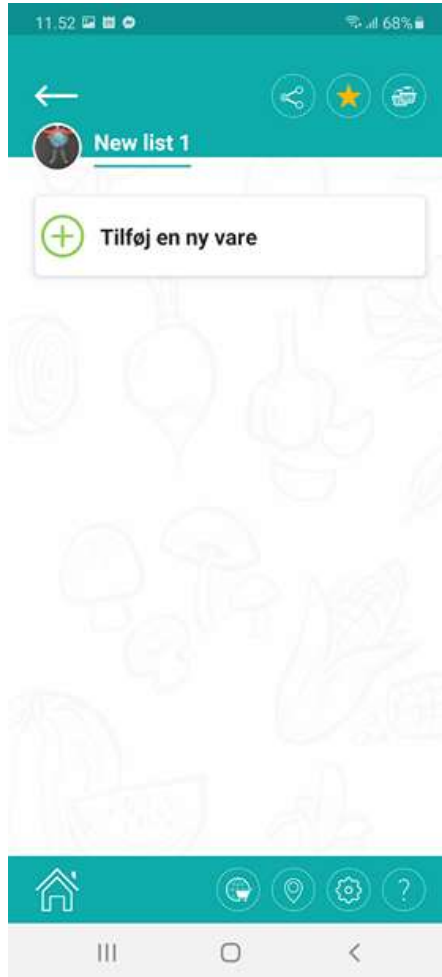

BUG Sharing

Problem:

- 1) Child user try to share an empty list. The list was shared from parent user before. The app is closing.

Solution:

- 1) ?

BUG Text size, font

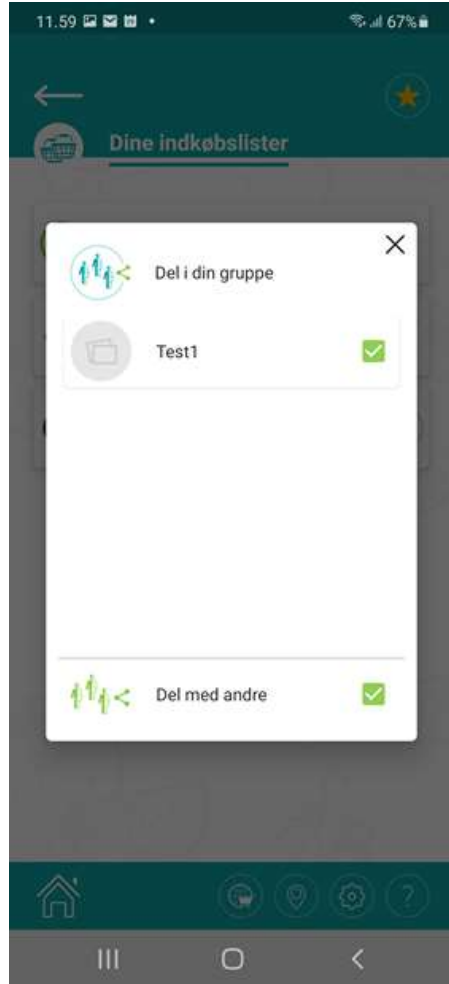

Problem:

- 1) The texts are different in the different screens 1 +2

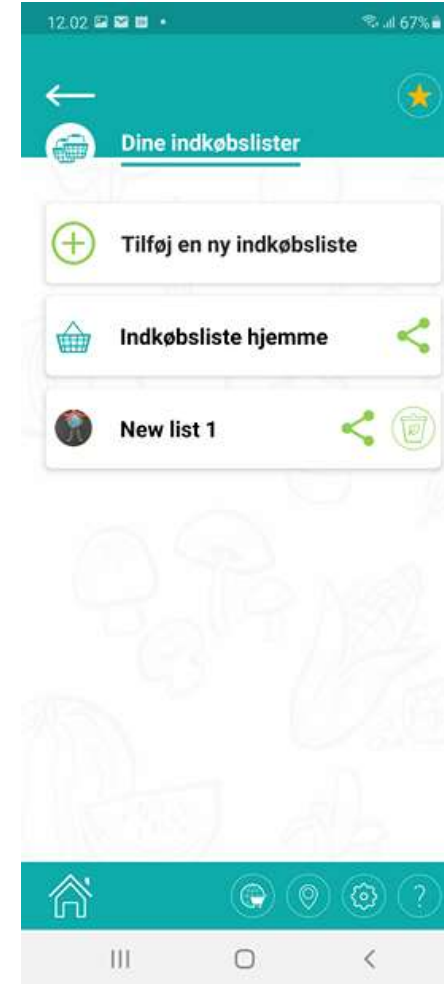

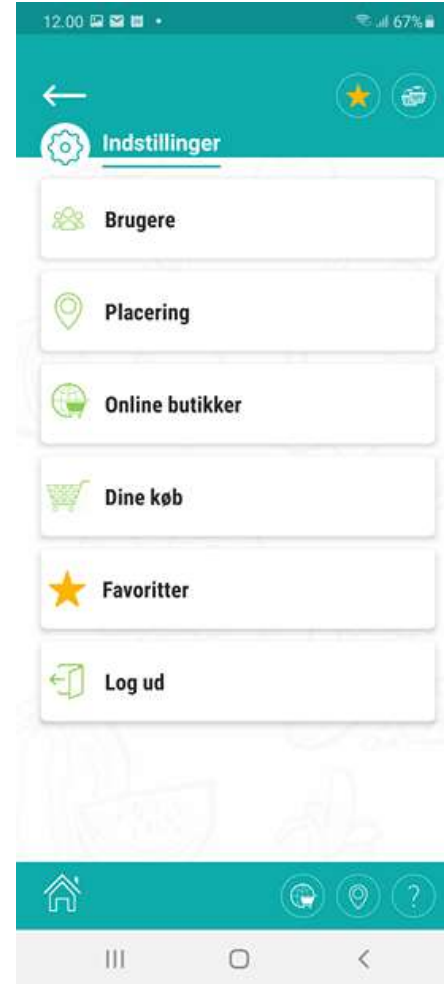

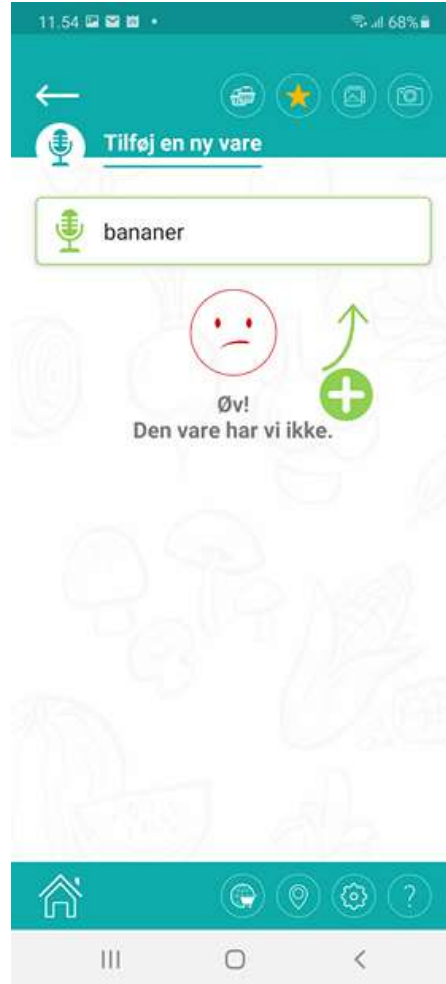

Solution:

- 1) Make sure that text font and size etc. Appear the same everywhere in the app

1

2

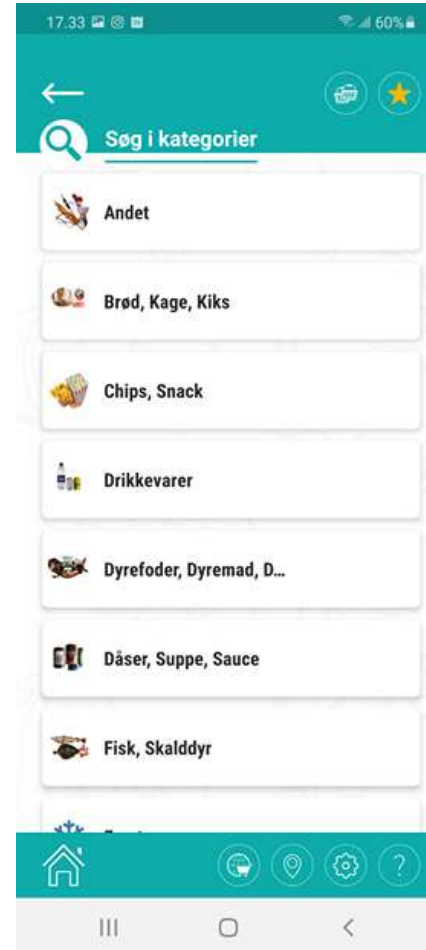

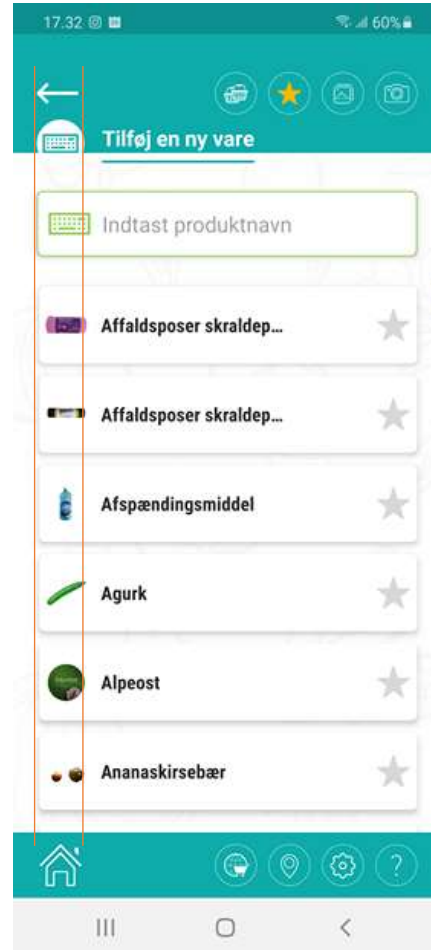

BUG Icons - design

Problem:

- 1) Not aligned
- 2) The icons are NOT designed by your designer as all other icons

Solution:

- 1) Align as shown
- 2) The designer shall make icons look like all other icons

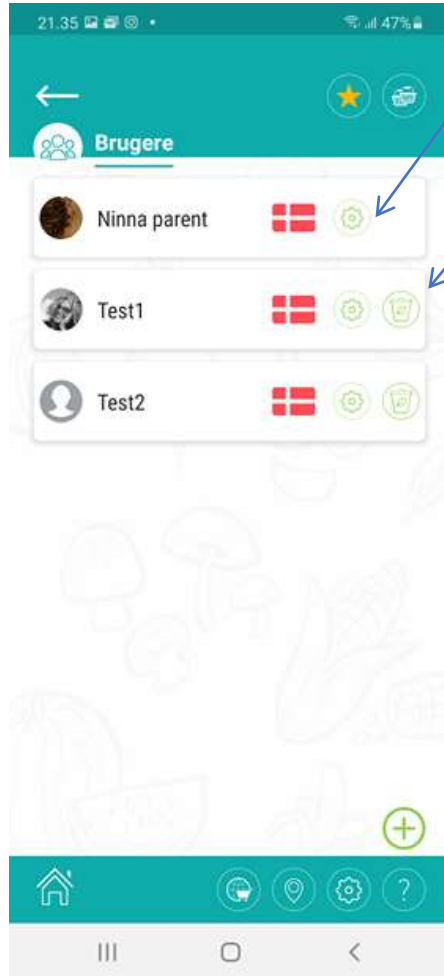

Test / bugs APK – 16.10.20 – 2

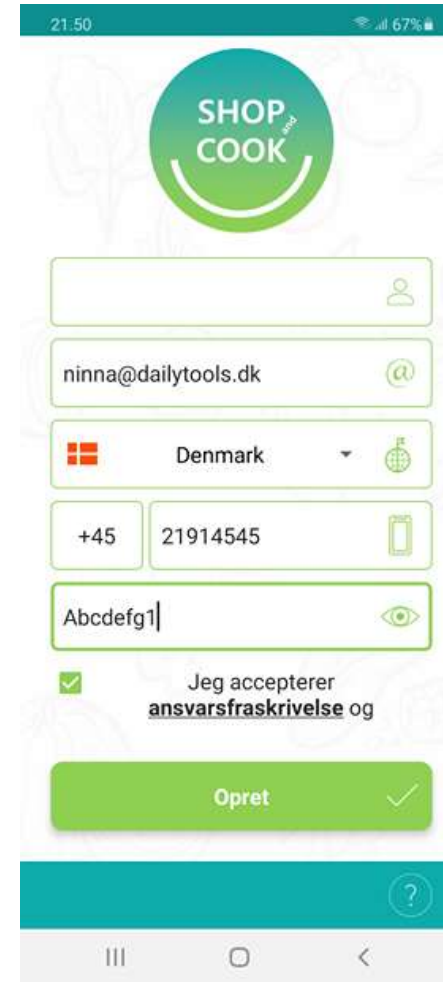

BUG – User settings – icons – Not fixed – 29.10.20

Problem:

- 1) The icons are wrong: settings wheel and bin

Solution: Remove the ring around the icons settings and bin shown to the right of each user and make sure that they have the same size as elsewhere

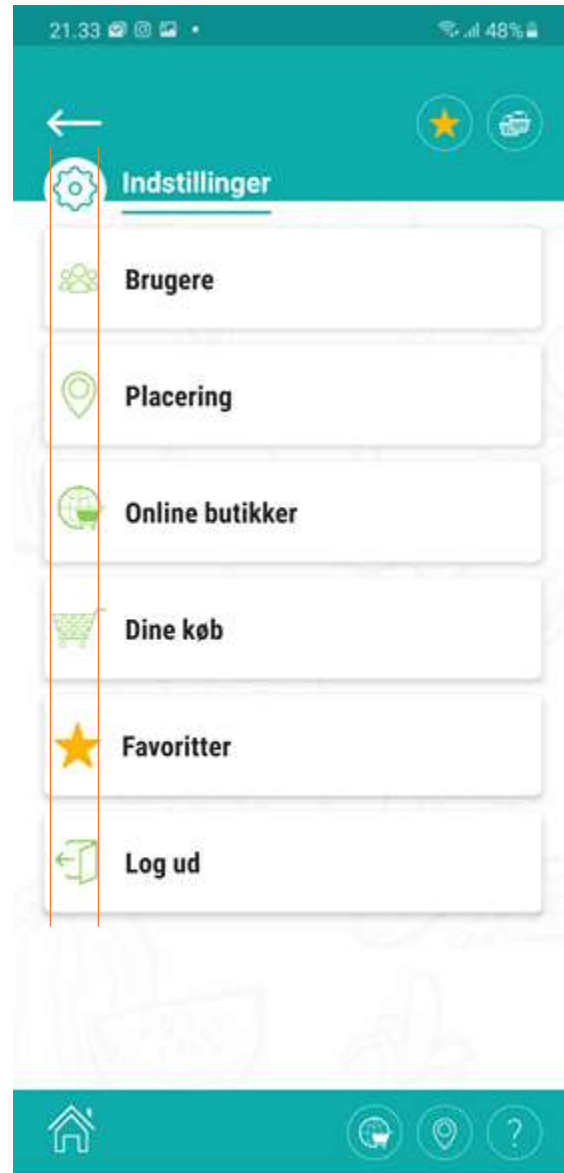

BUG – Settings – icons – NOT fixed – 29.10.20

Problem:

1) The icons are not aligned

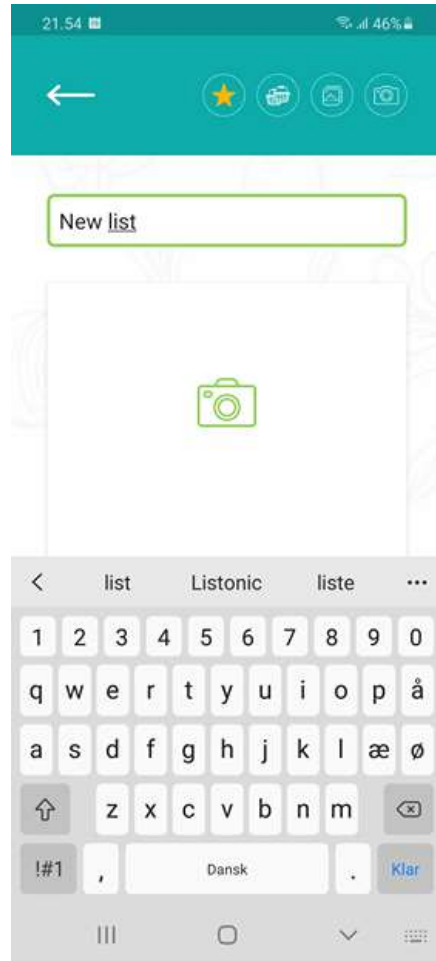

Solution: Make sure that the icons are aligned as shown within the 2 red lines

BUG – Add a shopping list - photo from gallery – NOT fixed – 29.10.20

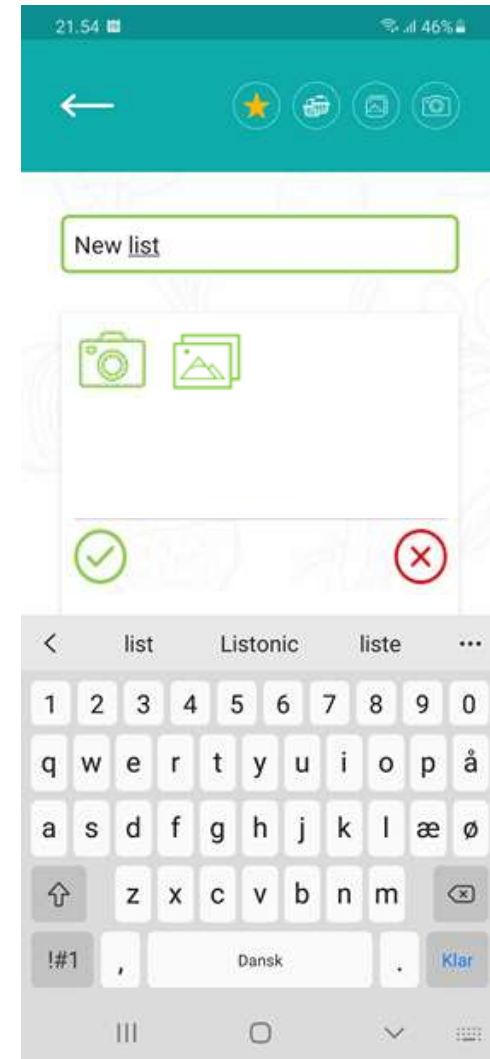

Problem:

- 1) User cannot see what is under the keyboard and cannot scroll up

Solution: Add the scroll function and show the scroll bar so that user can scroll up to see what is under.

Well if this is not possible – please change the design to this: **This will be a change and added to the change list/email for estimated additional payment from Hammad**

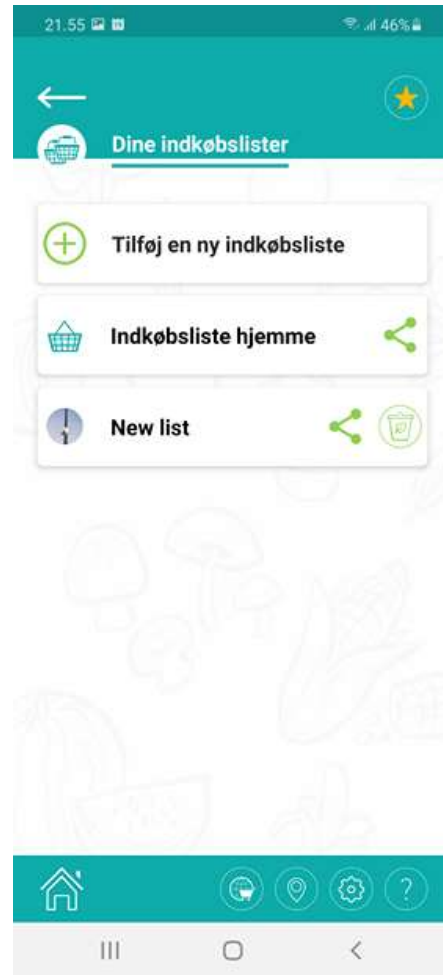

BUG – Add a shopping list - icon – NOT fixed – 29-10-20

Problem:

- 1) There is a ring around the bin icon

Solution: Remove the ring around the bin icon and make the icon the same size as other icons (share with icon)

BUG – Sharing – stop sharing – Not fixed – 29.10.20

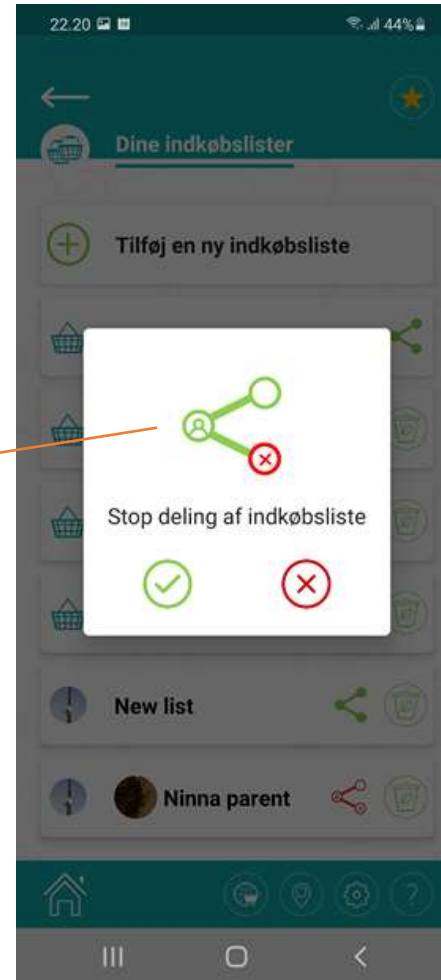

Problem:

- 1) The stop sharing icon is wrong
- 2) How can user unshare all the other lists?

Solution:

- 1) The stop sharing icon in the list shall be the same as in the stop sharing popup – DT need to test together and make sure that the functionality is good
- 2) User shall be able to unshare alle other list

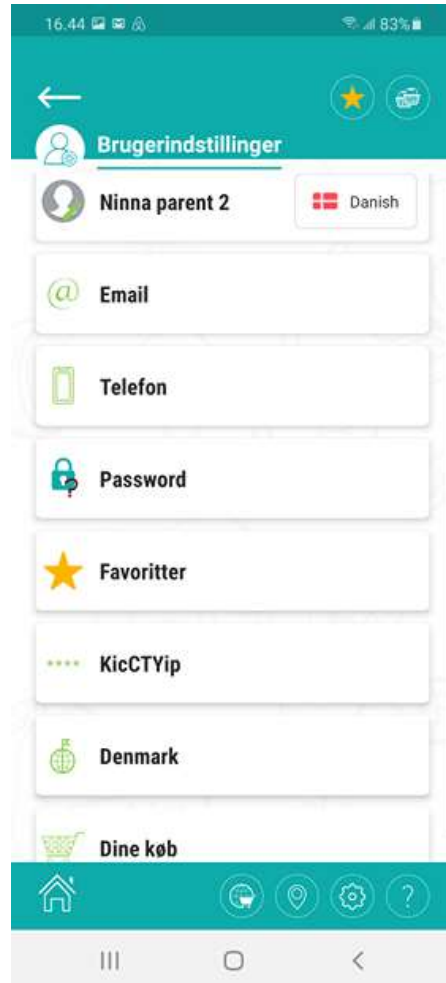

Test / bugs APK – 23.10.20 –
Test / bugs APK – 16.10.20 –

BUG – user settings – Country – Not fixed – 29.10.20

The problem

- 1) The country name is in a wrong language

The Solution

- 1) Make sure that the country name is in same language as any other texts in the app

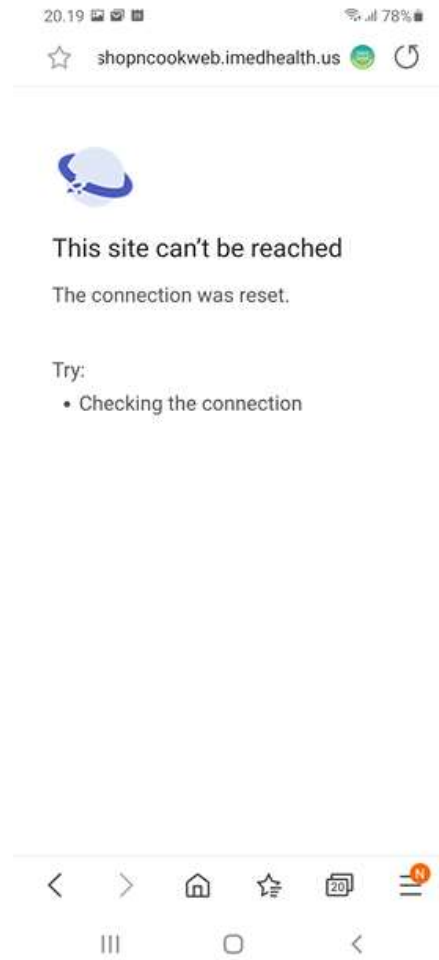

BUG – Verification – Not fixed 30.10.20

The problem

- 1) The logo in the verification popup shall NOT contain a link
- ~~2) The verification popup is not smaller than the previous e-mail~~

The Solution

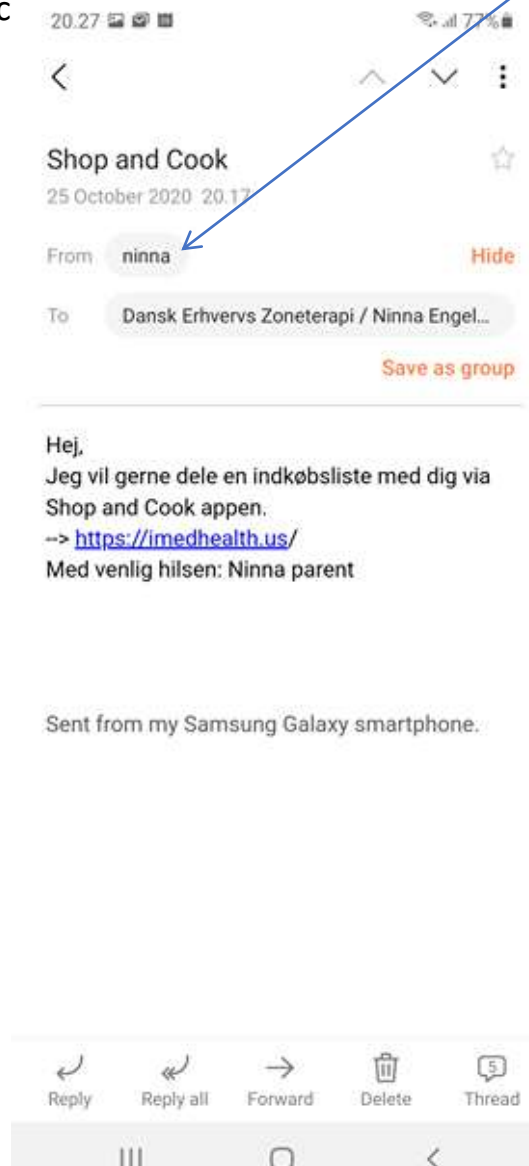

- 1) Remove the link from the logo in the verification popup
- ~~2) Make the popup smaller so that user can see that this is just a popup. The background shall be the previous e-mail~~

BUG – Sharing – external

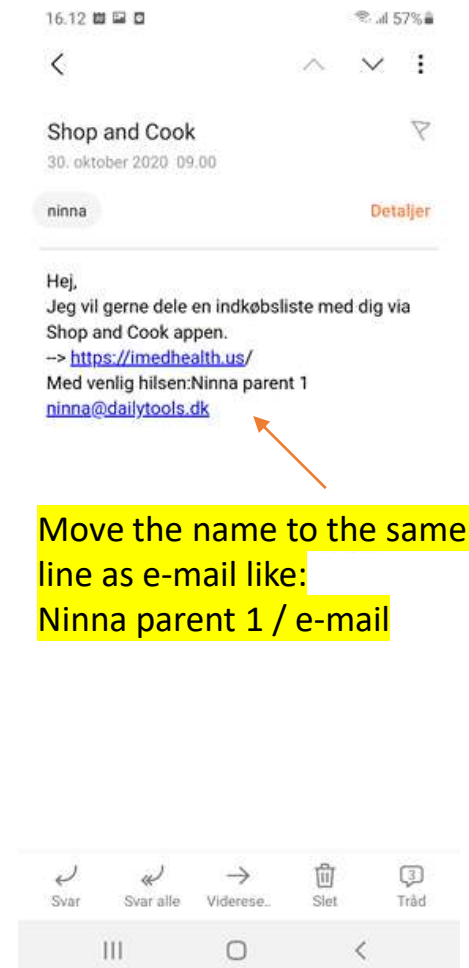

The problem

- 1) The sender name in the header is wrong
- 2) The signature is wrong
- 3) The e-mail design is wrong (correct)

The Solution

- 1) The sender name shall be with a Capital letter as first letter: **Ninna** – not possible according to Hammad
- 2) The signature shall be: Med venlig hilsen Senders e-mail and name if there is one connected to the e-mail
- 3) The design of the e-mail shall be like this: See the text document – Not possible according to Hammad

Move the name to the same line as e-mail like:
Ninna parent 1 / e-mail

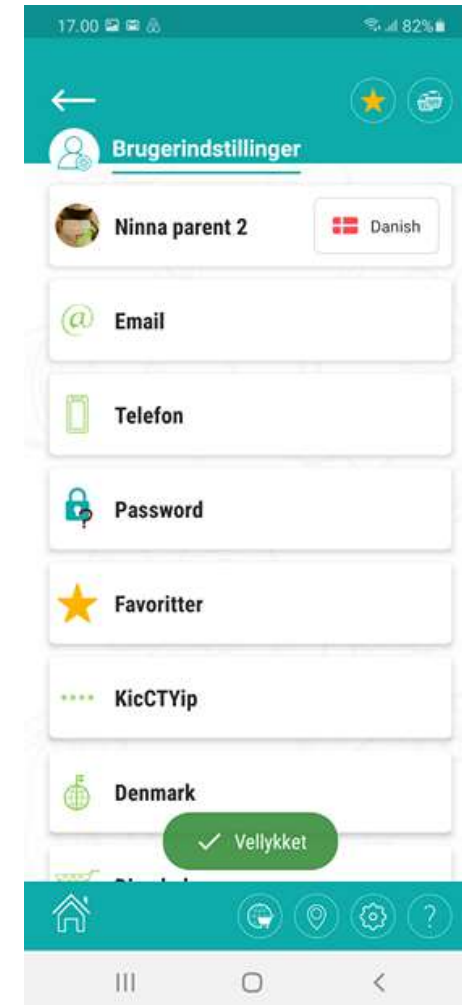

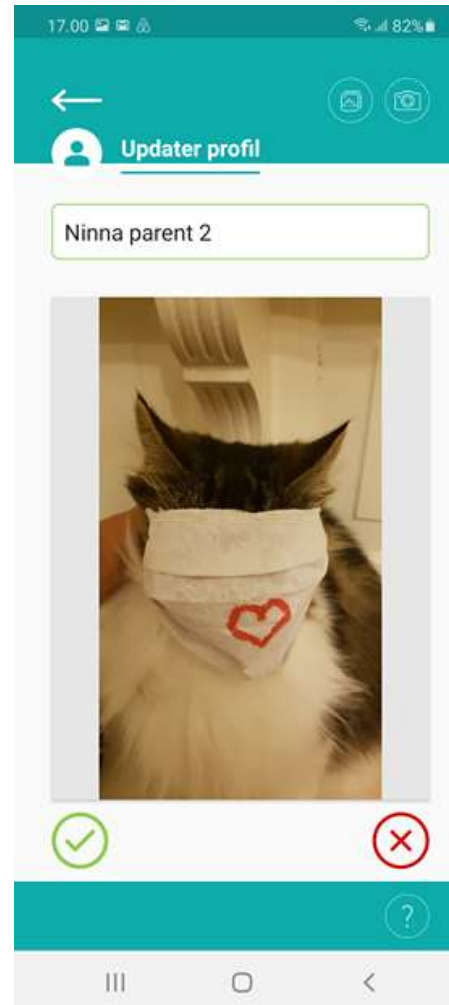

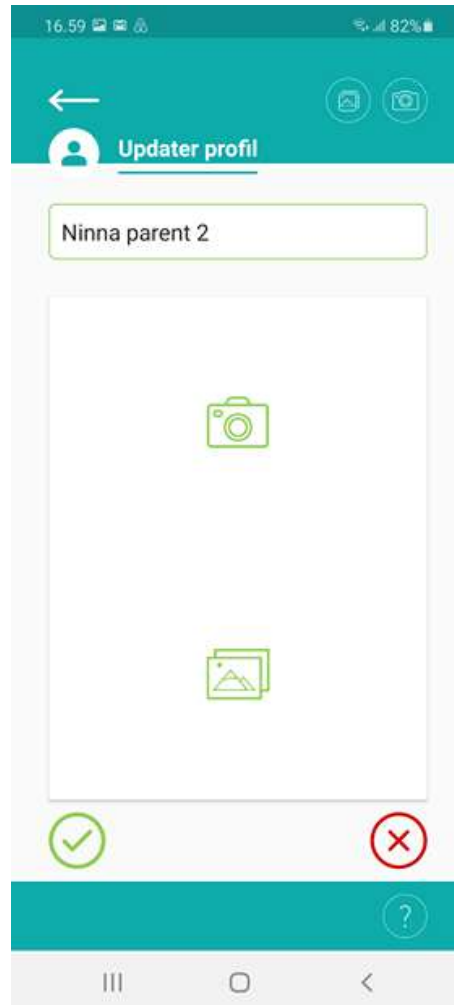

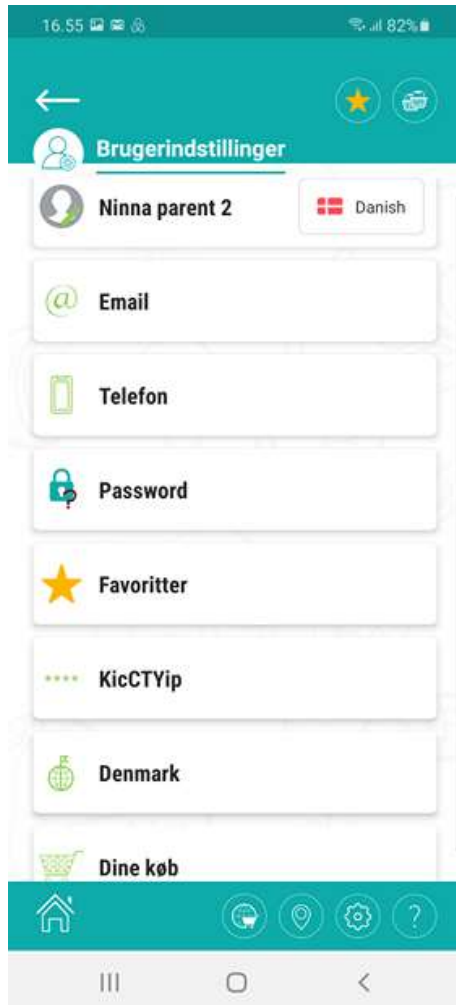

BUG – user settings – profile picture

The problem

- 1) The flow for changing profile picture is wrong: emojis and purchased is missing

The Solution

The emoji and purchase icons will be added later when the functionality is done.

Test / bugs APK – 16.10.20 – 1

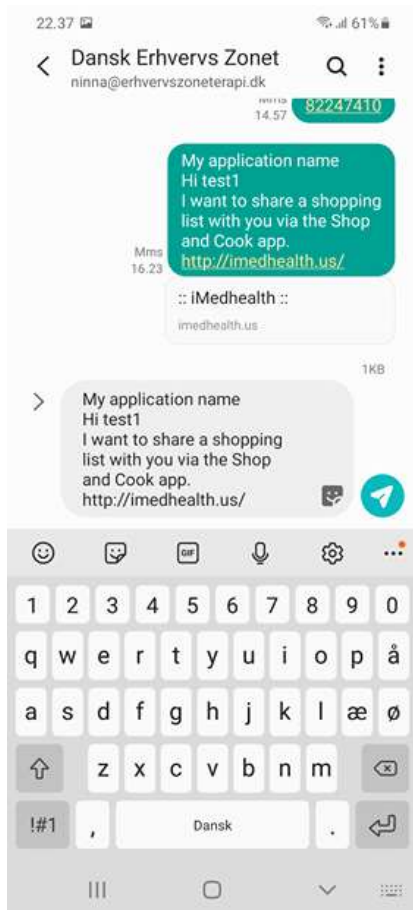

BUG – Sharing a shopping list – Not fixed – 30.10.20

The problem

- 1) The text message is wrong
- 2) The header Shop and Cook shall not be there
- 3) There is a space in front of Jeg
- 4) The receivers name is missing

The Solution

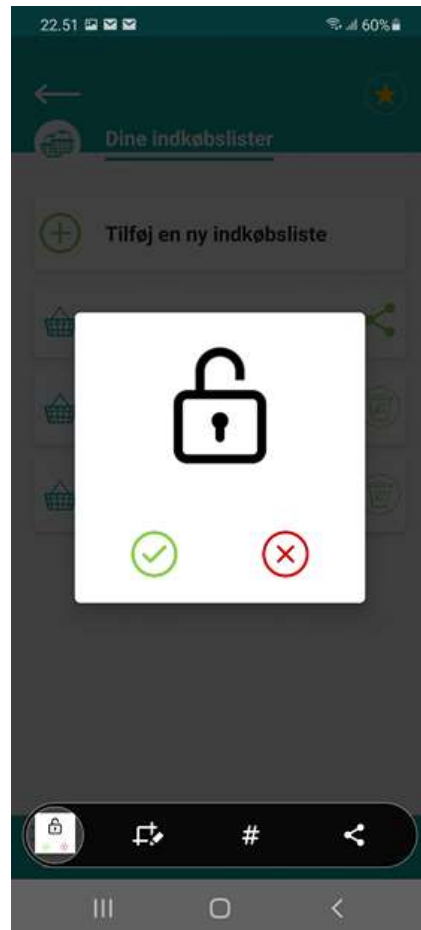

- 1) OK - The first line saying: My application name shall be removed.
- 2) Remove the header Shop and Cook
OK - The senders name is not correct. Will this be solved when we launch?
- 3) Remove the space in front of Jeg
- 4) OK - Add receivers name in the text messages everywhere – **not always possible according to Hammad**

BUG – Sharing a shopping list – Not fixed – 29.10.20 – DT will discuss this

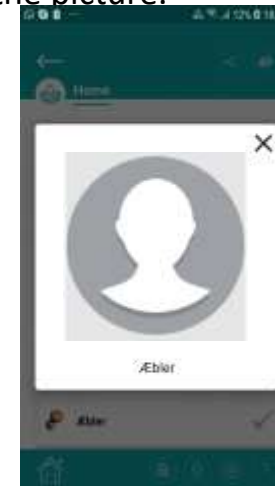

The problem

- 1) There are 2 shopping lists with the same name Home. The first one is users own, the second one is the shared list, the third is not opening.
- 2) When clicking on the third list a popup comes up with a lock?
- 3) The shared list name shall be changed
- 4) Popup (zoom) for profile picture

The Solution

- 1) There should only be one list with the name Home. The third ones name is correct. Make sure that when user click on the name of the shopping list then the list shall open.
- ~~2) The popup with the lock shall be removed~~ DT will make a new design for the popup for accepting the shared list.
- 3) The shared list shall be: Profile picture, a number, name of the list (if name is too long add)
- 4) Make sure that when user clicks on the profile picture that a larger picture is shown (zoom) like in the shopping list when click on an items. Show the user name under the picture. Make a x in the upper right corner to close the picture.

Test / bugs APK – 14.10.20 – 1

BUG – Invited by promo code autofill – Question?

- **The problem**

- 1) User need to be able to copy or autofill the sent code.
- 2) The sent text is wrong when sent to different social medias (eg. Messenger, whats app, Line, etc.)

- **The Solution**

- 1) Is it posible to make the kode posible for user to copy or autofill, so user can paste/ autofill it in the register field later? Make it everywhere.
- 2) OK - Make a text for different social medias (eg. Messenger, whats app, Line, etc.) like this

Test / bugs APK – 4.10.20 – 4

BUG Login - Forgot password – NOT fixed – 29.10.20

The problem

- 1) The text is wrong
- 2) The rounded corners are not the same in the different field and buttons in the app
- 3) The check sign is missing in the green button
- 4) The icons are not aligned
- 5) The code shall look different
- 6) The text in screen 1 is bold and wrong spelling
- 7) The adjustment of the screens are not the same

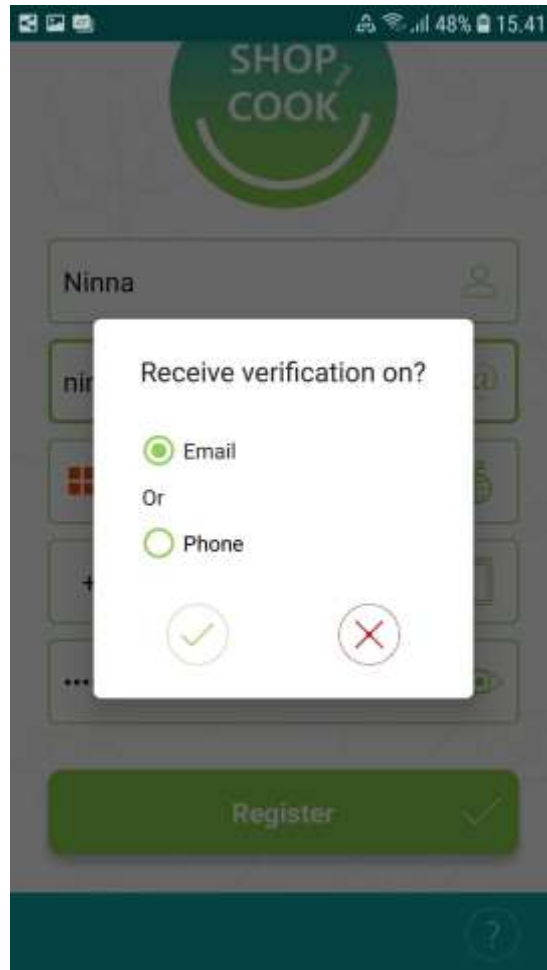

The Solution

- 1) OK - The text shall be:
English: Type the code to reset password
Danish: Skriv koden for at nulstille password
- OK - Remove the text in the field
- 2) OK - Make sure that all fields and buttons in the app are with the same rounded corners and shadows (3D)
- 3) OK - Add a check sign in the green button
- 4) OK - Make the icons the same size and aligned and adjust the fields and buttons if needed.
- 5) Make the change password code encrypted like this: Y2se4b
- 6) OK - The text in screen 1 shall be be like elsewhere (not bold) The word password shall be: password
- 7) OK - Move the whole thing a little down in screen 1, so that the 2 screens are the same

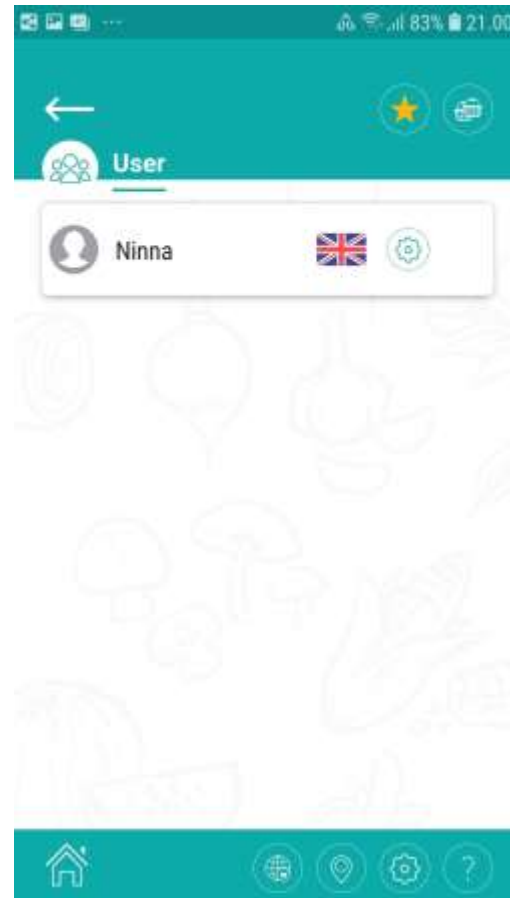

BUG Registration – Ninna – OLD from 16.9.20 – new – not fixed 29.10.20

• The problem

- 1) The green check and the red x are suddently with a very thin line and the language is wrong.
- 2) Or shall be or

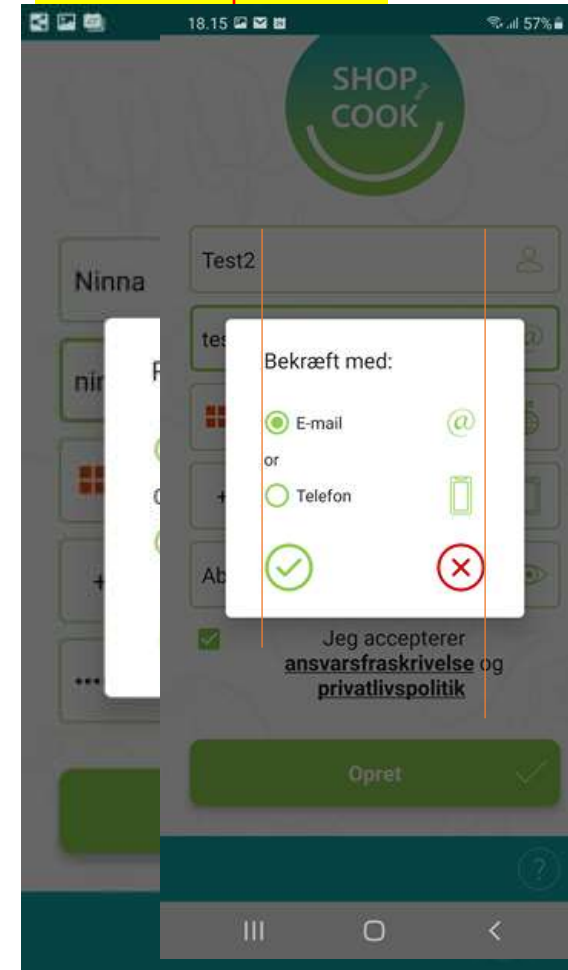

3) The language is wrong

• The Solution

- 1) OK - Change the popup to this
- 2) OK - Or shall be or
- 3) OK - The language/text shall be as in the device settings when user register
- 4) Align the things in the popup – move the text, e-mail and phone buttons and or, a little to the right so that there is with the same distance to the red lines. Not the e-mail and phone icons

BUG – Register – Verification phone number - See also the next slides

The problem

- 1) The app name is still wrong in the sms sender screen 2-4
- 2) User gets two verification messages 3 + 4
- 3) User cannot click the logo and are not sent to app store in screen 3

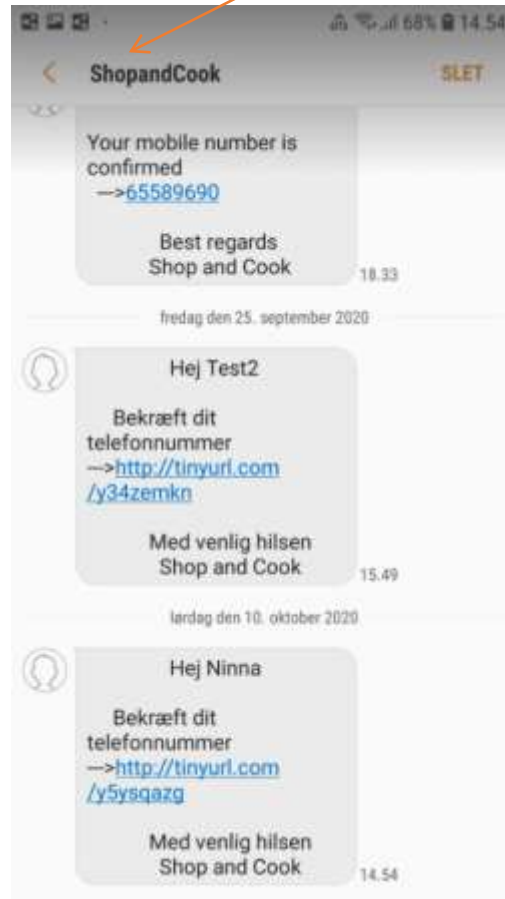

The Solution

- 1) OK - Check up with the old test results from APK 15.9.20 email from 16.9.20 about register. Let us know if you have any questions. Cannot be fixed according to Hammad
- 2) OK - What is the idea of sending two verification messages?
- 3) When the text in an email or message says open the app and a hand is pointing at the logo then the user should be able to open the app by clicking on the logo or send to app store anywhere. – will work after launch⁴

1

2

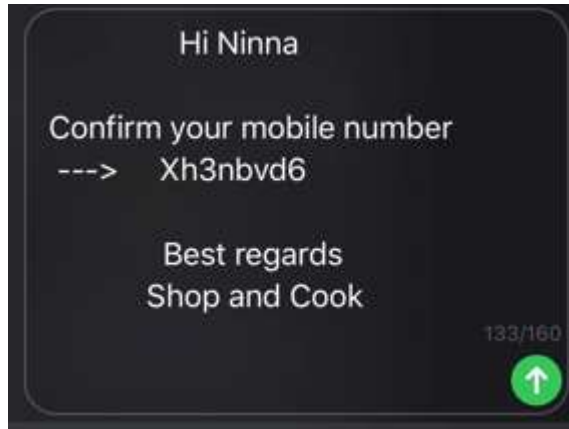

3

SMS structure – OLD – Not fixed – 29.10.20

- **The problem**

- **The Solution**

- **OK** - Use the --- > for sms message , do not use the pointing hand.
- ~~Use the correct indenting and centralization –~~ Maybe it is a better solution to keep the lines to the left? If it is difficult to centralize.
- **OK** - Use link (encrypted) for verification
- **OK** - Use the name of the user since we have 160 chars

BUG – Forgot password –reset password – see next slides – NOT fixed

The problem

- 1) The email look is still not correct... eg. The finger is in wrong position, distance between logo and text is not ok.

The Solution

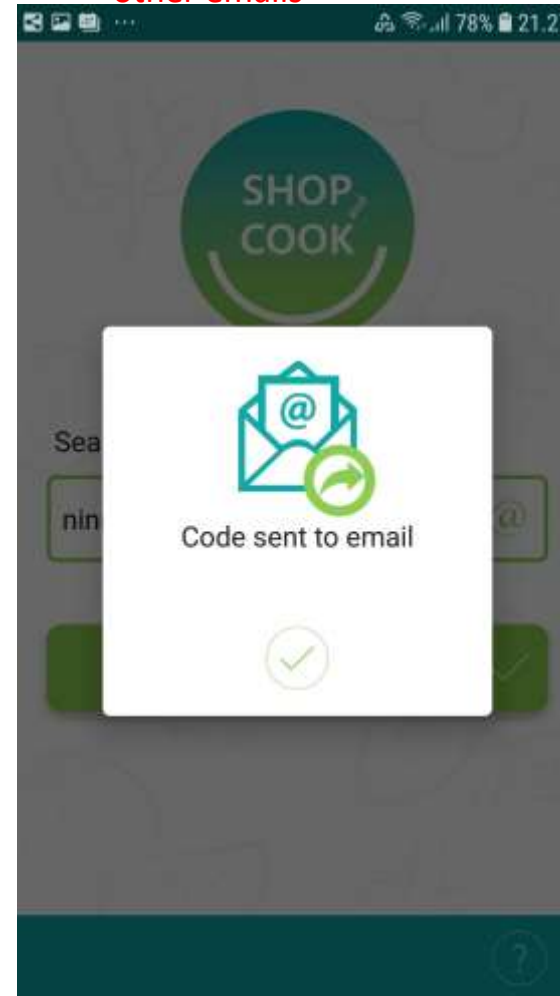

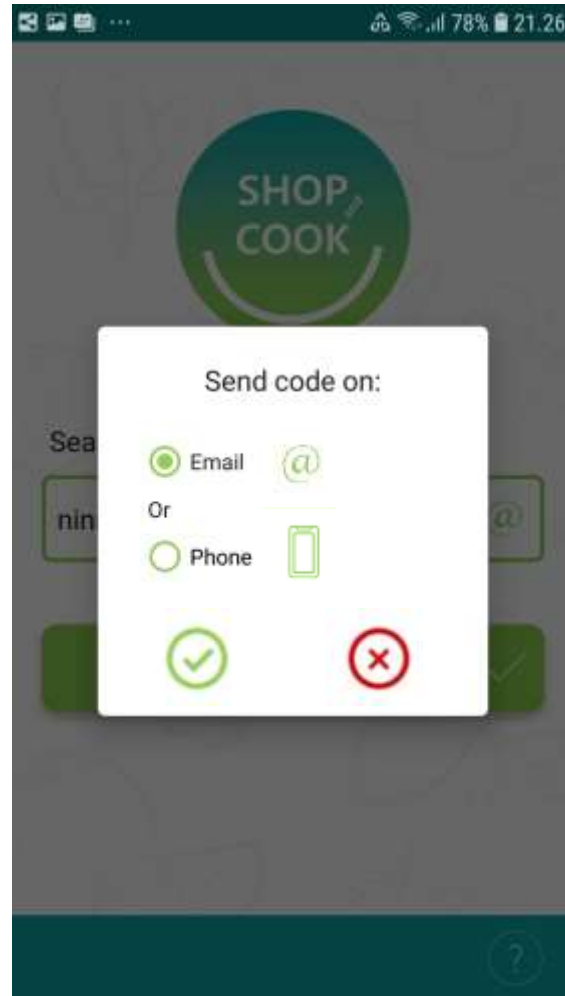

- 1) Please check up with ALL emails to make sure these kind of bugs are solved. If you dont know what we mean, please send an example of all emails to info@dailytools.dk and mark the topic emails in the app, and we will have an online meeting about this.

BUG – Forgot PW - Reset password- OLD 16.9.20

- **The problem**

Wrong text

Wrong popup

- **The Solution**

1) OK - Remove the text: Search for account

2) OK - Change the text in the green button to:

English: Reset password

Danish: Nulstil password

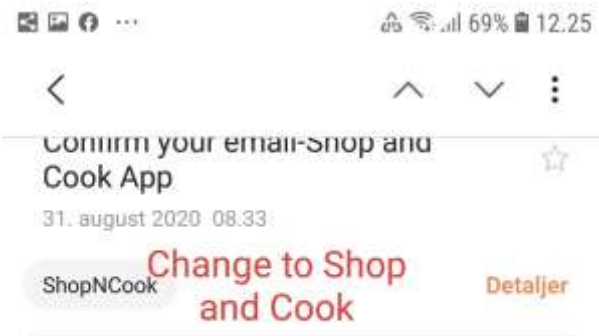

3) OK - Change the popup as shown

4) Change the email (OK -hand), make the logo smaller as in other emails

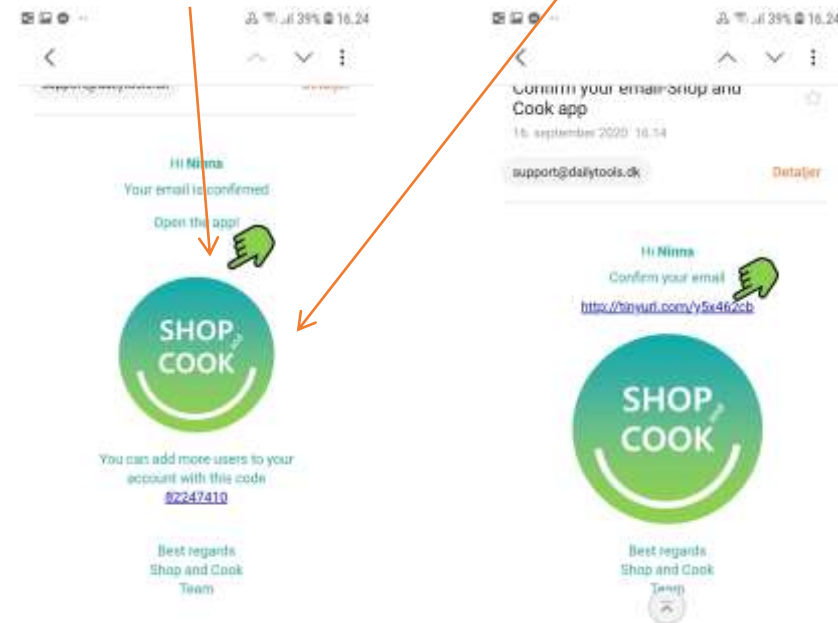

BUG Registration – Ninna - OLD

- The problem

- The Solution

- 1) OK - Change the sender name to: Shop and Cook
- 2) The line around the finger shall be thinner.
- 3) OK - Ask your designer to create a usable pointing finger (vector graphic?)
- 4) Ok- Move logo up so the space between the link and the "Best regards" are the same
- 5) Make the logo a little smaller like this
- 6) Move the hand a little to the right and move the logo up so the space between the text lines are the same

Test / bugs APK – 4.10.20 – 3

BUG – Disclaimer – tts – Not fixed 29.10.20

- **The problem**

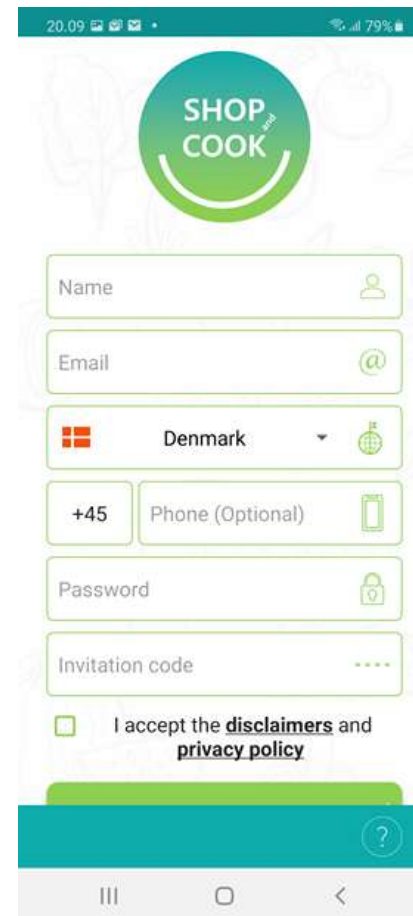

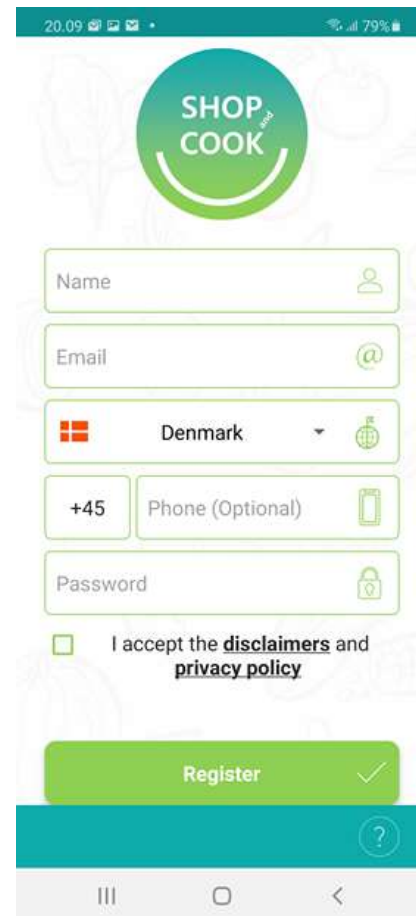

- 1) The icon for text to speech (tts) is in a wrong position
- 2) The header Privacy policy is wrong position and wrong name

- **The Solution**

- 1) OK - Move the tts icon up
- 2) OK - Move the header text to the left (remove space).

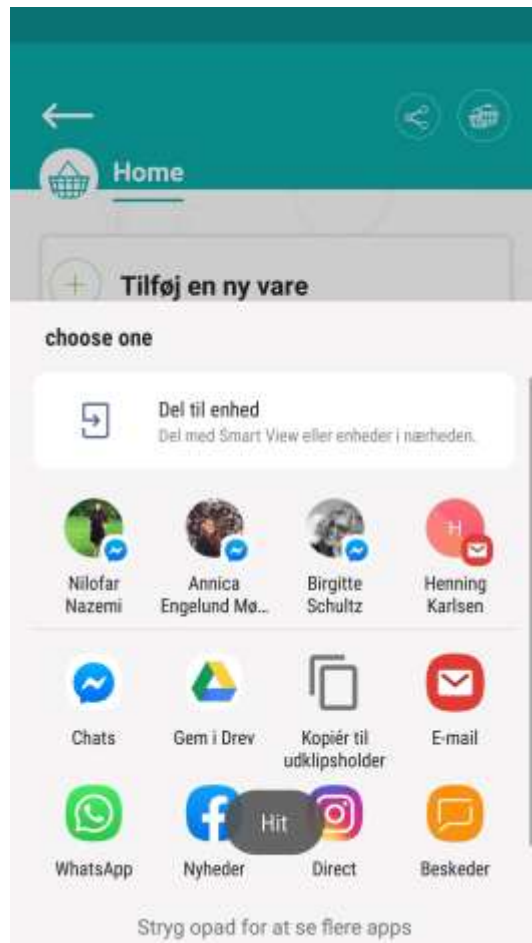

Disclaimer shall be called Terms of use everywhere where it is mentioned in the app. We will fix it in the text

BUG Sharing list – Ninna – NOT fixed

- **The problem**

- 1) Sharing with eksternal contact is not working – Receiver just gets an email – How can I see who i shared with?
- 2) Email text and look is wrong
- 3) SMS
- 4) The app goes back to sharing

BUG – Verification promo code – NOT fixed

• The problem

- 1) Emails send from the app are still different in appearance
- 2) The pointing finger is in wrong position

• The Solution

- 1) Please check all emails being send from he app and make sure that they are the same in design, logo position and size.
- 2) Make sure that **in all emails** the pointing finger is in the correct position = pointing at the link or logo or whatever is the idea of pointing

Test / bugs APK – 4.10.20 – 2

BUG Sharing list – Ninna – Question for Hammad??

- **The problem**

- 1) Did you redesign this icon in a graphical program? "Add product to...."
- 2) The X icon looks like it is handmade

- **The Solution**

- 1) **We need to be sure that all icons belongs to us – how ??**

Hammad will add a paragraf to the agreement that this is Imed Health' responsibility
DT need to check if this legally holding – DT are the responsible for the app.

- 2) **OK - Make the X icon nicer**

BUG Settings – purchase – Not fixed

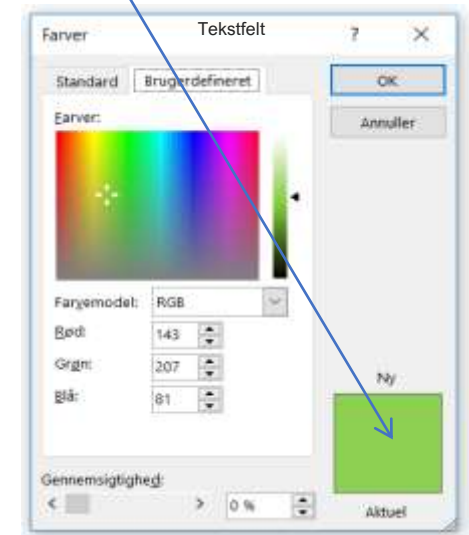

- **The problem**

- 1) The icons design is not correct. The line is too thin compared to other icons.
- 2) The icon color is wrong
- 3) The menu text **Kokkeskolen** is wrong
- 4) The icon for subscriptions is wrong

- **The Solution**

- 1) OK - Change the icons line to the same thickness as others. The shopping basket icon line is ok.
- 2) OK - The icon color should be green
- 3) OK - Change the text **Kokkeskolen** in the menu to:
English: Videos
Danish: Videoer
- 4) The icon for subscriptions shall be as decided in the design guidelines. Like this with the same line thickness:

Test / bugs APK – 4.10.20 – 1

BUG Registration – Ninna – OLD bug – NOT solved everywhere

• The problem

- 1) The emails are not looking the same
- 2) The sender name is wrong
- 3) The header in the welcome mail is wrong
- 4) The pointing hand is wrong

support@dailytools.dk

OK -4) Make the pointing hand like this

BUG Registration – Ninna New – Not solved everywhere

Problem:

Solution: ???

1) Same as the previous slide

BUG Register – Not answered yet

Slide 6: Point1: required discussion

• The problem

1)

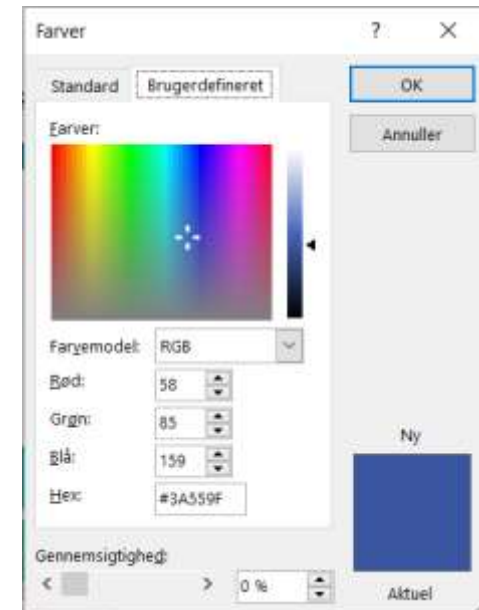

2)

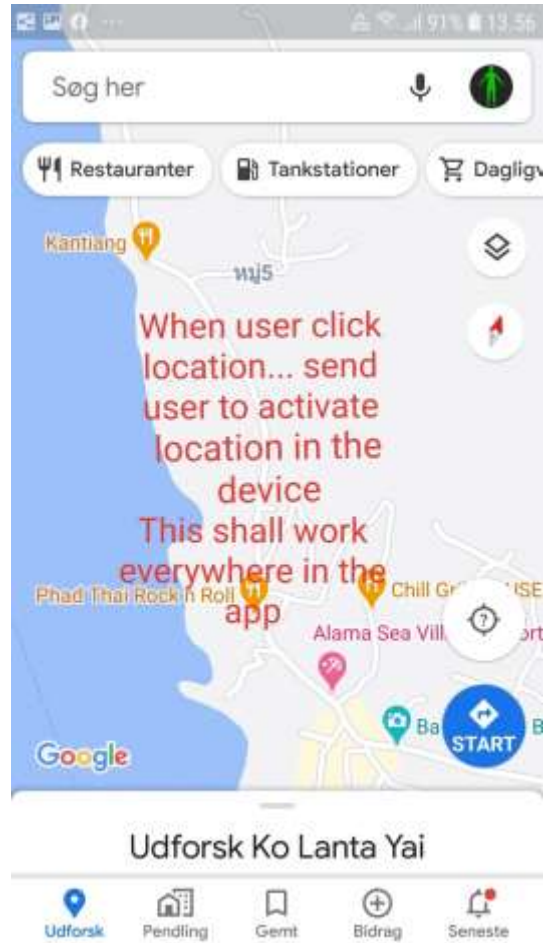

• The Solution

- 1) How can I as a child login with promo code and Facebook??
- 2) OK - The Facebook field shall be with rounded corners
- 3) OK - Change the color of the Facebook field as shown
- 4) OK - Move the Facebook icon to the right aligned with the other icons
- 5) OK - Change the Facebook icon to the one shown here

BUG location – NOT fixed – DT will discuss and come back

Problem:

Solution:

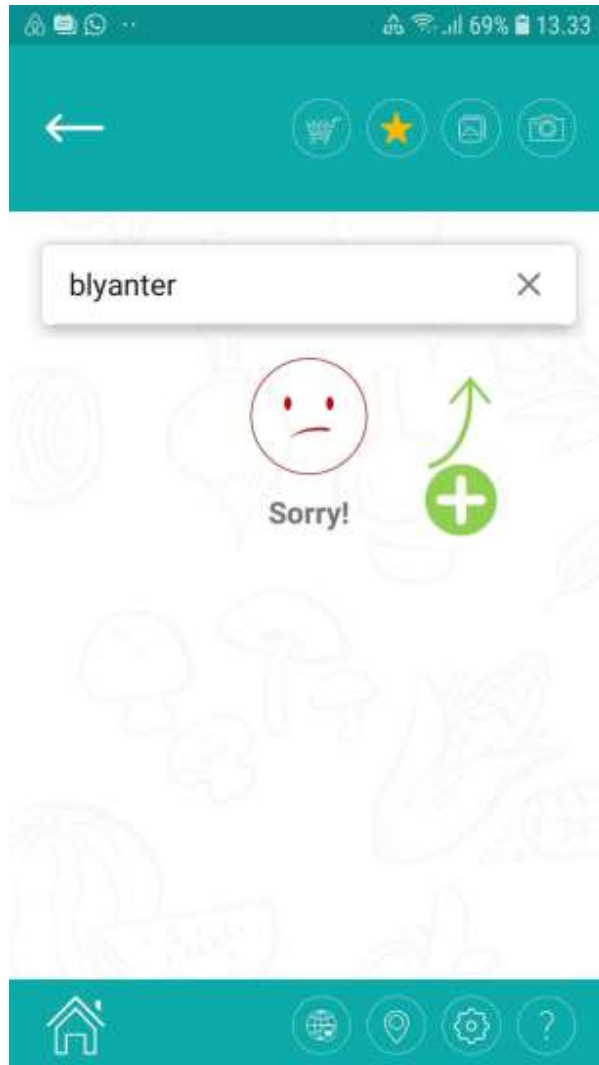

- 1) When user login and enter the app and clicks on location anywhere in the app, ask the user to activate the location in the device, if not already activated.

When user leave the app = inactivate the location in the device again. Very important!!

BUG Shopping list – no product found – NOT fixed – 29.10.20

- The problem

This picture need to be changed

- The Solution

Same functionality as before but another text and picture

OK- English: Sorry! We don't have this product

OK - Danish: Øv! Den vare har vi ikke.

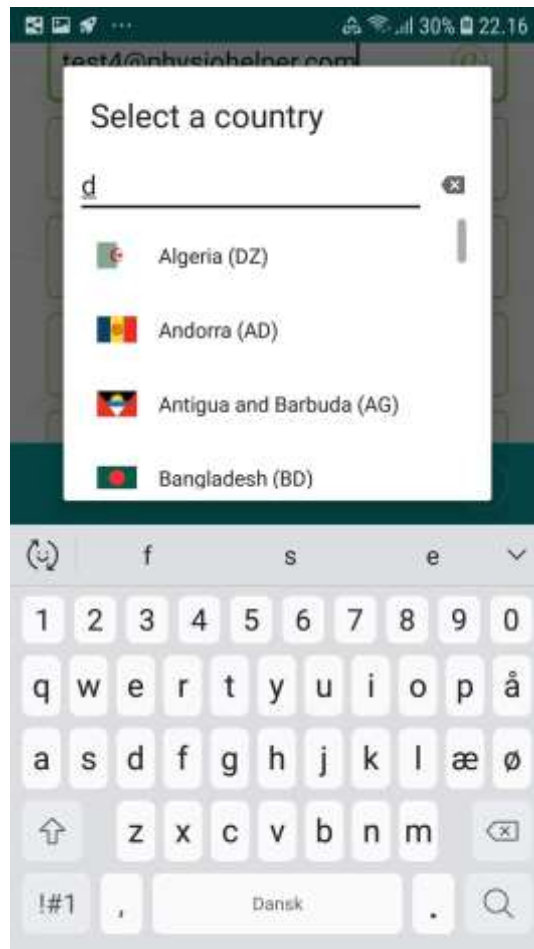

BUG - Register – select country – NOT fixed – 29.10.20

Problem:

- 1) When user type a letter in the country field the list is NOT scrolling down to countries starting with that letter

Solution:

- 1) Make sure that the list of countries jump to the letter user write in the field

Hammad will make some research to find another list

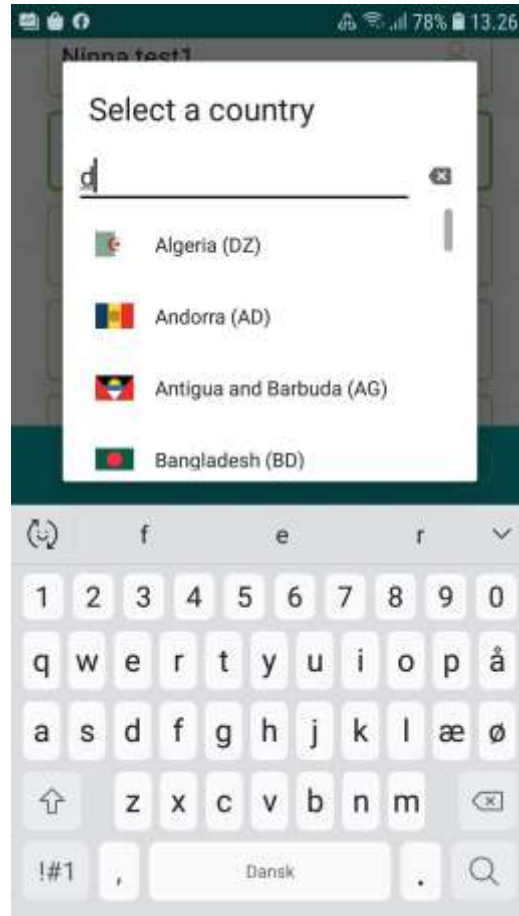

Fixed
;-)

BUG Register – Ninna

- **The problem**

- 1) The country drop down list in register is in a wrong language
- 2) The corners of the drop down list is not rounded

- **The Solution**

- 1) OK - Make the drop down list in the device language when user register
- 2) OK - Make the corners of the drop down list rounded as else where in the app - not possible

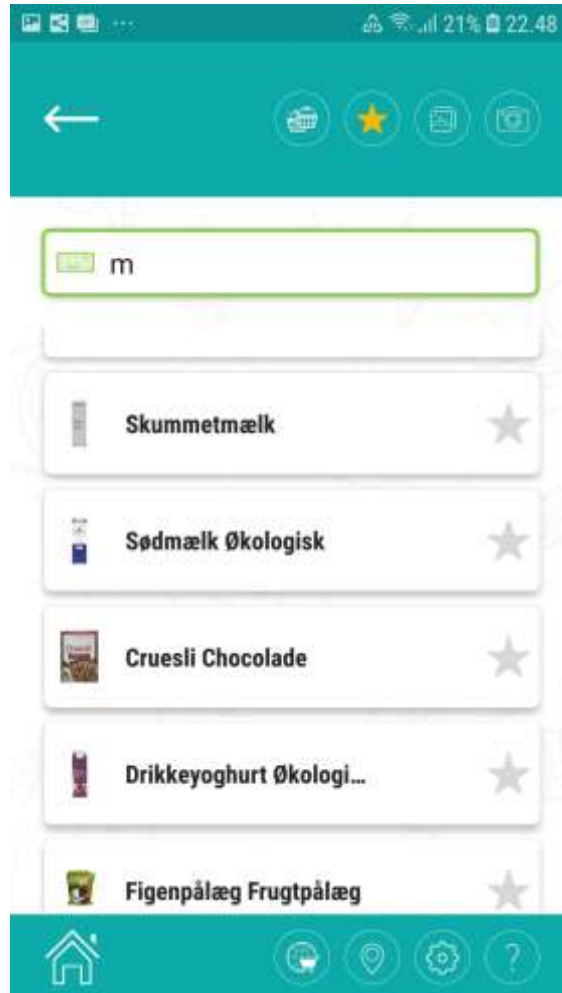

BUG Shopping list – Keyboard and sorting

- **The problem**

- 1) In keyboard mod i typed M – the sorting is wrong
- 2) Some items came up without M

- **The Solution**

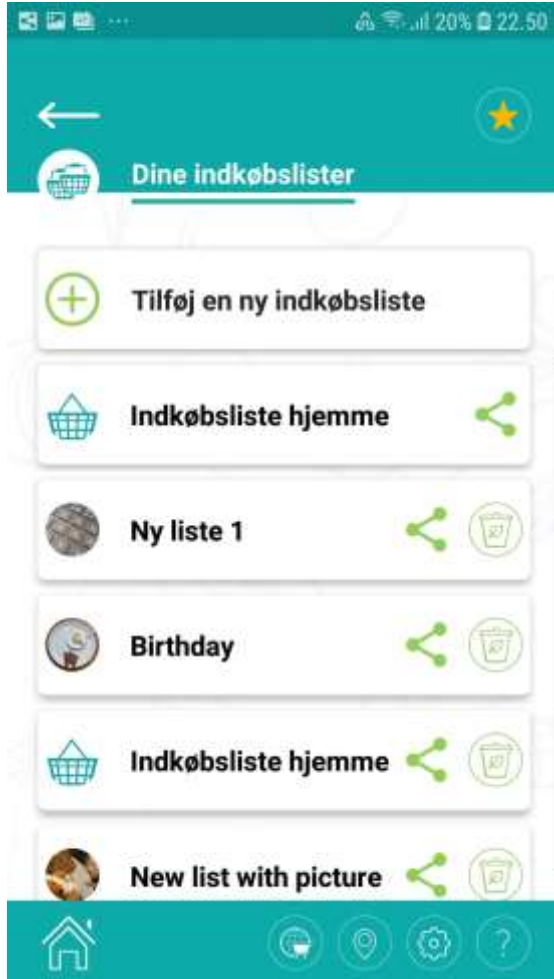

- 1) OK - The list shall be sorted alphabetic
- 2) OK - The list shall only include items with M in the name

BUG Shopping list – sharing

• The problem

- 1) Home shopping list appear 2 times and list is not shared anymore
- 2) When user share the home shoppinglist and click unshare and share again the home list keeps being added to the shared with

• The Solution

- 1) I dont know how to solve this
- 2) The list shall only appear once

Slide 17: It is explained previously Every when a user this list with any other use provided by client both list will be visible there is two home list. i.e.
Hammad has default list "Home shopping list"
AbdulRehman also have default "Home shopping list"
Hammad, AbdulRehman will see two "Home shopping list"
1. His own default list
2. Shared list by Hammad

BUG Disclaimer and terms of use

Problem:

- 1) The text is wrong – shall be changed
- 2) The green button is too close to the footer

Solution:

- 1) The text shall be:
English: I accept the disclaimer and terms of use
Danish: Jeg accepterer ansvarsfraskrivelse og brugervilkår

- 2) The green button shall be moved a little up

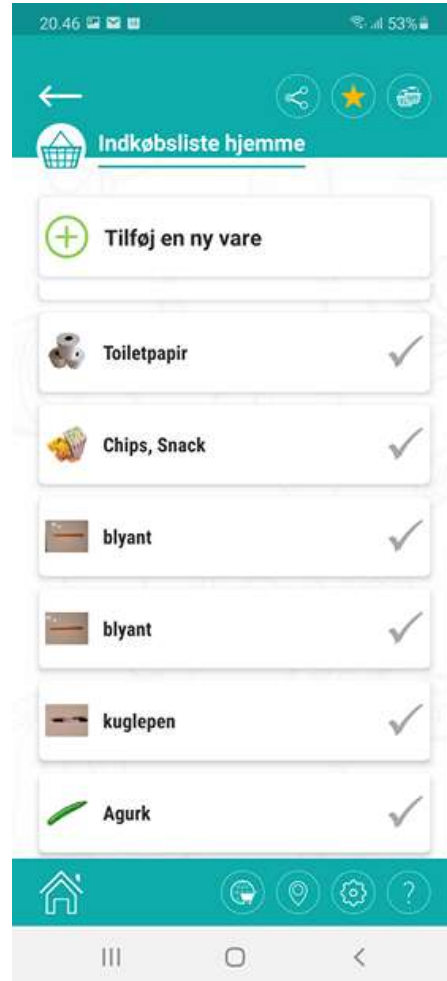

The screenshot shows a mobile app registration form. At the top is a green circular logo with the text 'SHOP COOK'. Below the logo are several input fields: 'Navn' (Name), 'E-mail', 'Land' (Country) with a dropdown arrow, '+ Telefon (Valgfrit)' (Optional Phone), and 'Password'. Below these fields is a checkbox and the text 'Jeg accepterer ansvarsfraskrivelse og privatlivspolitik'. At the bottom is a green button labeled 'Opret' (Create) with a checkmark icon. A blue arrow points from the 'Solution' text to the checkbox area, and an orange arrow points from the 'Solution' text to the 'Opret' button. The bottom of the screen shows a teal bar with a question mark icon and a white bar with standard Android navigation icons.

BUG – Shopping list - Add a photo

- **The problem**

- 1) When adding a photo from camera the photo is being turned in the shopping list
- 2) Products added from camera and gallery are shown with a small starting letter in the name

- **The Slution**

- 1) **OK** - When user take a photo and add it to the shopping list it shall be shown in the same direction as when it was taken
- 2) **OK** - The name of products added by user from camera or gallery shall always start with a capital letter

BUG Email design – Not fixed – 29.10.20

Problem:

- 1) The emails being send to users are still not correct: sender name, the pointing hand, logo size....

Solution:

OK - Please send us an exsample of all email types, so that we can get rid of this bug

BUG Shopping list – add product speech

• The problem

- 1) The text in the header is wrong
- 2) The icon in the header is wrong

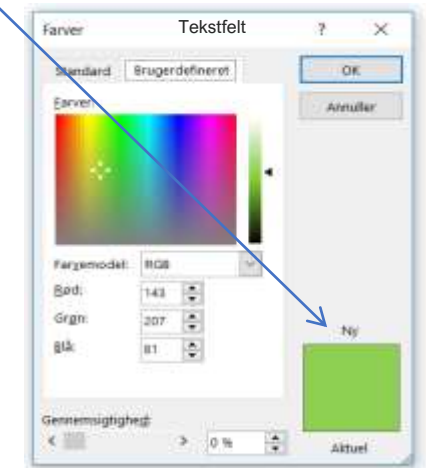

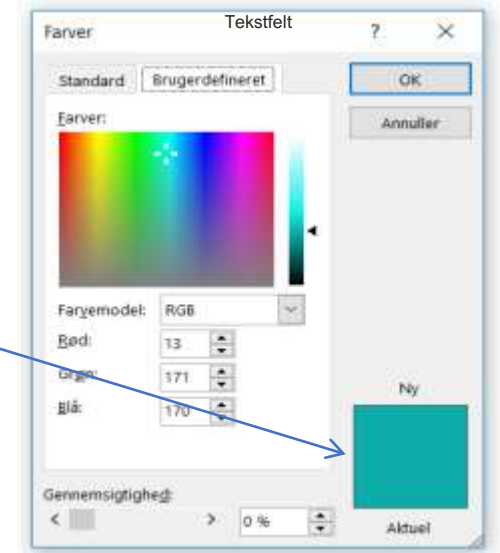

• The Solution

- 1) OK - The text shall be:
English: Add a new product
Danish: Tilføj en ny vare

- 2) OK - The icon shall be, blue:

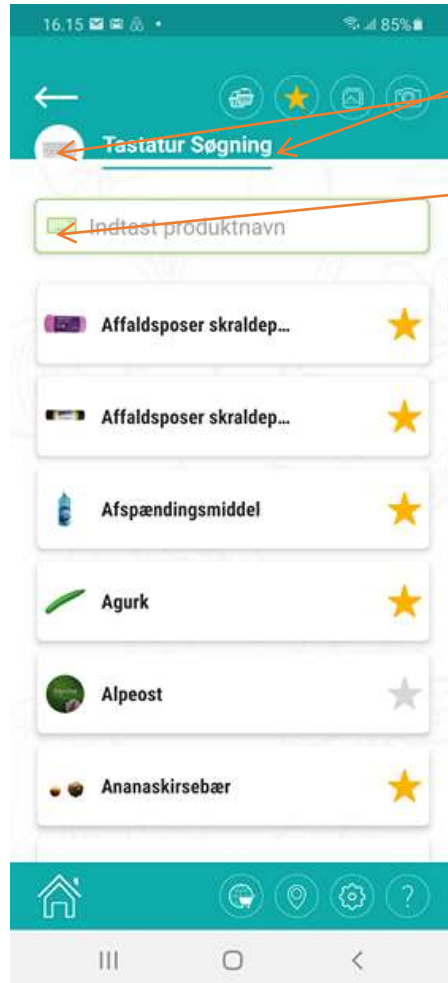

- 3) OK - The icon shall be green

BUG Shopping list – add product keyboard

• The problem

- 1) The text in the header is wrong
- 2) The icon in the header is wrong

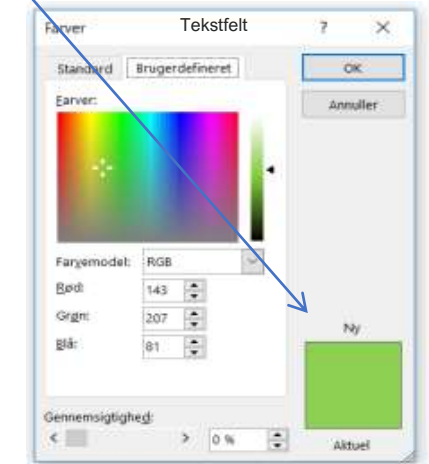

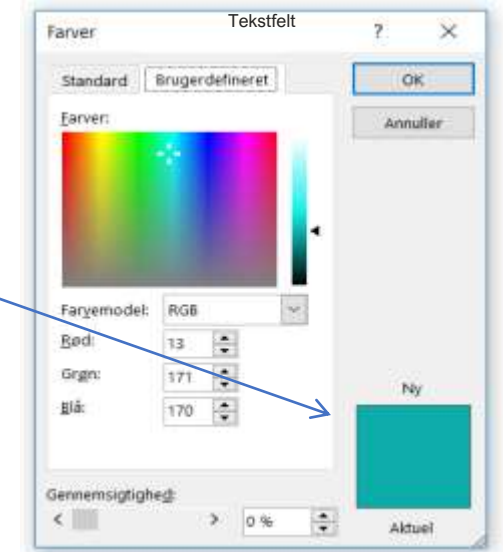

• The Solution

- 1) OK - The text shall be:
English: Add a new product
Danish: Tilføj en ny vare

- 2) OK - icon shall be, blue:

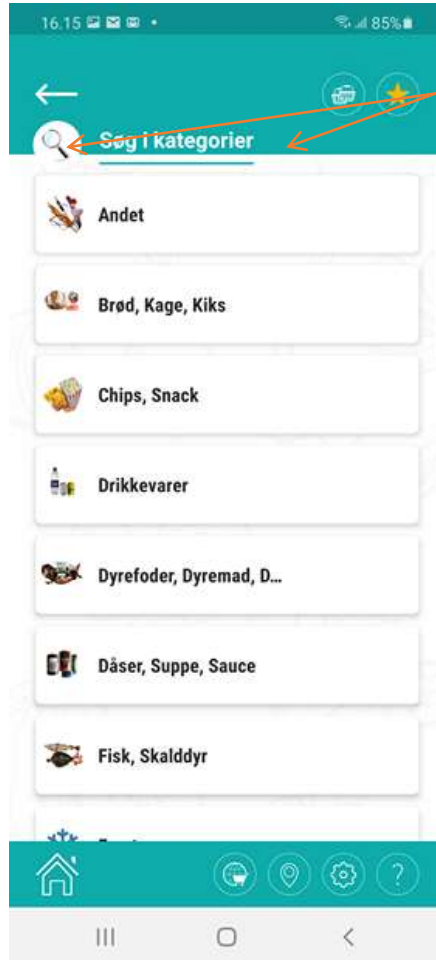

- 3) OK - The icon shall be green:

BUG Shopping list – add product Search categories

- **The problem**

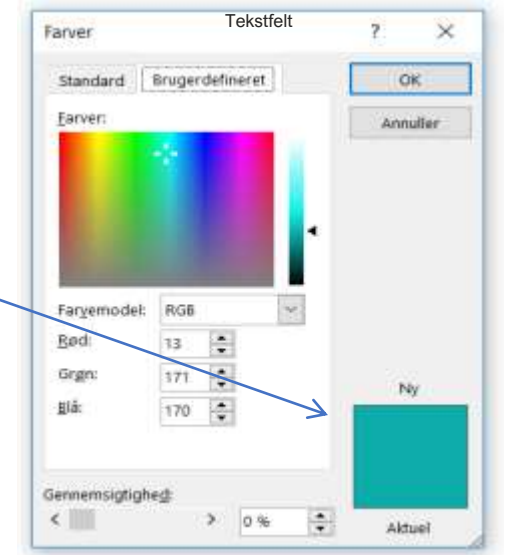

- 1) ~~The text in the header is wrong~~
- 2) The icon in the header is wrong

- **The Solution**

1) ~~The text shall be:~~

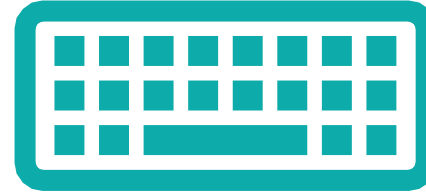

2) OK - The icon shall be, blue:

Icon for Search:

Icon for keyboard:

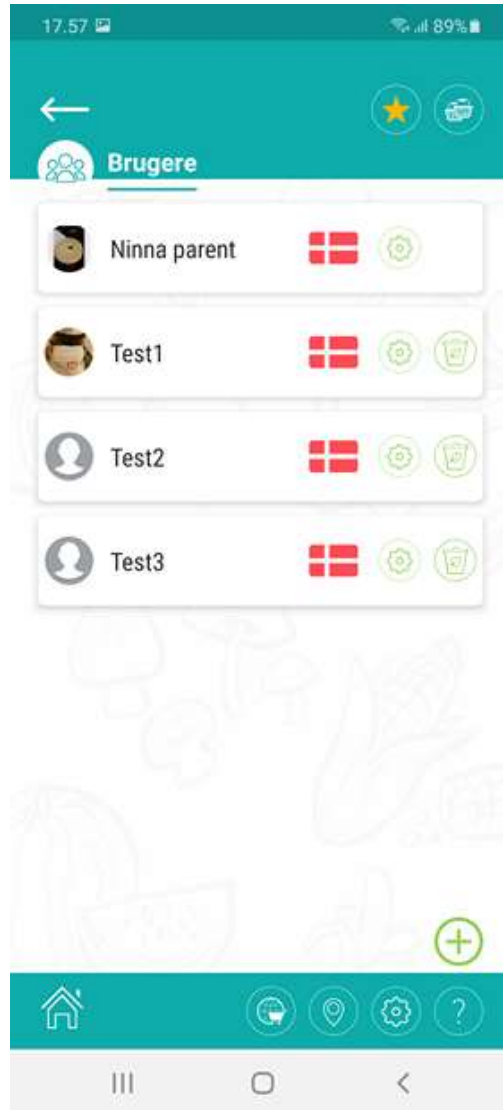

Icon for Speech:

~~BUG – Users list settings~~

The problem

- 1) The settings are shown and clickable for all users. This is very wrong.

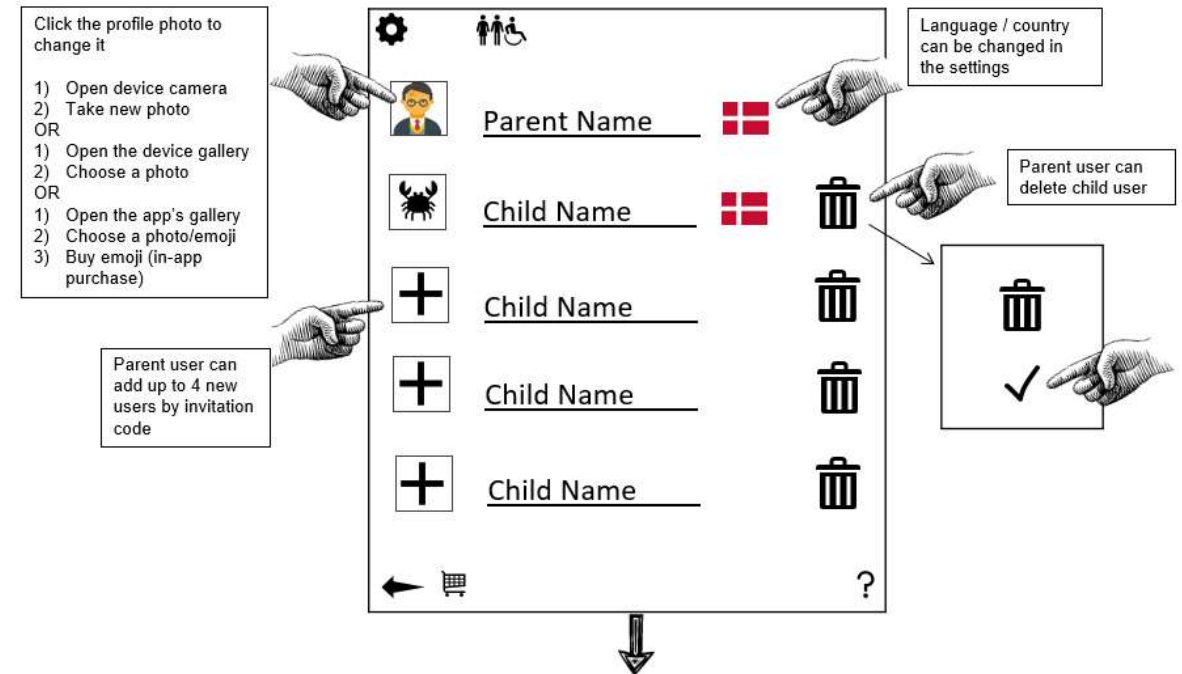

OK

The Solution

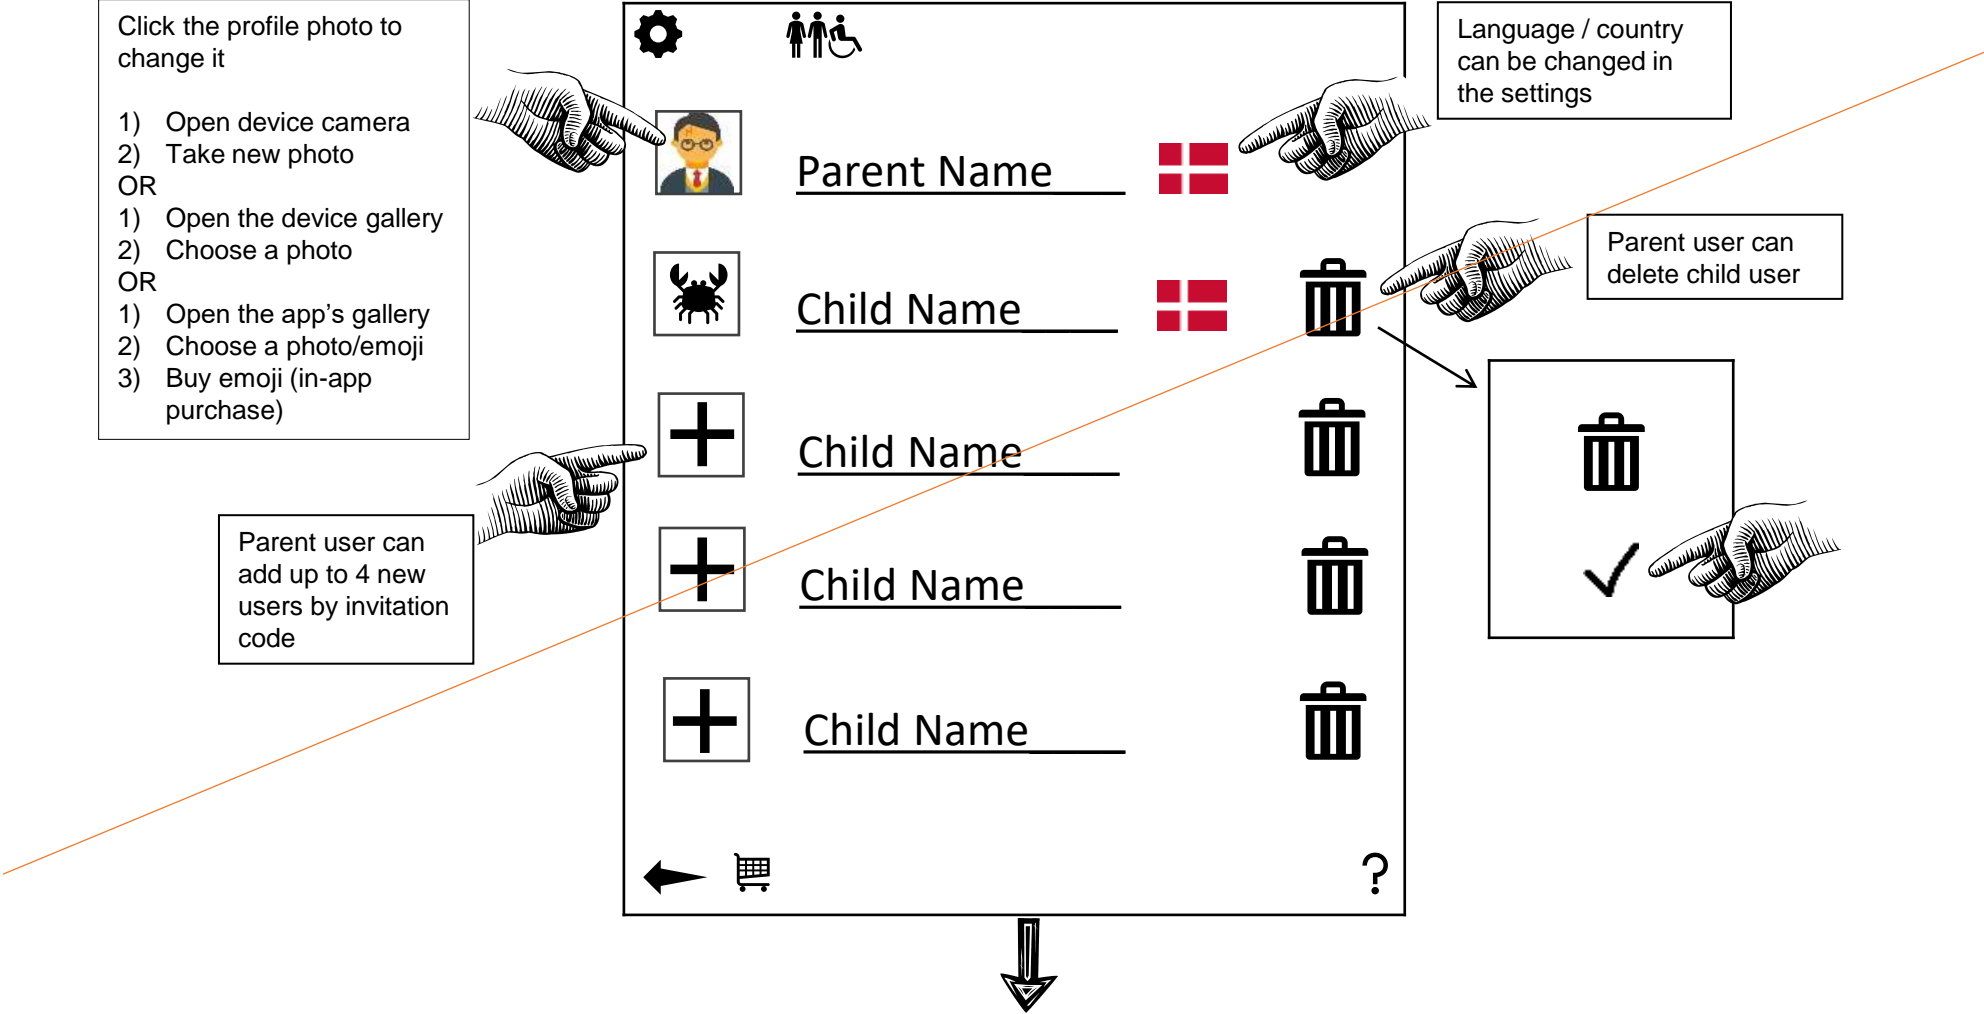

- 1) ~~User shall only be able to see and edit her own settings. See user stories below:~~

DT will get back with this – we keep it as it is now

User settings - All users (Done)

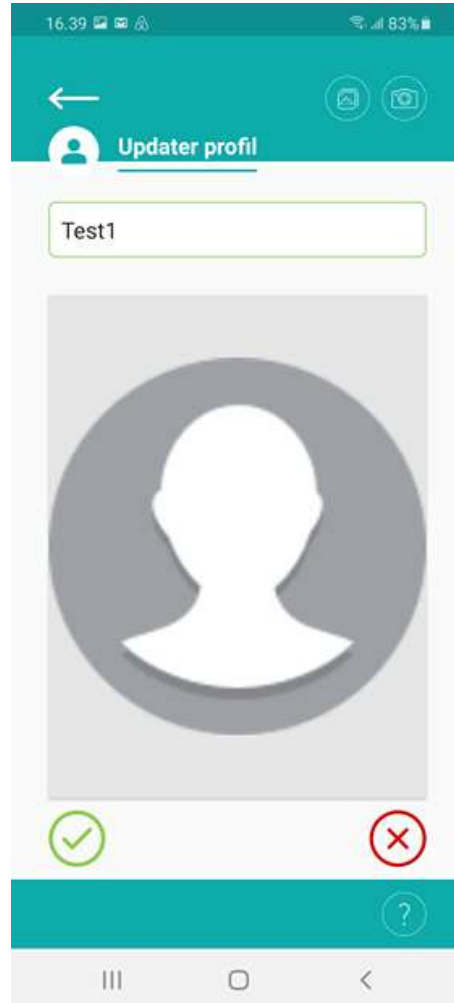

User settings - All users (Done)

BUG – user settings – profile picture

The problem

- 1) The header text is wrong

The Solution

- 1) OK - Change the text in the header for profile picture to:
English: Profile picture
Danish: Profil billede

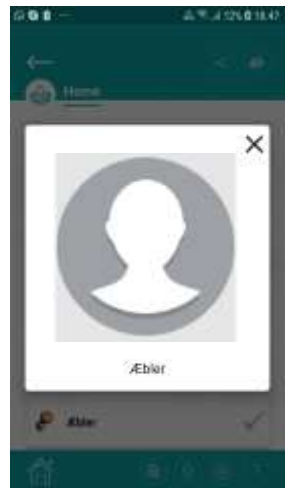

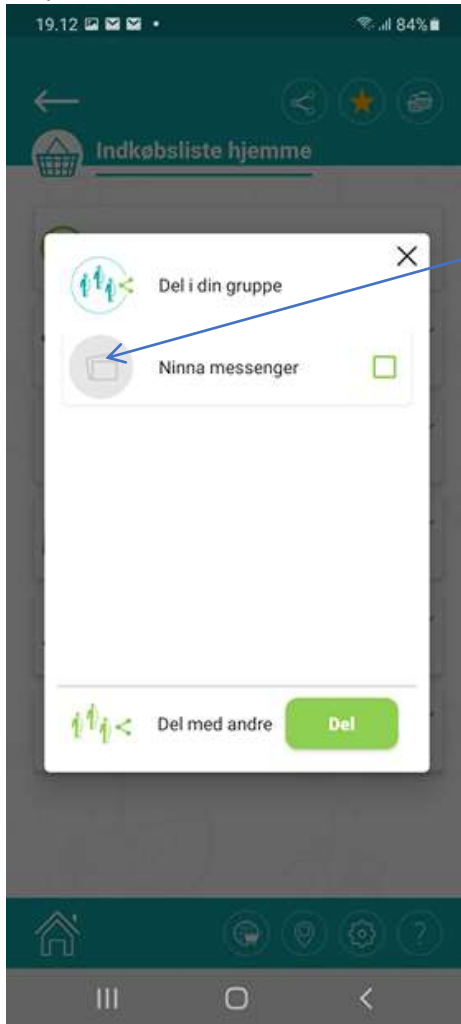

BUG – Sharing – profile picture

The problem

- 1) The profile picture is missing in the list of child users when sharing
- 2) User shall be able see a larger picture

The Solution

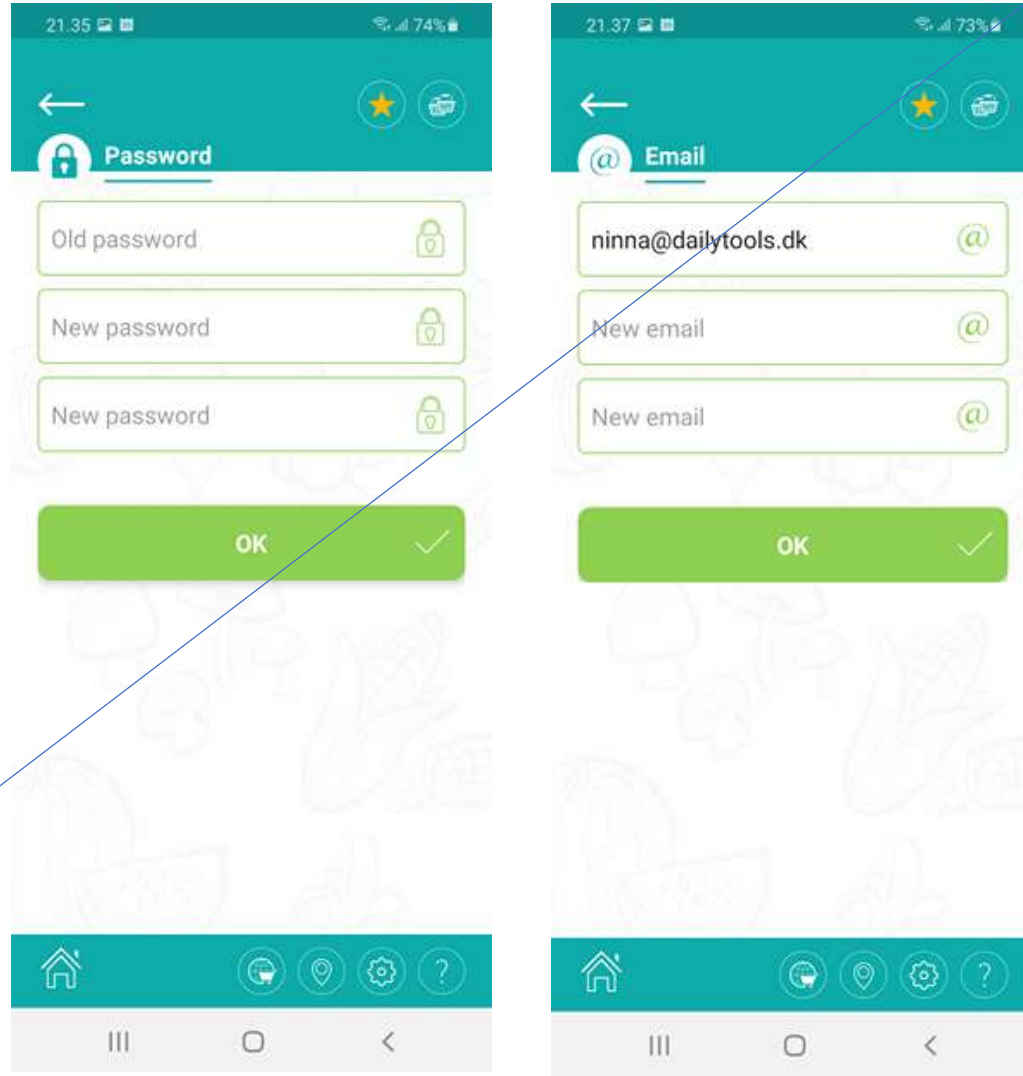

- 1) **OK** - Make sure that users profile picture allways is shown everywhere in the app
- 2) ~~Make sure that when user clicks on the profile picture that a larger picture is shown (zoom) like in the shopping list when click on an items. Show the user name under the picture. Make a x in the upper right corner to close the picture.~~

BUG – Settings – ~~change password~~ – e-mail

The problem

- 1) ~~The text in the fields is in wrong language~~
- 2) E-mail logo is very bad (the line is not solid)

The Solution

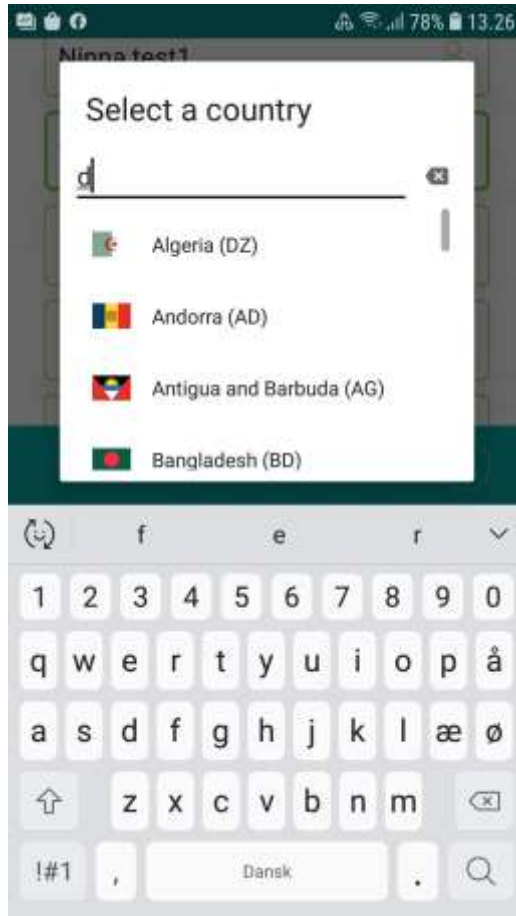

- 1) ~~Make sure that text always is in correct language (should be in Danish in this case)~~
- 2) OK - Make the e-mail icon nicer

BUG Register – Ninna

• The problem

- 1) The country drop down list in register is in a wrong language
- 2) The corners of the drop down list is not rounded

• The Solution

- 1) OK - Make the drop down list in the device language when user register. Otherwise the the user cannot find the right coutry in the list.
- 2) OK - Make the corners of the drop down list rounded as else where in the app

BUG Register - Ninna

- **The problem**

- 1) The name field did not turn red, when user click register

21:50 67%

SHOP COOK

ninna@dailytools.dk

Denmark

+45 21914545

Abcdefg1

☒ Jeg accepterer ansvarsfraskrivelse og

Opret

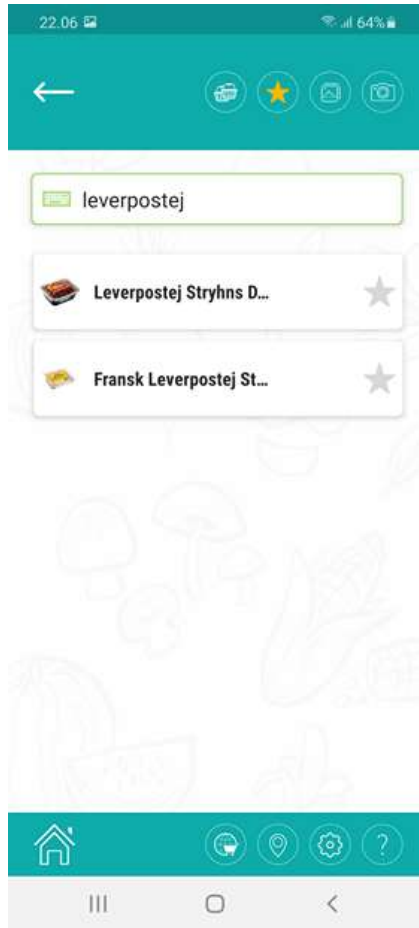

- **The Solution**

- 1) OK - The fields shall always turn red if user dont type anything

BUG Shopping list – add product speech

- **The problem**

- 1) The icon in the field is wrong when using microphone

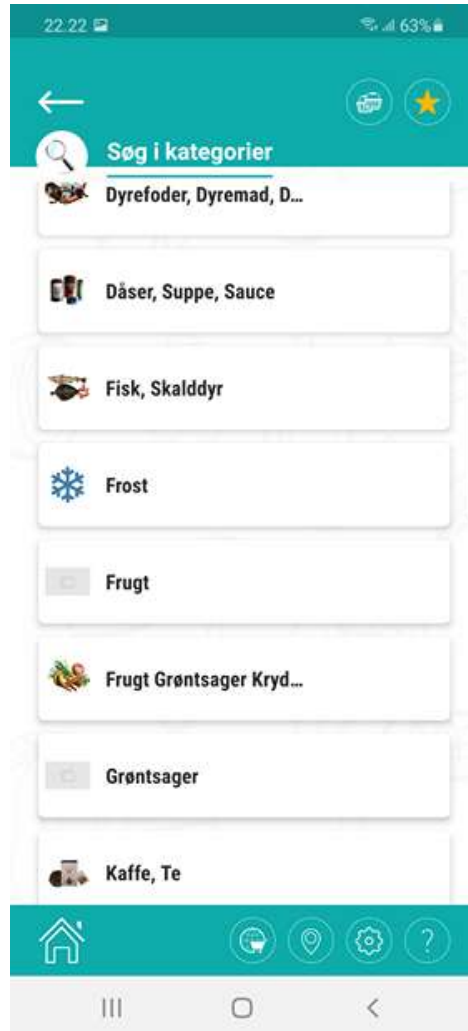

- **The Solution**

- 1) OK - The icon shall be a microphone when user search from microphone/speech – not a keyboard

BUG Shopping list – add product search

- **The problem**

- 1) It is not possible to delete a category in the admin

- **The Solution**

- 1) **OK** - Make sure that it is possible to delete a category in admin panel eg. Fruit and herbs – **Hammad will fix this**

BUG – Share shopping list – Popup

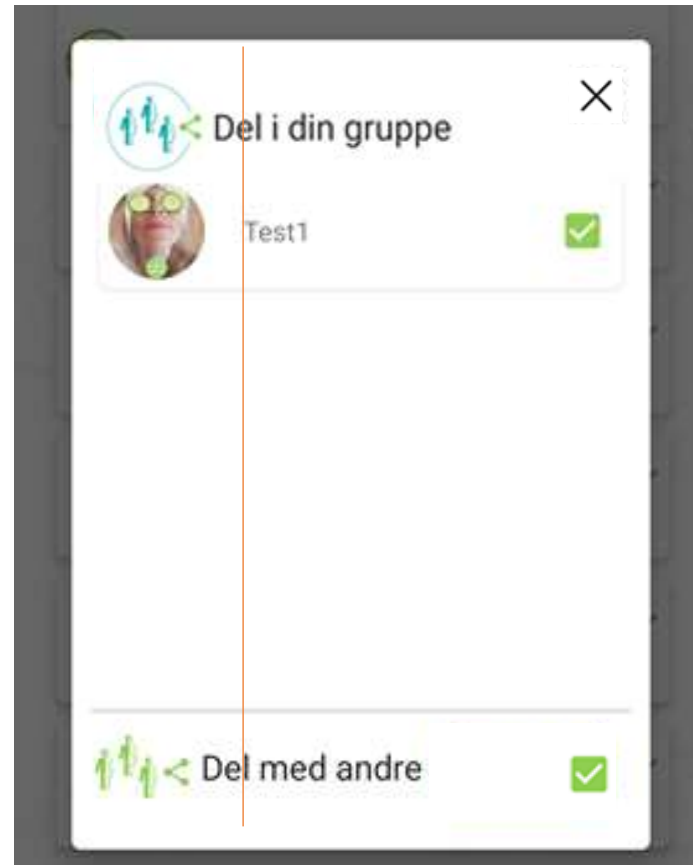

The problem

- 1) The share button shall be changed
- 2) The text shall be moved
- 3) The x is too big and in a wrong position
- 4) The share in group is placed too high in the screen

The Solution

- 1) OK - Change the share button in the share outside group to a check sign like in the share in group. And place it in the same place.
- 2) OK - Move the text for share in group and share outside group to the position as marked, so it will be aligned with the user name. Make sure that the text is same size and color.
- 3) OK - Make the x smaller and move it up.
- 4) OK - The share in group shall be moved a little down

BUG – Sharing a shopping list

The problem

- 1) As a child user i shall be able to share within my group. Accept check sign is missing.

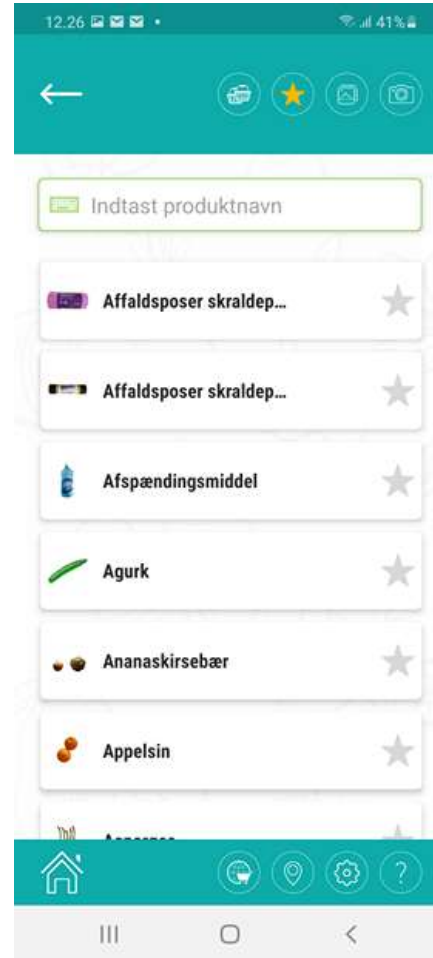

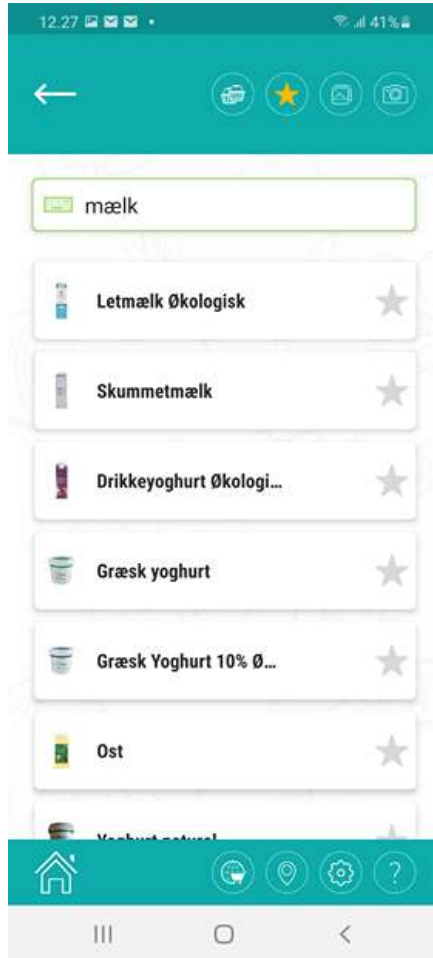

The Solution

- 1) **OK** - Add a green check sign so that user can accept the sharing of the shopping list

BUG – Shopping list - Header

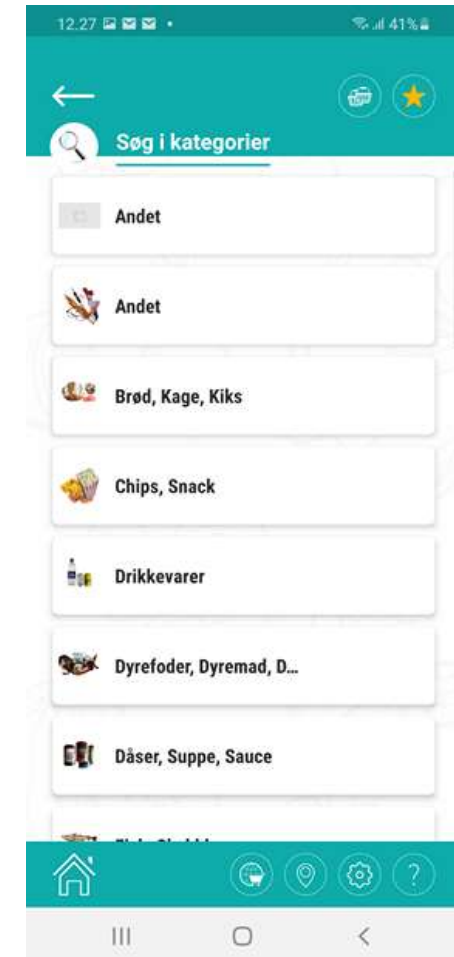

The problem

- 1) The header is missing for speech and keyboard search results

The Solution

- 1) OK - Add the header as else where in the app for both speech and keyboard search results

BUG – Screen in tablet and phone

- **The problem**

- 1) The screens are not locked in the right direction

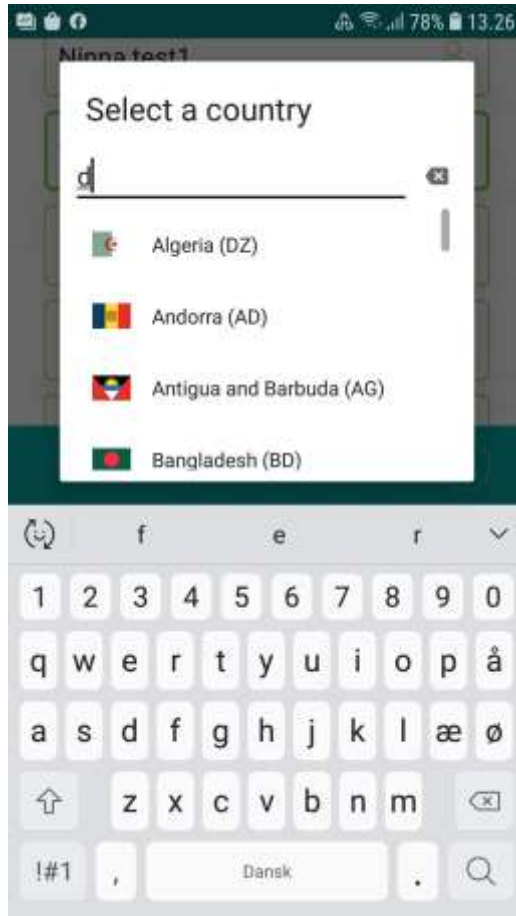

- **The Slution**

- 1) **OK** - The screens allover on Shopping part shall be locked in vertically view in both tablets and phones. The view in Cooking part shall be vertically except when videos are playing, it shall be horizontally.

BUG Register – Ninna

• The problem

- 1) The country drop down list in register is in a wrong language
- 2) The corners of the drop down list is not rounded

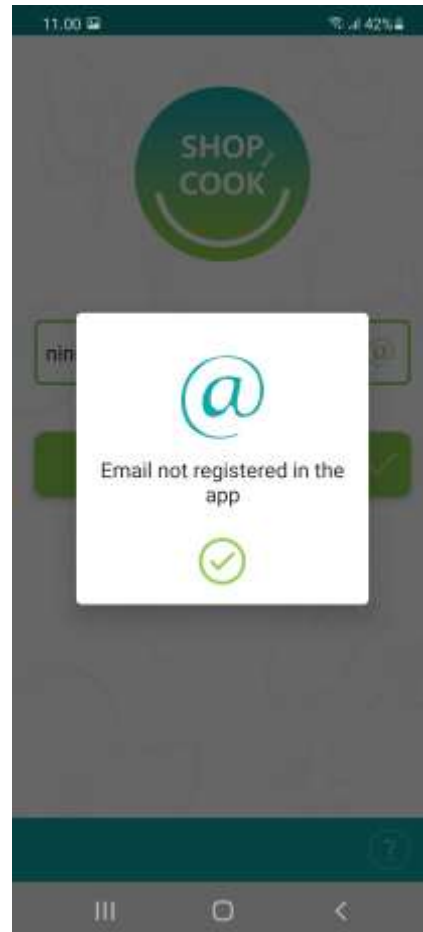

• The Solution

- 1) OK - Make the drop down list in the device language when user register. Otherwise the the user cannot find the right coutry in the list.
- 2) OK - Make the corners of the drop down list rounded as else where in the app

BUG – Forgot password

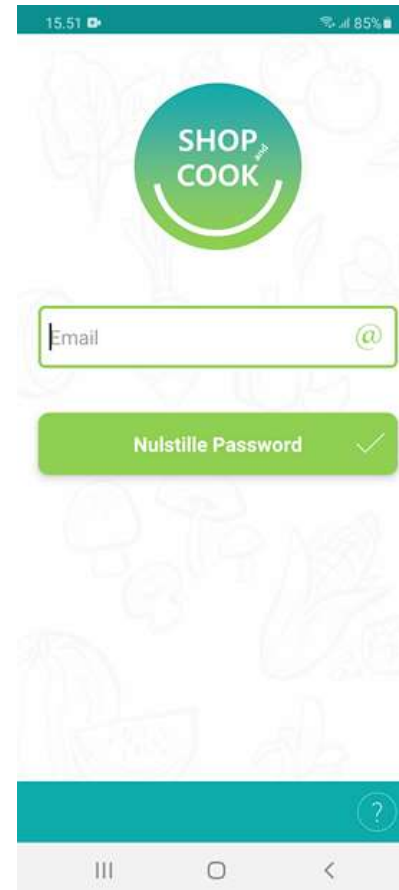

The problem

- 1) If user click forgot pw, but is not registered, user is not being sent back to register screen after click ok in the popup
- 2) The text in the green bar is wrong in Danish

The Solution

- 1) OK - User shall be send back to the register screen after click the green check in the popup
- 2) OK - Change the text according to the text document to:
Danish: Nulstil password

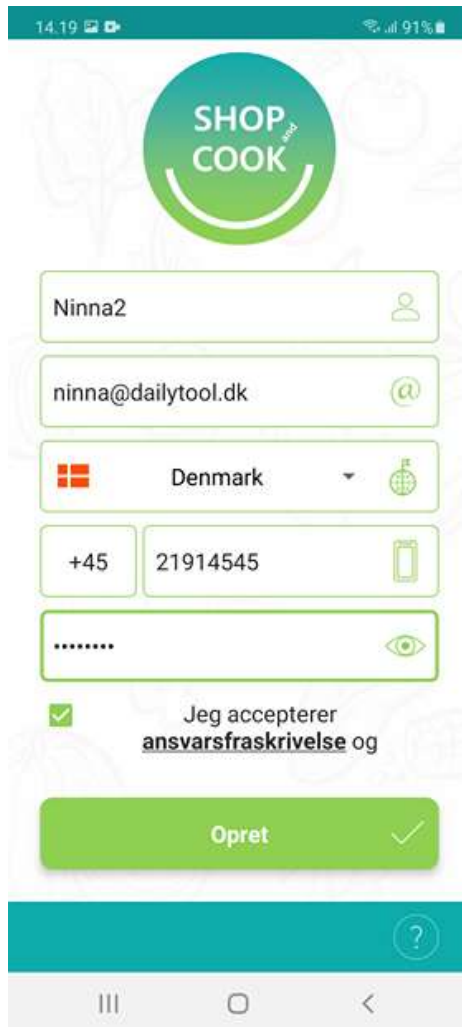

BUG – Register- disclaimer

The problem

- 1) User cannot see the whole text for checking off privacy and terms of use..

The Solution

- 1) OK - Make sure that user can see the whole text so that it is possible to click on both links

The screenshot shows a mobile app interface for 'SHOP COOK'. At the top is a teal status bar with the time '14:19', signal strength, and battery level '91%'. Below this is a circular logo with 'SHOP COOK' in white text on a green-to-teal gradient background. The registration form consists of several input fields: a username field containing 'Ninna2', an email field containing 'ninna@dailytool.dk', a country dropdown menu set to 'Denmark' with a Danish flag icon, a phone number field with a '+45' prefix and the number '21914545', and a password field with masked characters '.....'. Below the password field is a checkbox that is checked, with the text 'Jeg accepterer ansvarsfraskrivelse og' (I accept terms and conditions). At the bottom of the form is a large green button labeled 'Opret' (Create) with a white checkmark icon. The bottom of the screen features a teal navigation bar with a white question mark icon and a white Android-style navigation bar with three icons: a square, a circle, and a triangle.

BUG – Register - disclaimer

The problem

- 1) The check box is not turning red when user did not check it of

The screenshot shows a mobile app registration screen for 'SHOP COOK'. The form includes fields for username ('Ninna3'), email ('ninna@dailytools.dk'), country (dropdown set to 'Denmark'), phone number ('+45 21914545'), and password ('Abcdefg1'). Below the password field is a checkbox for accepting terms and conditions, which is currently unchecked. The text next to the checkbox reads 'Jeg accepterer **ansvarsfraskrivelse** og'. At the bottom, there is a button with the text 'Accepter venligst ansvarsfraskrivelse og fortrolighedspolitik'. An orange arrow points from the text 'The check box is not turning red when user did not check it of' to the unchecked checkbox.

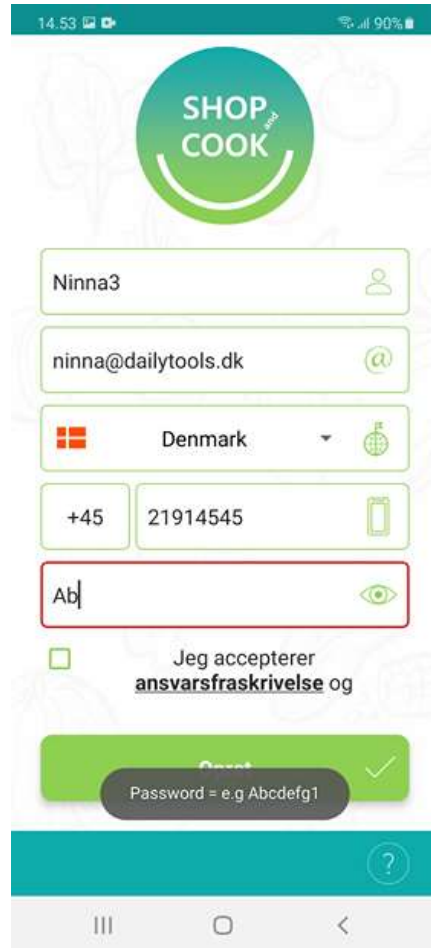

The Solution

- 1) **OK** - The check box shall turn red if user try to proceed register without checking of

BUG – Register - password

The problem

- 1) The popup text is in wrong

The screenshot shows a mobile app registration screen. At the top is a green circular logo with 'SHOP COOK' and a smiley face. Below it are input fields for: Username 'Ninna3', Email 'ninna@dailytools.dk', Country 'Denmark' (with a flag icon), Phone number '+45 21914545', and Password 'Ab'. The password field is highlighted with a red border. Below the password field is a checkbox labeled 'Jeg accepterer ansvarsfraskrivelse og'. At the bottom is a green 'Next' button with a checkmark icon. A dark grey popup box is overlaid on the 'Next' button, containing the text 'Password = e.g Abcdefg1'. The status bar at the top shows the time '14.53' and battery level '90%'. The bottom of the screen shows a teal bar with a question mark icon and a grey navigation bar with three icons.

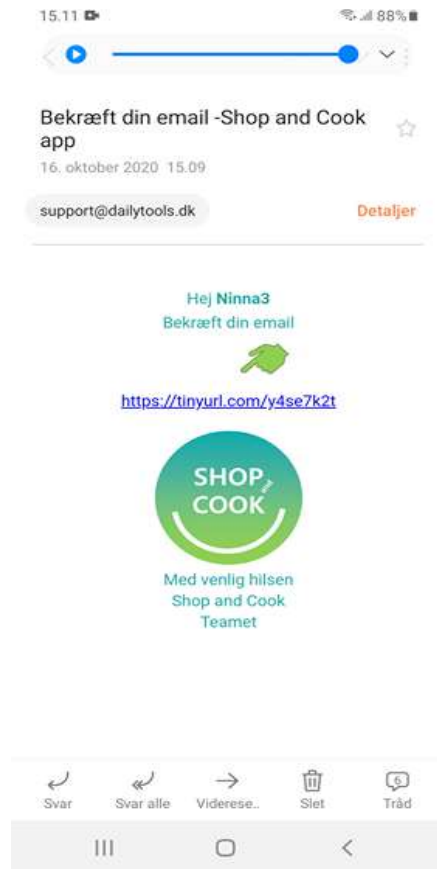

The Solution

- 1) OK - The popup text shall be:
English: Password = Eg.: Abcdefg1
Danish: Password = F.eks.: Abcdefg1

BUG – Register – verification

The problem

- 1) The popup text size and color is wrong
- 2) The popup background is wrong color
- 3) The link in the popup logo is not taking user to the app

The Solution

- 1) **OK** - The popup text shall be in the same size and color as the previous verification email
- 2) **OK** - The popup background skal show the previous screen (email) – not a purple background
- 3) **OK** - The logo shall contain a link so that when user click on it the app will open

BUG – Register – verification

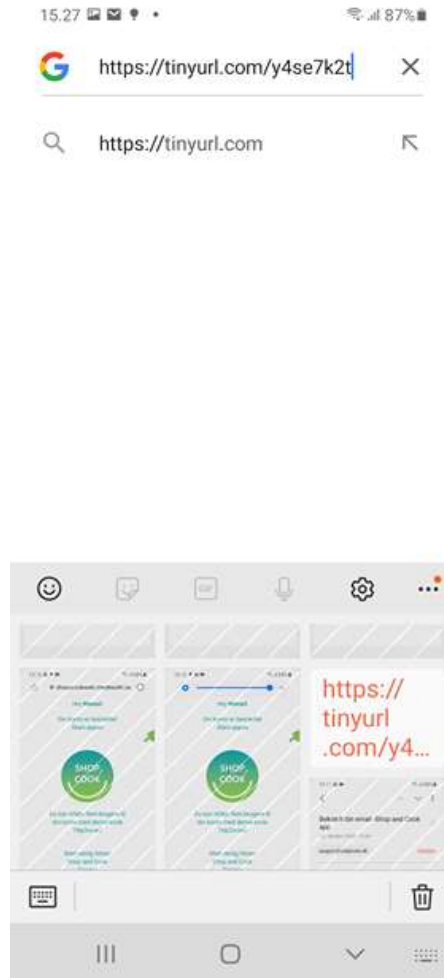

The problem

- 1) The verification code is not crypted i guess?

The Solution

- 1) OK - Make sure that the verification code is encrypted.

BUG – Register – verification

The problem

- 1) The text says: Your account is verified. Open the app. I could NOT open the app. Maybe we do not need these 2 steps, but only one of them??
- 2) The sender is wrong
- 3) The pointing hand is still not in the right position ;-(

The Solution

- 1) OK - Make sure that user can open the app when clicking on the logo. OK - And what do we do about this ??
- 2) OK - The sender name shall be the same as in all the other emails from app owner.
- 3) OK - Fix this now

OK - We need to see all emails – please send them in an email

BUG Registration – Ninna – OLD from 16.9.20

- **The problem**

When user try to login and is not registered with email and click forgot password

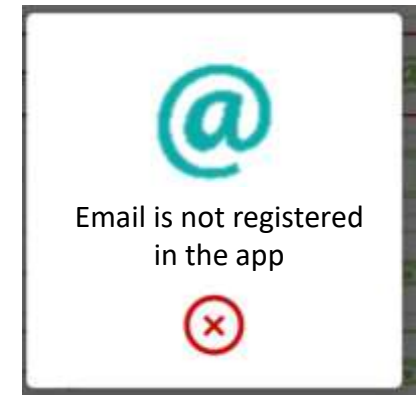

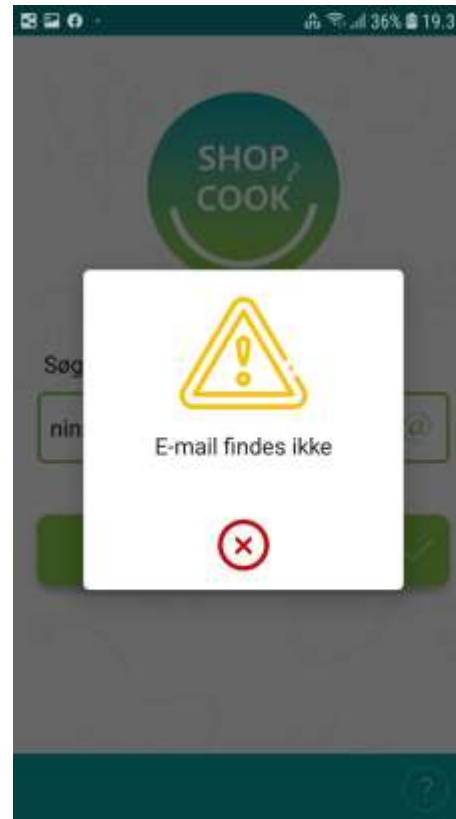

- **The Solution**

OK - 1) Change the popup to this.

OK - English: Email is not registered in the app
Danish: Email er ikke registreret i appen – The language shall be as device settings when user register

2) OK - Send user back to first screen to register –
Not working

BUG – Register – See also the next slides

The problem

- 1) Many things are NOT fixed

The Solution

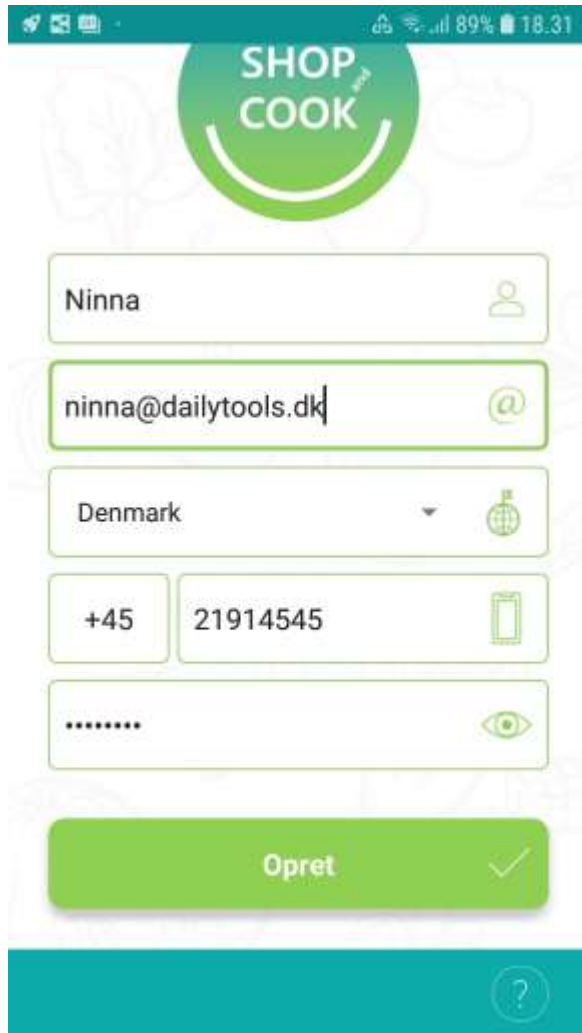

- 1) **OK** - Check up with the old test results from APK 15.9.20 email from 16.9.20 about register. Let us know if you have any questions.

BUG Registration – Ninna – OLD from 16.9.20

- **The problem**

The popup shall be changed

A screenshot of the registration form in the ShopandCook app. The form has a teal header with the 'SHOP COOK' logo. Below the logo are input fields for 'Ninna' (name), 'ninna@dailytools.dk' (email), 'Denmark' (country), '+45 21914545' (phone number), and a password field. At the bottom is a green 'Opret' button with a checkmark icon.

- **The Solution**

OK - Change the popup to:

OK - Make sure that the text messages is in the same language as everything else

A screenshot of the registration form with a confirmation popup. The popup is titled 'Bekræft dig på?' and has two options: 'Email' (with an '@' icon) and 'Telefon' (with a phone icon). The 'Telefon' option is selected. There is a green checkmark icon at the bottom of the popup. An orange arrow points from the text 'Add an "or" between the Email and Telefon' to the space between the two options.

Add an "or" between the Email and Telefon

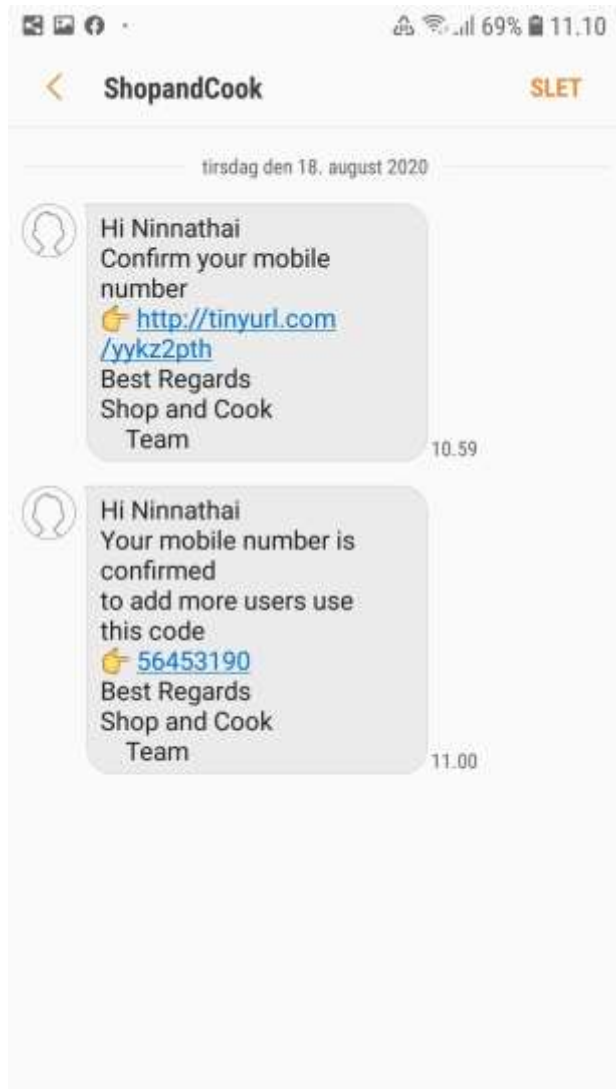

A screenshot of the registration form with a confirmation popup. The popup is titled 'Bekræft din telefon først' and has a green checkmark icon at the bottom. An orange arrow points from the text 'Do we need this?' to the popup.

Do we need this?

BUG Registration – Ninna - OLD

- **The problem**

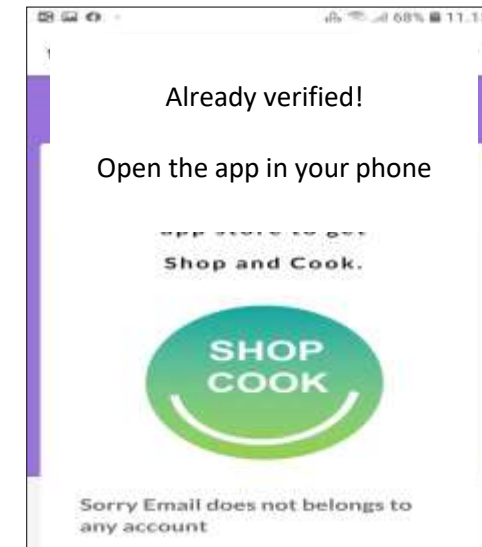

- **The Solution**

OK - Is the verification link crypted now?

OK - I clicked on the confirm mobile number after i was already verified and this purple pop up appeared. Change this to: (And with similiar design as the other emails)

English: Already verified! Open the app in your phone

Danish: Er allerede bekræftet! Åben appen i din mobil

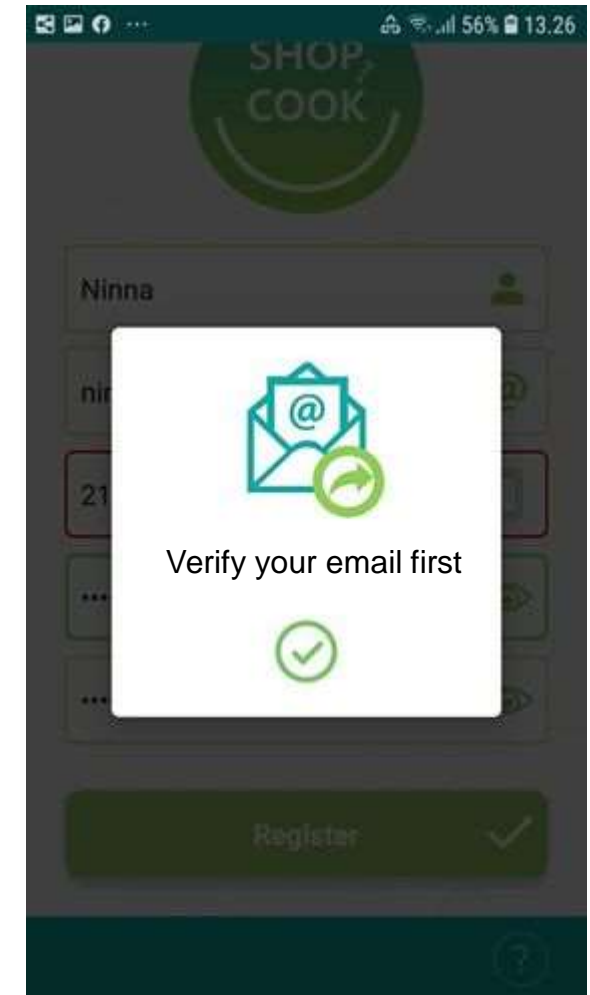

BUG Registration – Ninna - OLD form 16.9.20 – OK

- **The problem**

The popup shall be changed

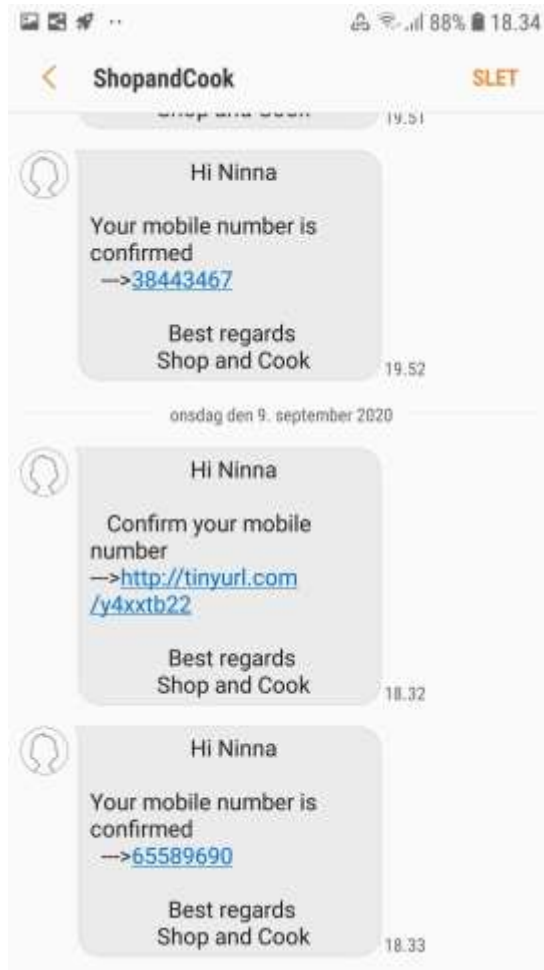

- **The Solution**

BUG Registration verify – Ninna – OLD from 16.9.20

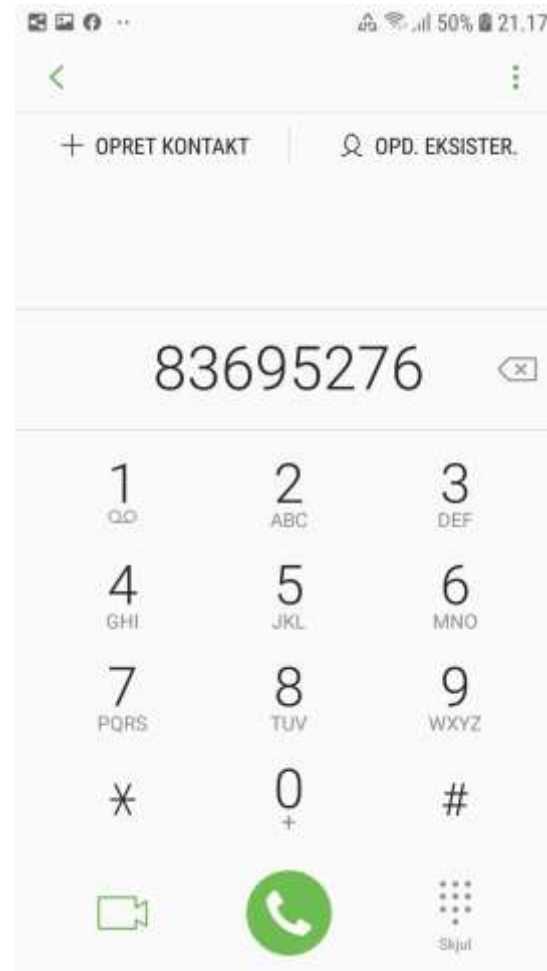

- **The problem**

- 1) The app name is wrong in the header
- 2) When i click the number in the confirmed message it looks like i am calling someone

- **The Solution**

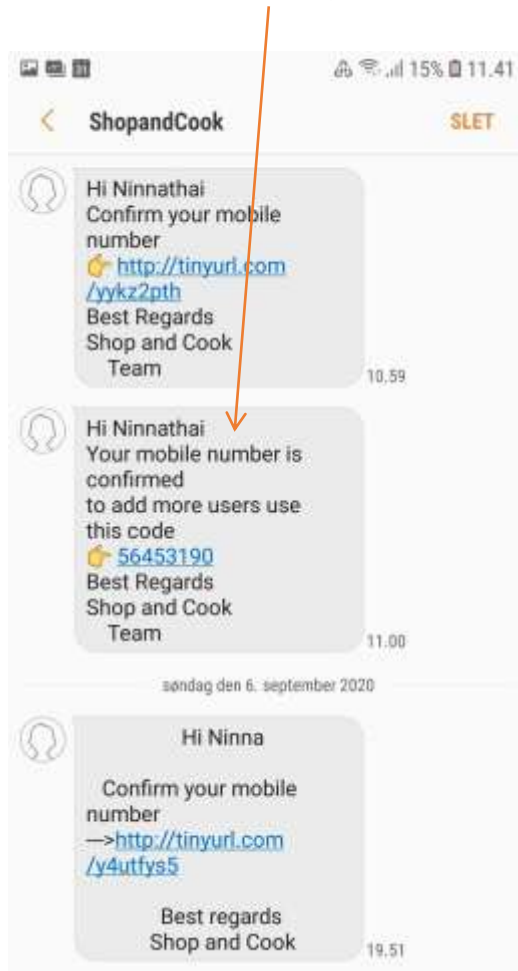

- 1) OK - The app name in the header shall be Shop and Cook with space between the words
- 2) OK - User shall be send to open the app right? Will work after launch

BUG Registration verify – Ninna – OLD from 16-9-20

• The problem

- 1) The app name is wrong in the header
- 2) The text is not right

• The Solution

- 1) **OK - The app name in the header shall be Shop and Cook**
- 2) **OK - The text shall be:**

English:

Hi (name)

Your phone number is confirmed.

Use this code to invite more users:

Best regards

Shop and Cook

Team

Danish:

Hej (name)

Dit telefonnummer er bekræftet.

Brug denne kode til at invitere flere brugere:

Med venlig hilsen

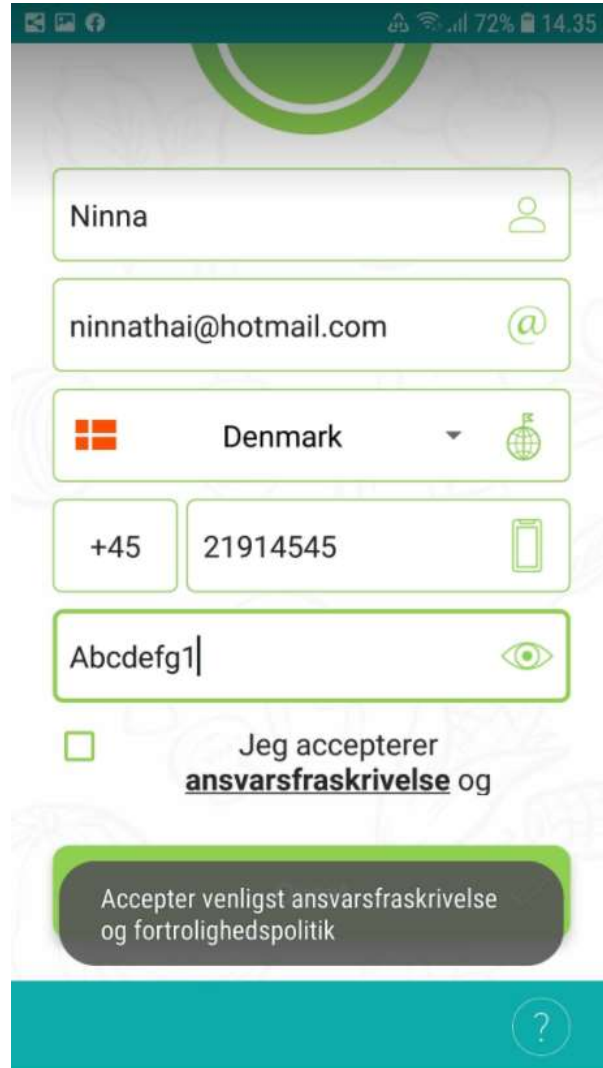

Shop and Cook

Team

BUG – Register – Question to Hammad?

The problem

- 1) The check box maybe need to be changed

The screenshot shows a mobile registration form with the following fields and elements:

- Top status bar: Signal, Wi-Fi, 72% battery, 14.35.
- Name field: "Ninna" with a person icon.
- Email field: "ninnathai@hotmail.com" with an @ icon.
- Country field: "Denmark" with a Danish flag and a globe icon.
- Phone field: "+45" and "21914545" with a phone icon.
- Password field: "Abcdefg1" with an eye icon.
- Acceptance checkbox: An unchecked checkbox followed by the text "Jeg accepterer ansvarsfraskrivelse og".
- Submit button: A green button with the text "Accepter venligst ansvarsfraskrivelse og fortrolighedspolitik".
- Footer: A teal bar with a white question mark icon.

The Solution

- 1) **OK** - Is it possible that we add the same functionality for the check box as for the other fields, so that the line turns red if user did not check it out?

If yes and it is not a big change: Remove the popup text then

BUG Change password from settings – OLD from 16-9-20

- **The problem**

The field turns red in a glimt

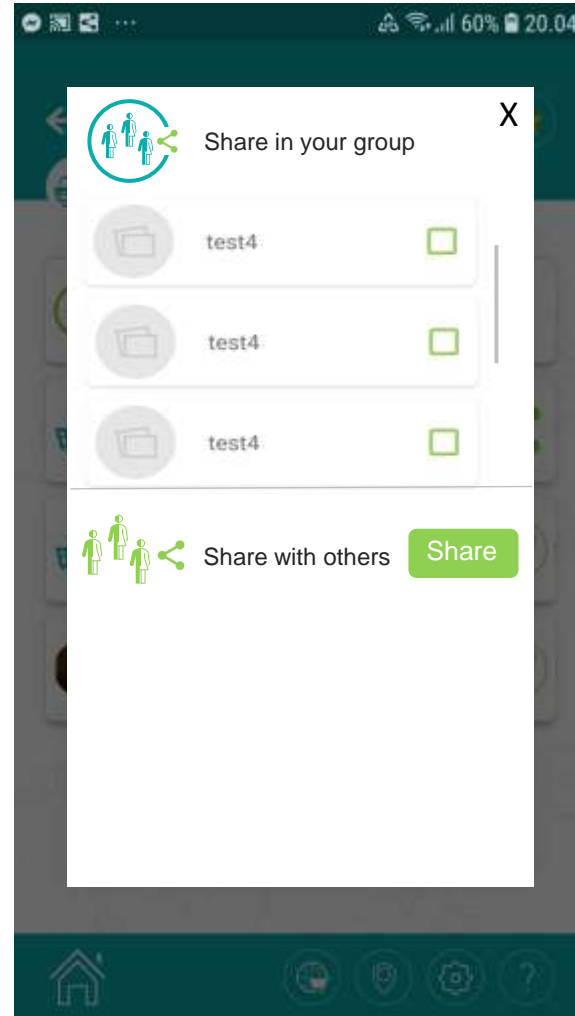

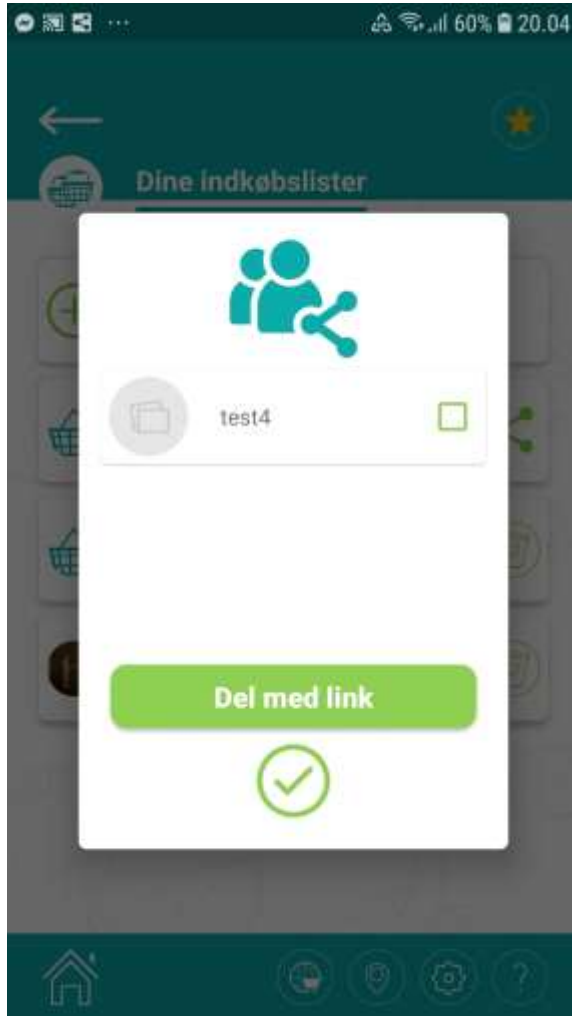

- **The Solution**

OK - Fix this!

BUG – Sharing – design is changed

The problem:

1) Sharing popup: The appearance is very confusing

Solution:

- 1) OK - Create a new popup like below. The popup shall be divided in 2 parts. 1 upper and 1 lower divided with a grey line. The upper part shall show all users within the parents group. Show a scroll bar so the user can scroll up and down to see all users in the group. The lower part shall show the option for sharing with externals.

The text:

English: Share in your group

Danish: Del i din gruppe

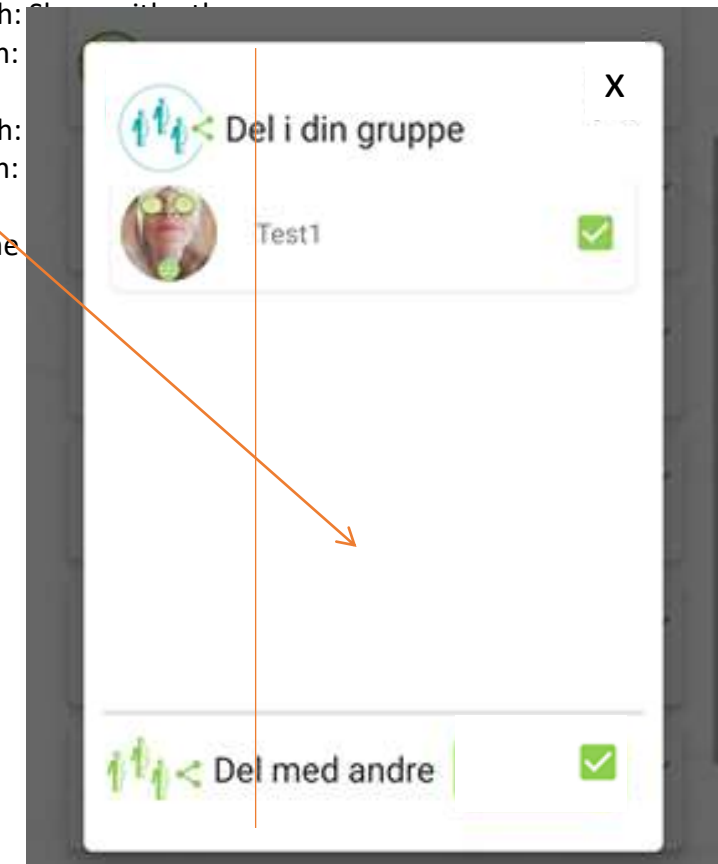

English: Share with others

Danish: Del med andre

English: See the

Danish: Se den

See the

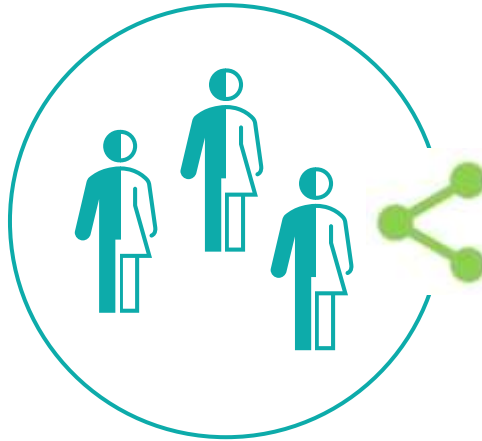

BUG – Sharing - icons

Problem:

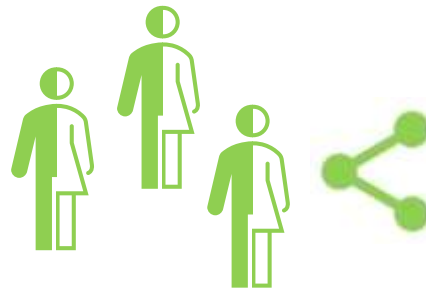

1) Sharing icons are not good

Solution:

1) OK - Create 2 new icons for sharing:

1 for sharing within parents group

1 for sharing with externals

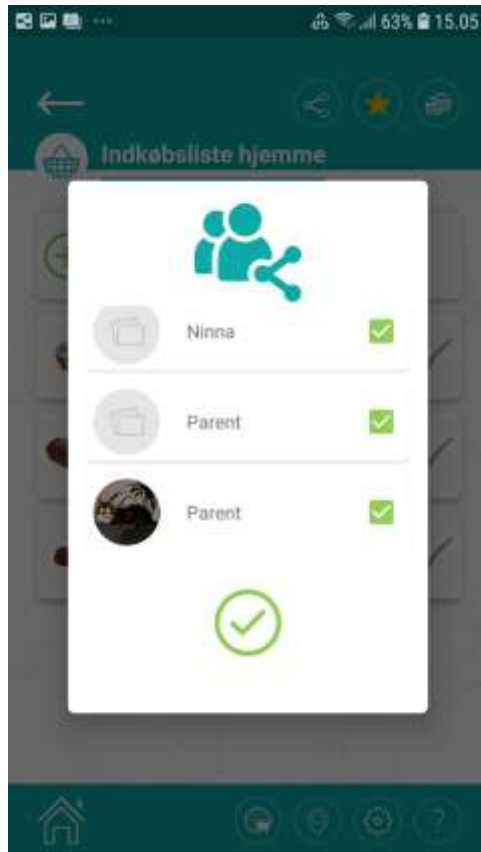

BUG Sharing

- **The problem**

- 1) The names in the list are wrong. It says Parent in stead of the name

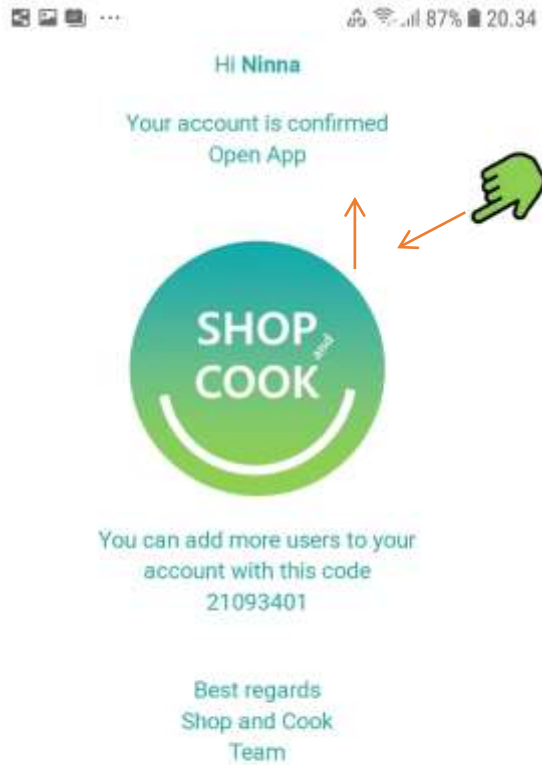

- **The Solution**

- 1) OK - Make sure that the names in the sharing list are correct

BUG Registration - Ninna

- **The problem**

- **The Solution**

- 1) OK - The pointing hand shall be moved closer to the logo
- 2) OK - Move the logo a bit up so that the distance will be same to the text
- 3) OK - Make the pointing hand like this

BUG Sharing - Ninna

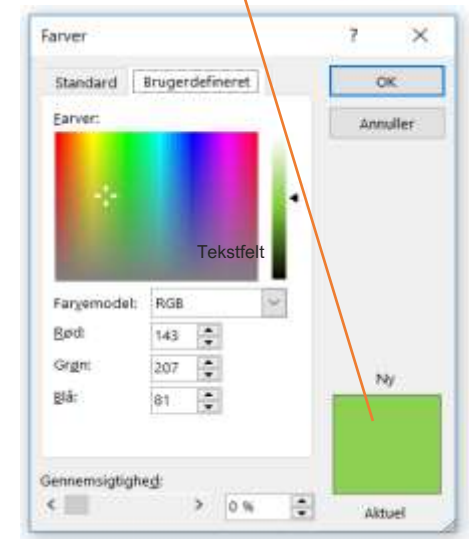

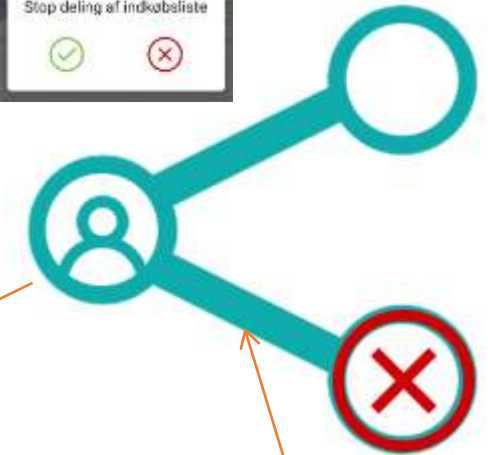

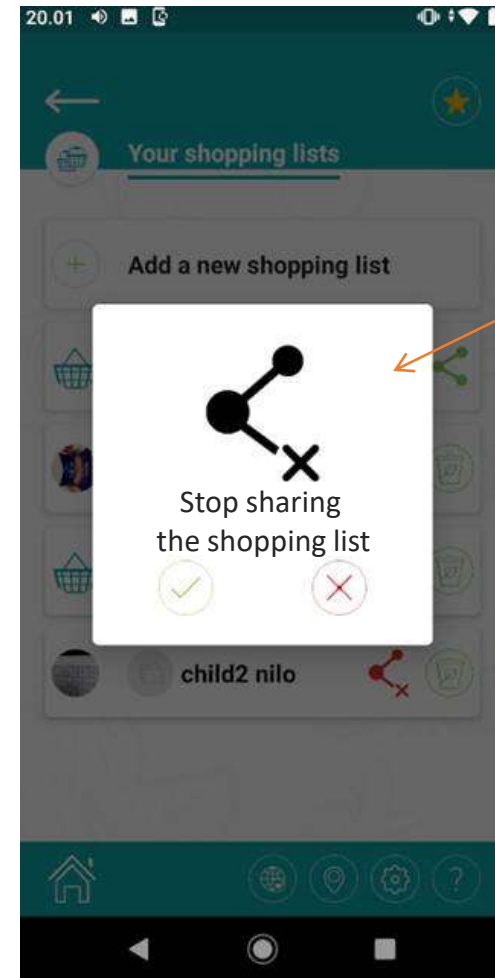

- **The problem**

- 1) The stop sharing icon need to be designed in the popup
- 2) There is no text in the popup

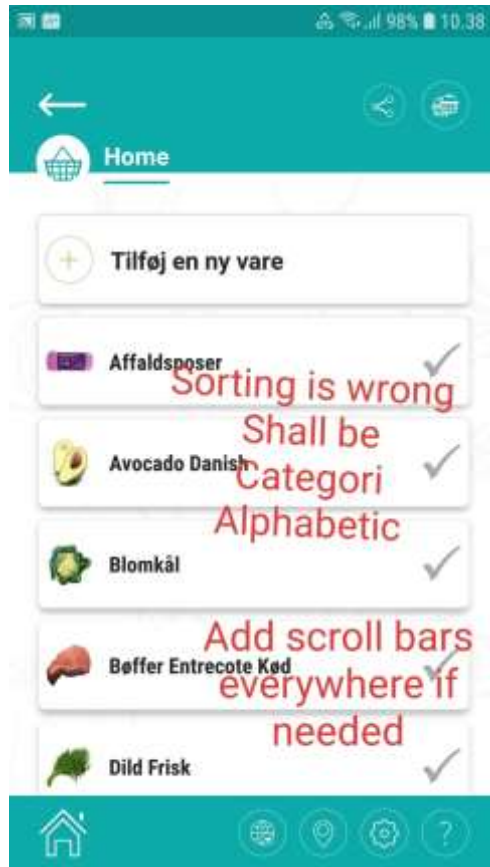

- **The Solution**

- 1) OK -The designer shall design a new icon for Stop sharing popup like this but green and red and make the icon a little smaller than it is now
- 2) OK -Add a text to the popup:
English: Stop sharing the shoppinglist
Danish: Stop deling af indkøbsliste

BUG Shopping list – Ninna – Not fixed

- **The problem**

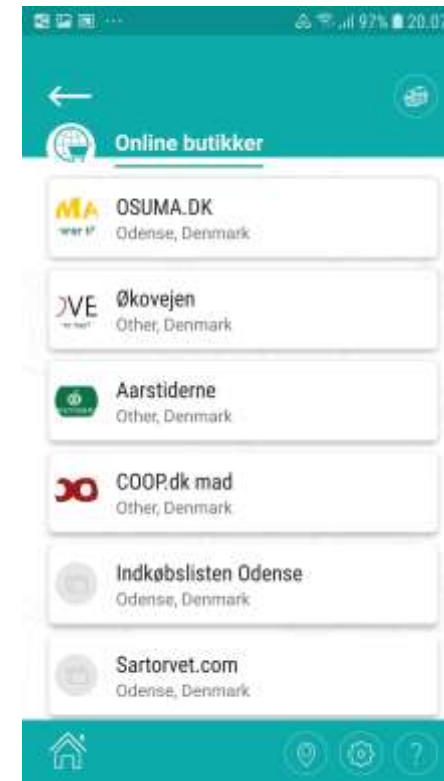

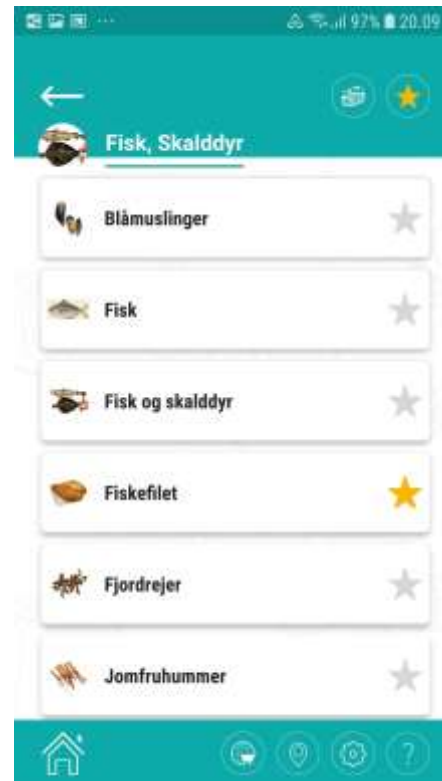

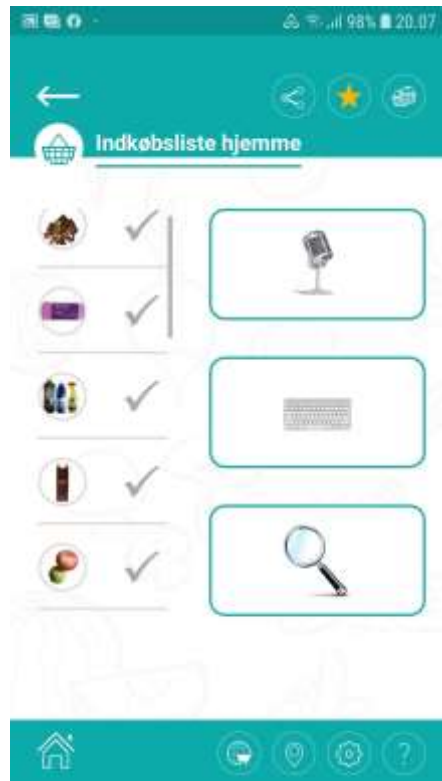

- **The Solution**

1) OK - Make sure that the list is correct sorted:

Categori

Alphabetic

2) OK - Add scroll bars everywhere in the app when needed and make them same size (length) and green

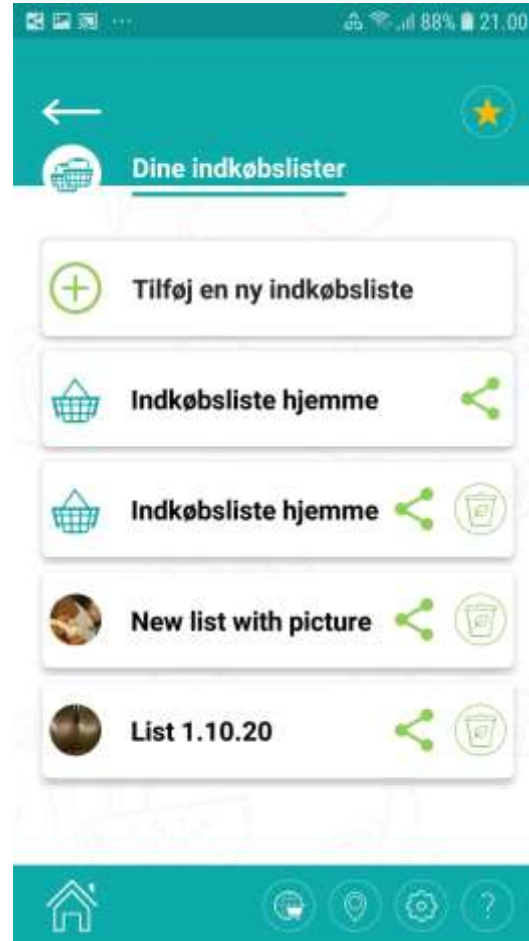

- **The problem**

1) When adding a photo to a new shopping list it takes very long time until it is updating (appearing)

- **The Solution**

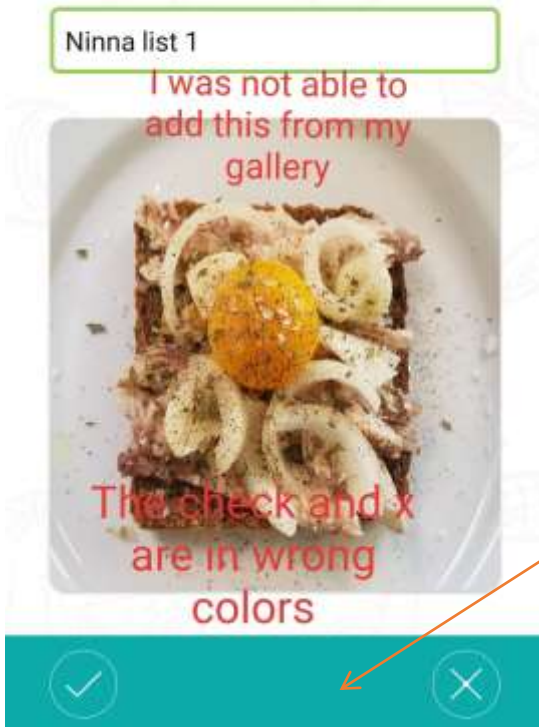

1) **OK** - When adding a photo to a new shopping list, the new phot shall appear immediately

BUG Add new Shopping list- OLD and new

- **The problem**

4) The icons in the top and the bottom are missing

- **The Solution**

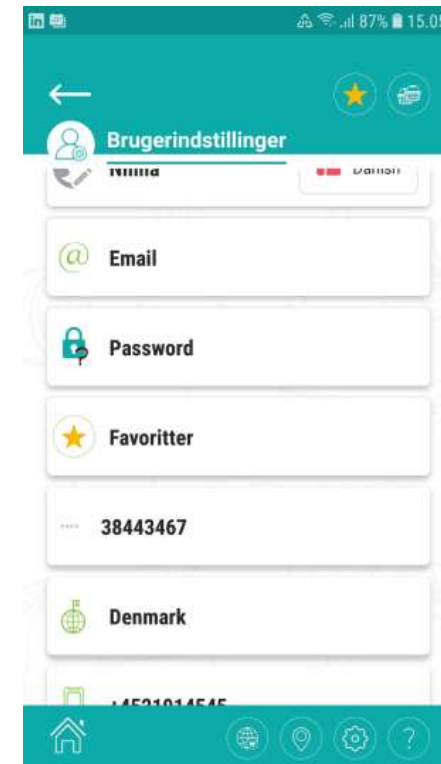

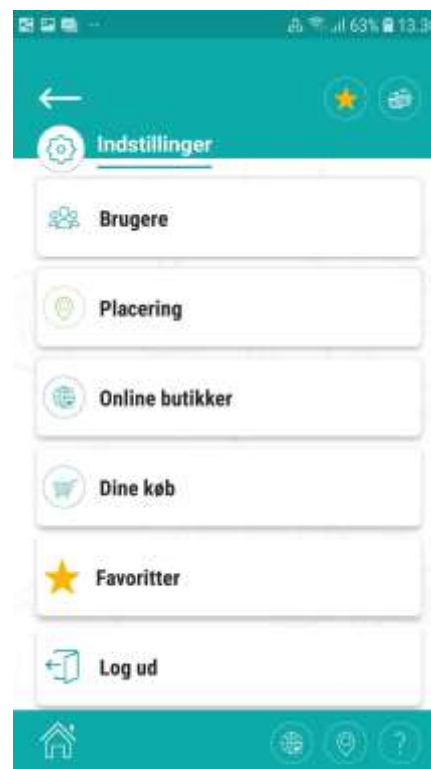

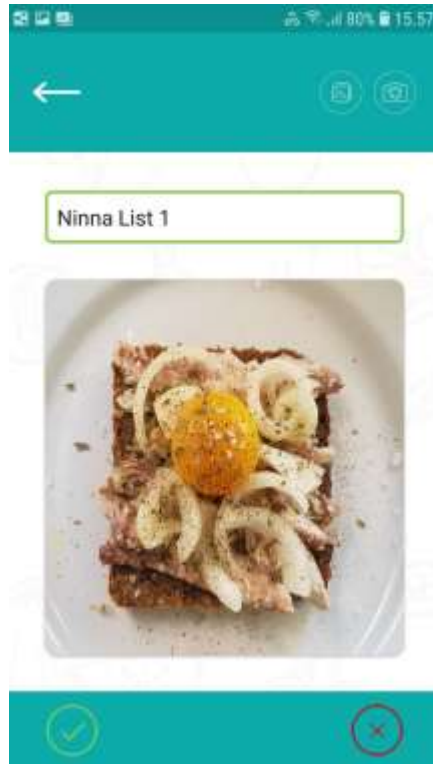

- 1) OK -The check sign and the X shall be placed above the blue bottom bar in the photo.
- 2) OK- The check sign shall be green the X shall be red like everywhere else in the app.
- 3) OK -It shall be possible add a profile photo til the shopping lists.
- 4) OK - The icons are missing in the top and bottom bar

BUG Header + footer – OLD

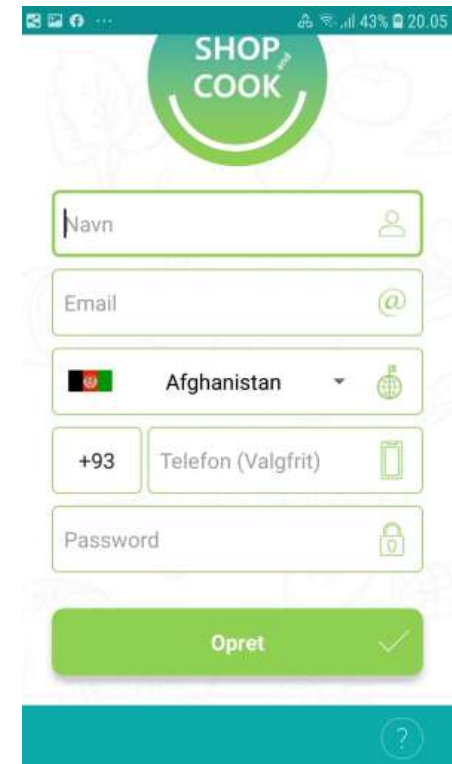

- The problem

- The Solution

- 1) OK - We need to make all screens header and footer correct, with the correct icons and the correct size of the icons – See also the next slide – How do we solve this??
- 2) OK -The online shop icon shall be like this  NOT like this 

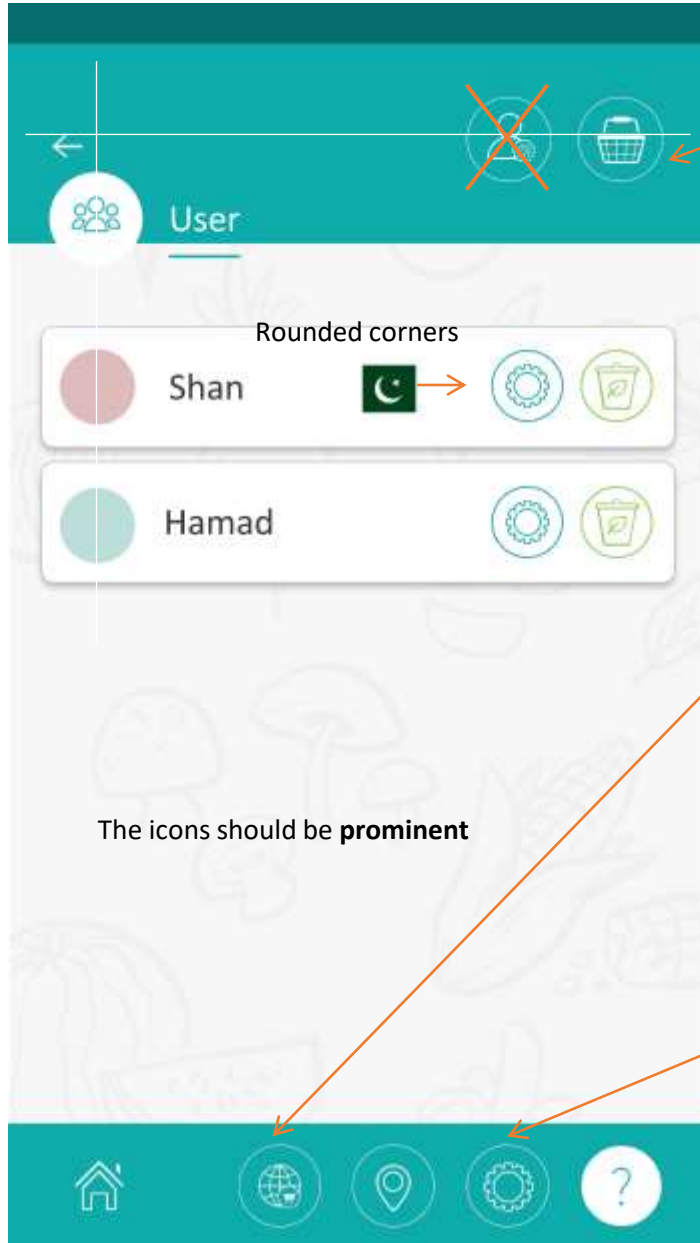

These icons are good

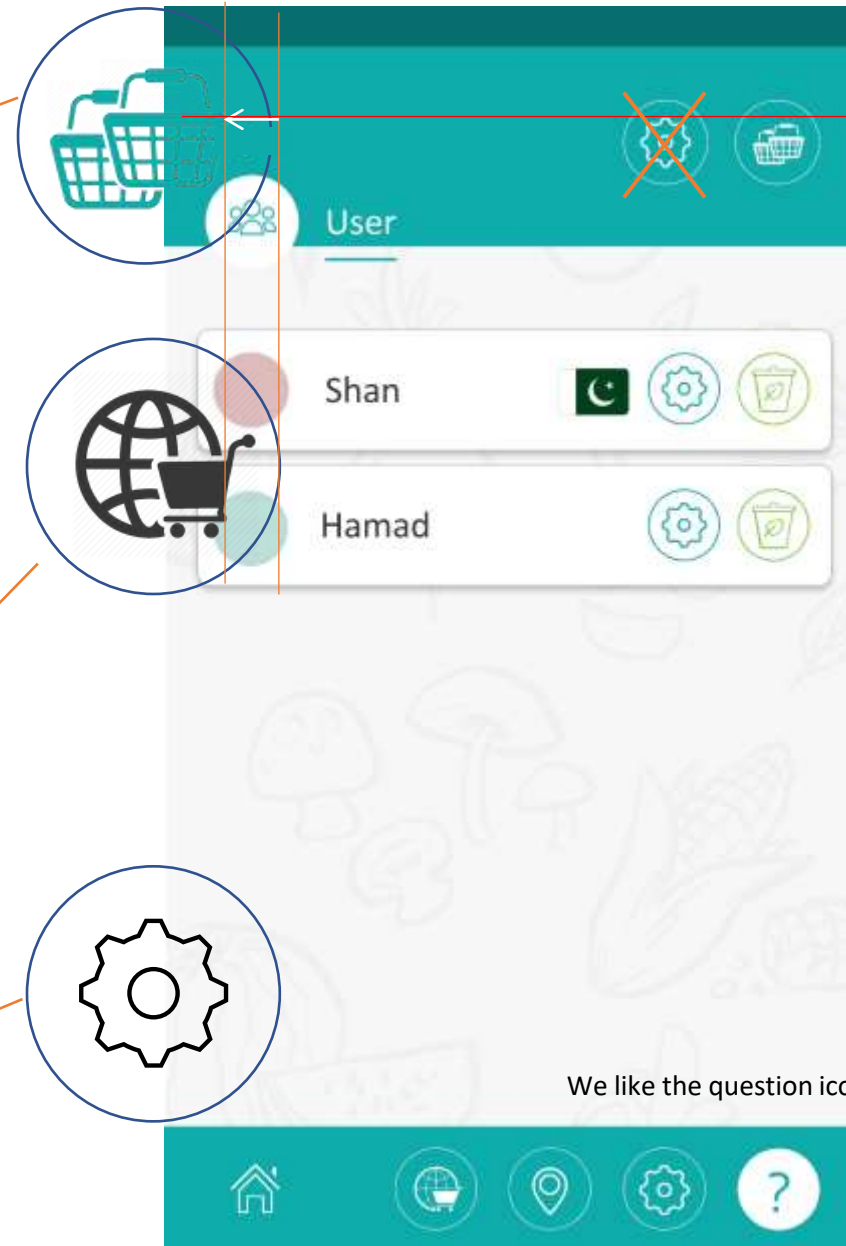

OK - Header and Footer:
This slide is from the design guidelines

Move the arrow
Make the arrow a little bigger as standard for Android

NEW
Make the arrow longer and move it up to the red line

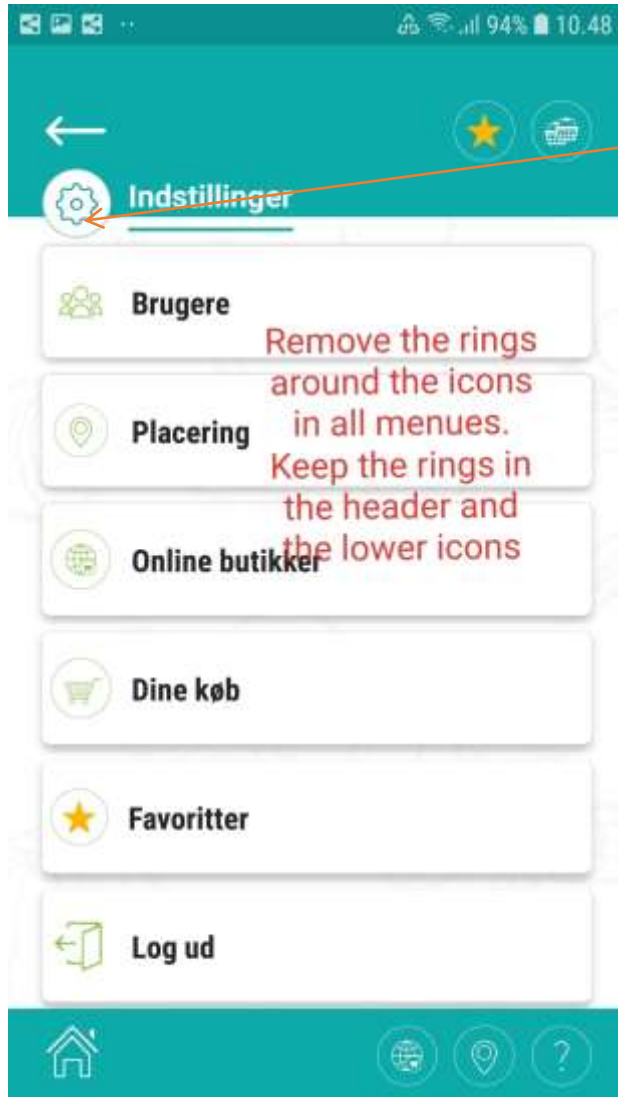

The icons should be **prominent**

We like the question icon

BUG Settings - OLD

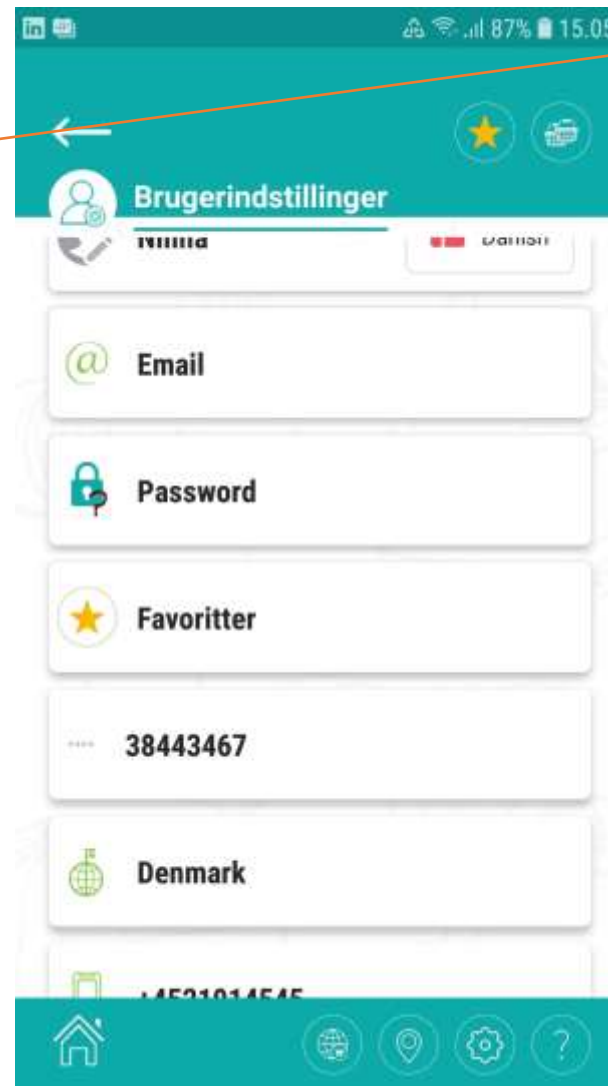

- The problem

Remove the rings
around the icons
in all menus.
Keep the rings in
the header and
the lower icons

- The Solution

- 1) OK - The icons shall be as in the field users and in user settings – NO rings around – only rings around in the header and the button. Make them same size and aligned with the page icon.
- 2) OK - Add scroll bars everywhere when needed and green

BUG Promokode – OLD and new

- **The problem**

- 1) The fields are not adjusted

Old registration form layout:

- Field 1: +45 Telefon (Valgfrit)
- Field 2: Password
- Field 3: Invitationskode
- Button: Inviteret med kode ✓

Old registration form with keyboard overlay. The keyboard is visible, but the text input fields are not adjusted to accommodate it, causing the text to be partially obscured.

New registration form layout:

- Field 1: Navn
- Field 2: Email
- Field 3: Afghanistan (Country)
- Field 4: +93 Telefon (Valgfrit)

New registration form with keyboard overlay. The text input fields are not adjusted to accommodate the keyboard, causing the text to be partially obscured.

- **The Solution**

- 1) OK - Make sure that the first field to type in is visible and adjusted so that the whole Name field is visible when user click the "Invited by code" and "New user"

New registration form layout (repeated for comparison):

- Field 1: Navn
- Field 2: Email
- Field 3: Afghanistan (Country)
- Field 4: +93 Telefon (Valgfrit)

New registration form with keyboard overlay (repeated for comparison). The text input fields are not adjusted to accommodate the keyboard, causing the text to be partially obscured.

New registration form with keyboard overlay. A red arrow points to the "Navn" field, indicating the solution: ensuring the first field is visible and adjusted so that the whole Name field is visible when the user clicks the "Invited by code" and "New user" buttons.

BUG Shopping list – Ninna

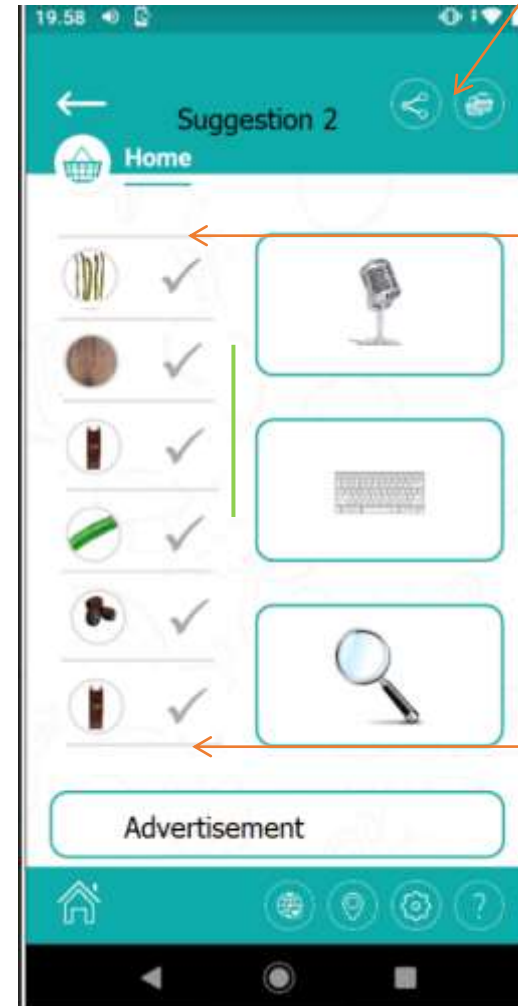

- **The problem**

- 1) In the shopping list in this screen the left column is not aligned with the right
- 2) My favorites icon is missing

- **The Solution**

- 1) OK - Add a top line and a bottom line as shown. The scrolling list shall be within these lines. Be aware that the item fields shall be smaller now. Show the scroll bar.
- 2) OK - Add the my favorites icon ★

BUG Shopping list – Ninna

- **The problem**

- 1) In the shopping list in this screen the left column is not aligned with the right
- 2) My favorrites icon is missing

- **The Solution**

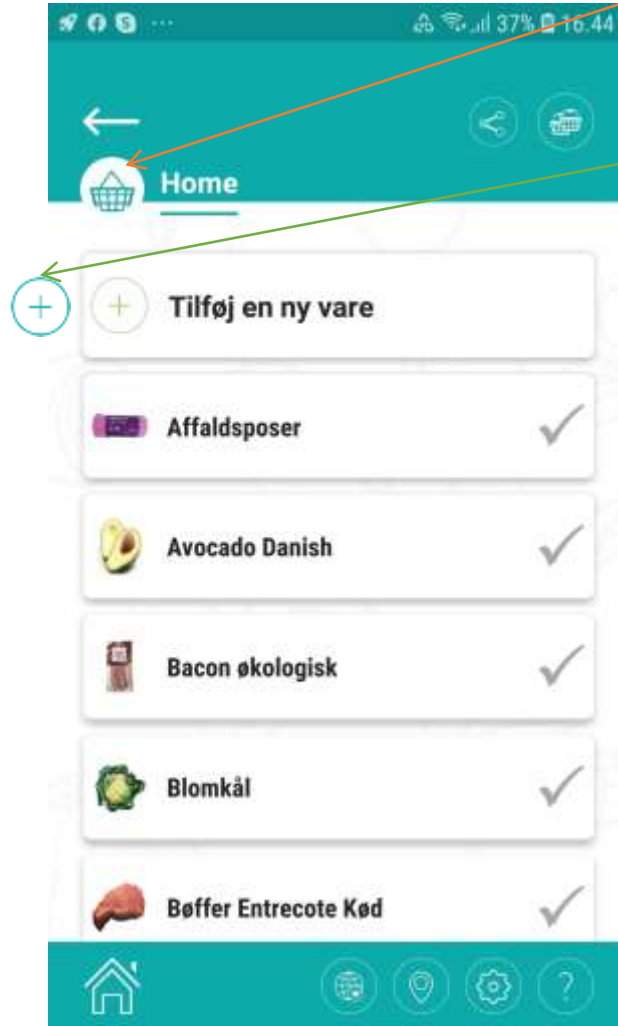

- 1) **Ok** - Add a top line and a bottom line as shown. The scrolling list shall be with in these lines. Be aware that the item fields shall be smaller now. Show the scroll bar.
- 2) **OK** - Add the my favorites icon ★

BUG Shopping list - Ninna

- **The problem**

- 1) The Home shopping list name is wrong
- 2) The Home shopping list is being cut in the bottom
- 3) Some pictures in the list are squeezed eg. Avokado
- 4) The + icon is too thin

- **The Solution**

- 1) OK - Change the text according to the text document
- 2) OK - Make sure that the whole shopping basket is shown in the circle
- 3) OK - Pictures shall be shown correct and not squeezed
- 4) OK - Make the line a little thicker like this – keep the color green

BUG – Shopping list

- **The problem**

- 1) The logo is missing
- 2) Adjust the popup text

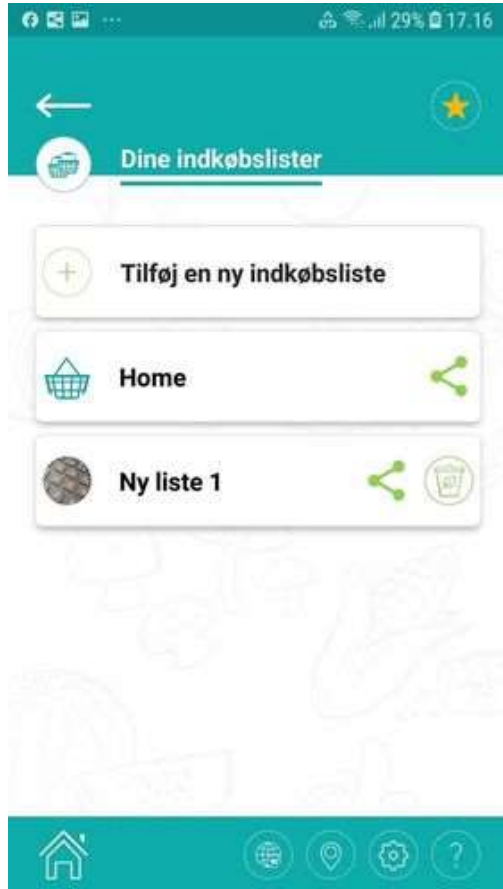

- **The Solution**

- 1) OK - The Shop and Cook logo is missing in the upper left corner in the Home screen. It should have NO functionality.
- 2) OK - Move the word Shop the the next line and center the text in the popup. Shall work for for all languages.

BUG Shopping list – Ninna

- **The problem**

- 1) The Home shopping list name is wrong
- 2) The Home shopping list basket icon is being cut in the button
- 3) I cannot see that I shared a list with a person from my contacts. I guess because the person was not able to accept the sharing or?

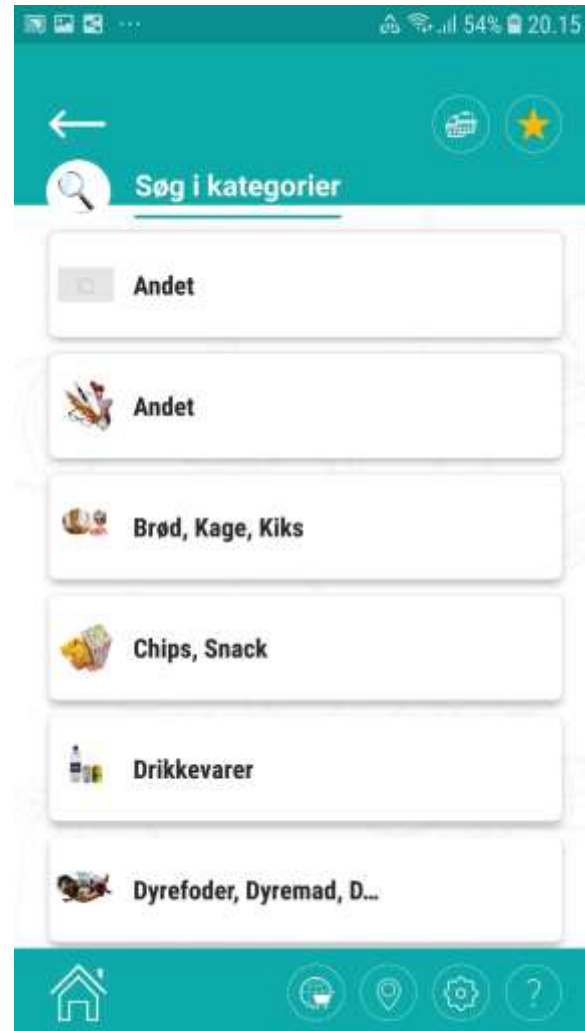

- **The Solution**

- 1) OK - Change the text according to the text document
- 2) OK - Make sure that the whole shopping basket is shown in the circle
- 3) OK - Make the sharing functionality complete

BUG Shopping list – Ninna

- **The problem**

1) There are 2 categories shown with the name **Andet**

- **The Solution**

1) OK - There should only appear 1 Andet in the category list.

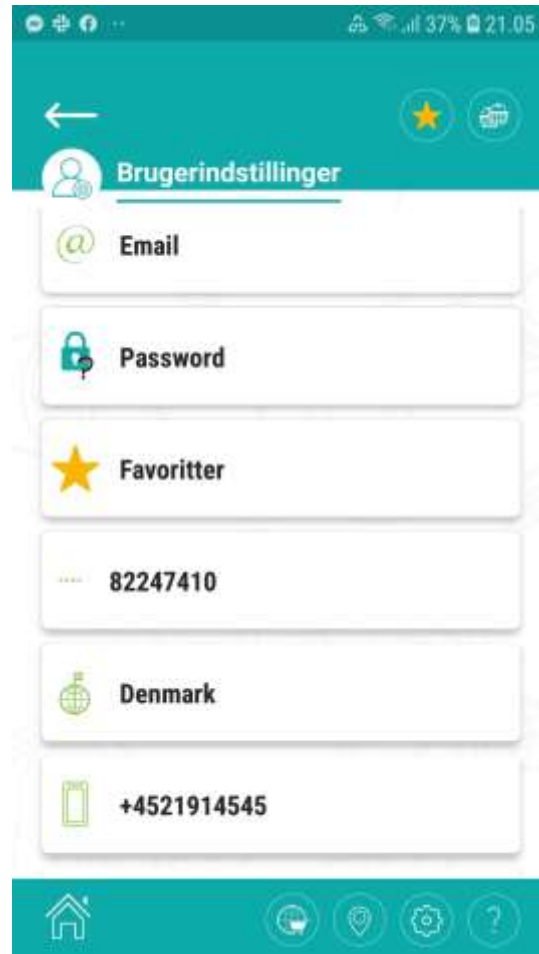

BUG - user settings - menu

- **The problem**

- 1) The position of the menu point Phone shall be changed
- 2) The promo code for child user shall Not be visible for the child

- **The Solution**

- 1) OK - Change the position for the menu point Phone to between email and password
- 2) OK - Make the promo code Not visible for the child user

BUG settings – Favorites

- **The problem**

- 1) The icons design is not correct. The line is too thin compared to other icons
- 2) The menu text **Kokkeskolen** is wrong

- **The Solution**

- 1) OK - Change the icons line to the same thickness as others. The shopping basket icon line is ok.
- 2) OK - Change the text **Kokkeskolen** in the menu to:
English: Videos
Danish: Videoer

BUG Shopping list – Ninna - OLD

- **The problem**

- 1) The icons in the menu is wrong color

- **The Solution**

- 1) OK - The icons shall be green,

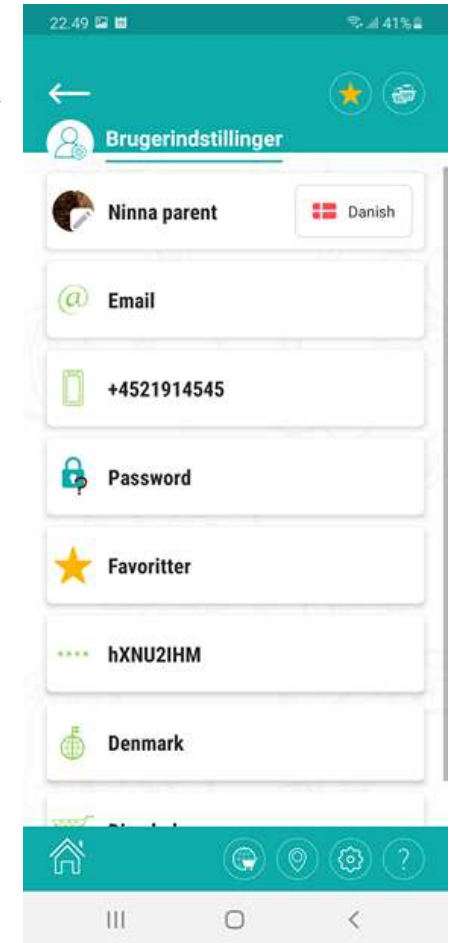

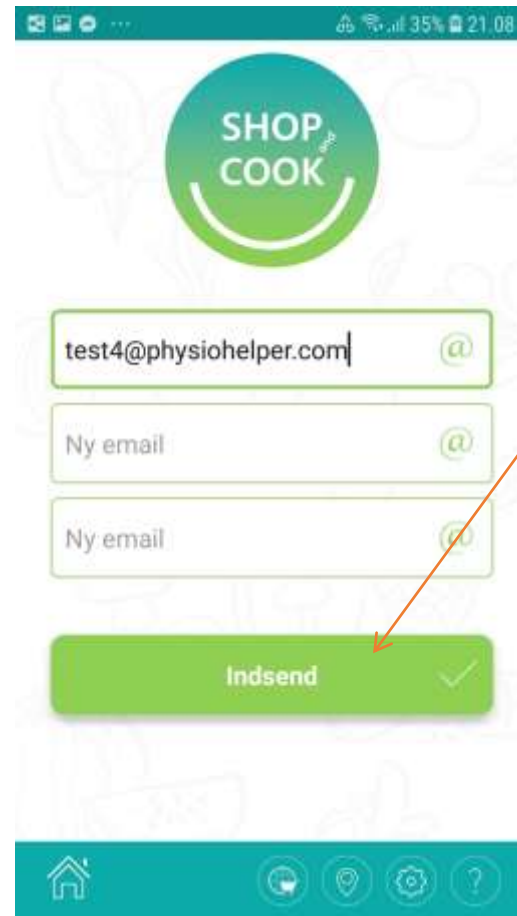

BUG settings – Change pw + change email

• The problem

- 1) The logo position is wrong
- 2) The text in the green button is wrong in the email screen
- 3) NEW bug – Where are the header in all these screens?

• The Solution

- 1) OK - Center the logo between the top and the first text field.
- 2) OK - Change the text to: OK
- 3) OK - Add the headers in these screen as elsewhere in the app with the belonging icons

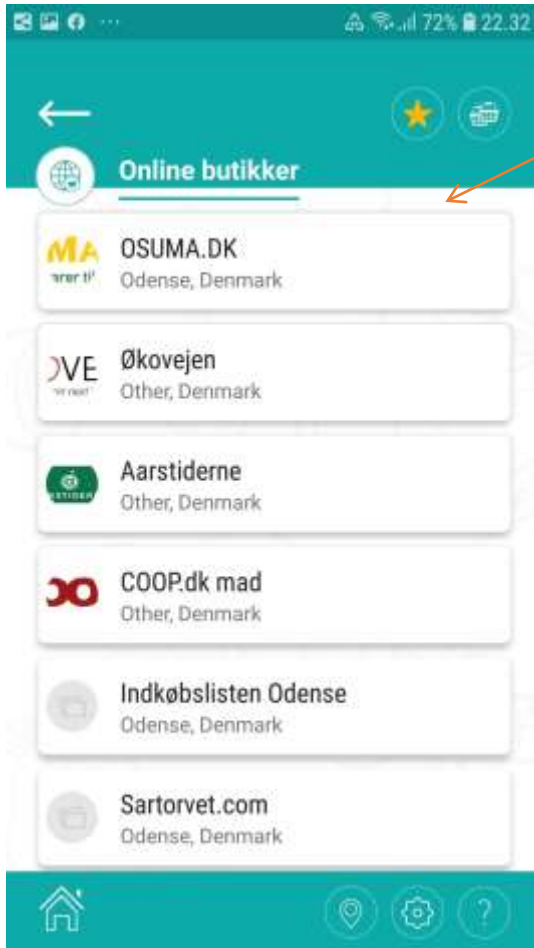

BUG Online shops – OLD bug

- **The problem**

- 1) We need another way to show the online shops logo
- 2) Country and city is missing
- 3) The My favorites icon shall not be here

- **The Solution**

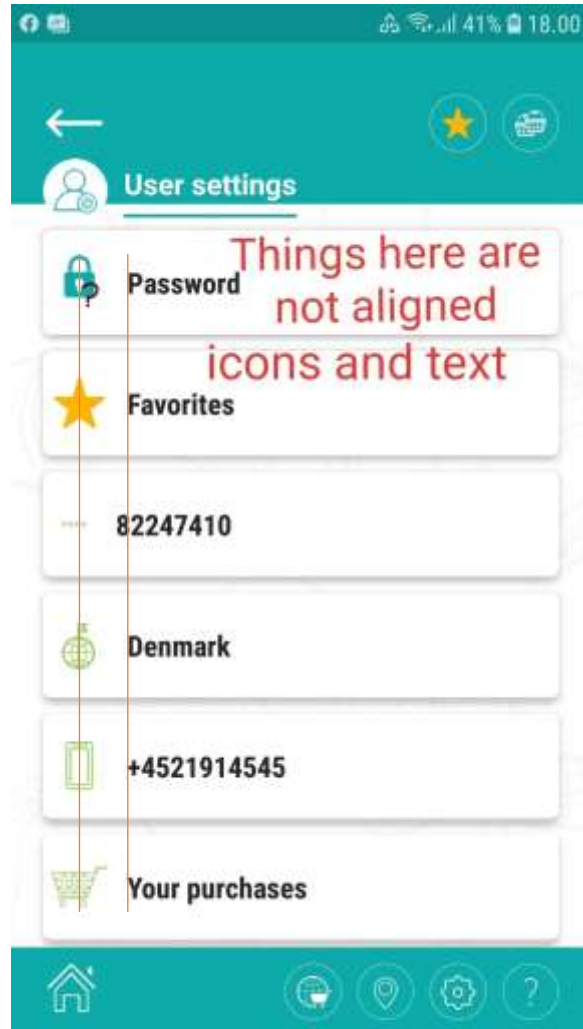

- 1) OK - Make the whole logo visible for the online shops
- 2) OK - Show nested drop down for country and city placed above the list of online shops and move the list a little bit down
- 3) OK - Remove the My favorites icon

BUG Settings menu

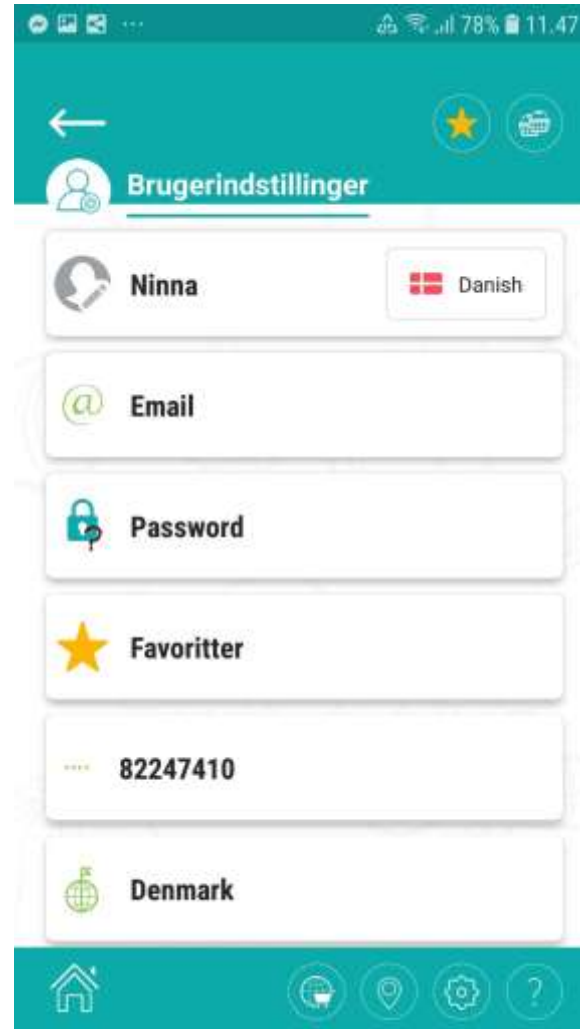

- **The problem**

1) The icons and text's are not aligned in both screens

- **The Solution**

1) OK - The icons shall all be centered and aligned and the text shall be aligned. In both screens. Try to zoom.

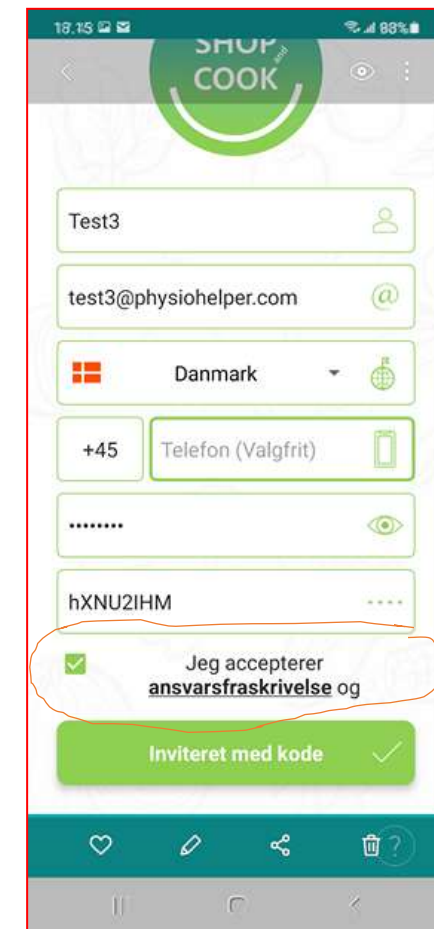

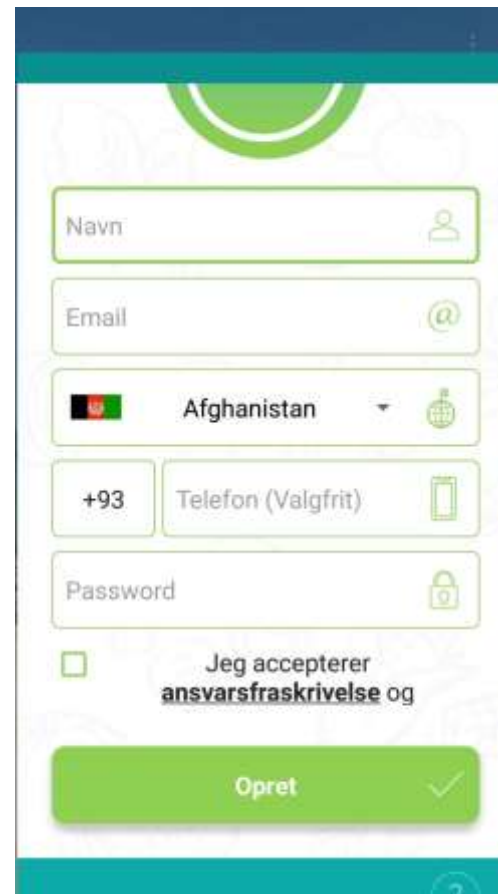

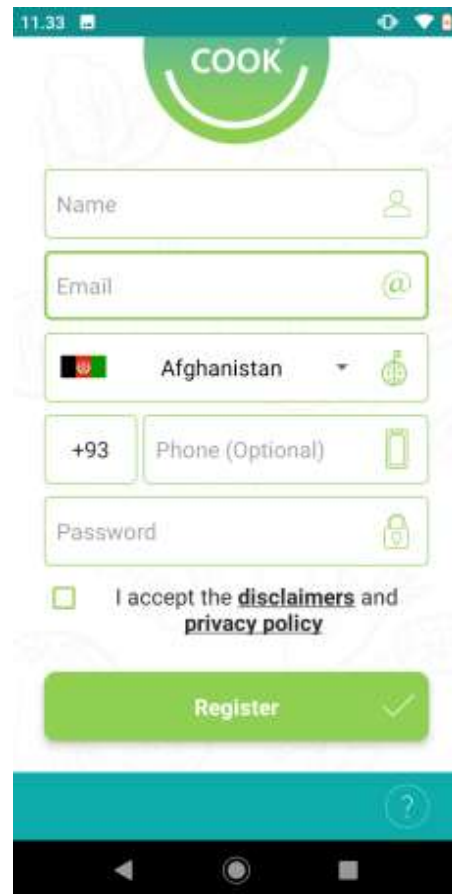

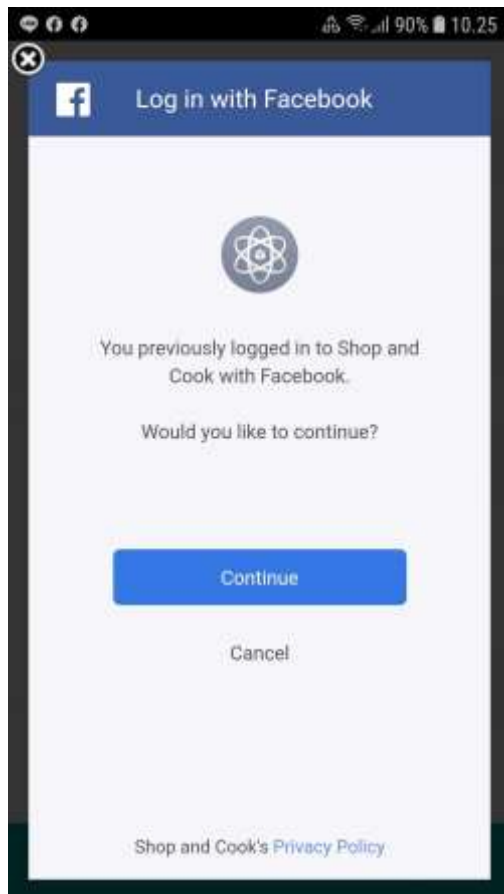

BUG Register

Problem:

- 1) In Facebook login, the check box for accepting is missing
- 2) The privacy policy is missing in both Facebook and Danish register (user and promo code)

Solution:

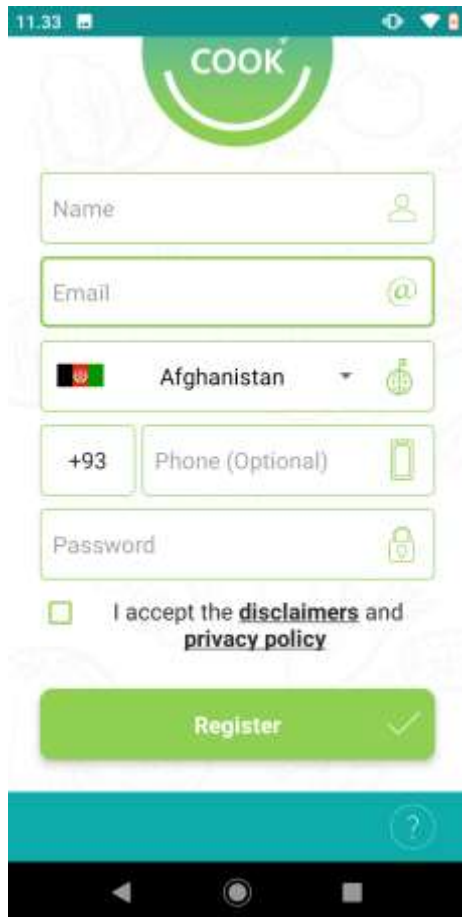

- 1) OK - Fix this
- 2) OK - Fix this

BUG Register –NOT fixed

Problem:

- 1) Change the country to....
- 2) Country code is wrong

The screenshot shows the 'COOK' app registration interface. At the top, there's a green header with the 'COOK' logo. Below it, there are several input fields: 'Name' with a person icon, 'Email' with an '@' icon, a country selection dropdown currently set to 'Afghanistan' with a flag icon, a phone number field with a '+93' prefix and a 'Phone (Optional)' label, and a 'Password' field with a lock icon. Below these fields is a checkbox labeled 'I accept the disclaimers and privacy policy'. At the bottom is a green 'Register' button with a checkmark icon. The status bar at the top shows the time as 11:33 and various icons. The bottom navigation bar is visible with a question mark icon.

Solution:

- 1) **OK** - For the country field:
 - 1) There shall be no country name as default.
Default shall be:
English: Country
Danish: Land
 - 2) Make the default flag a grey square 
- 2) **OK** - The country code field shall be only a **+** as default.

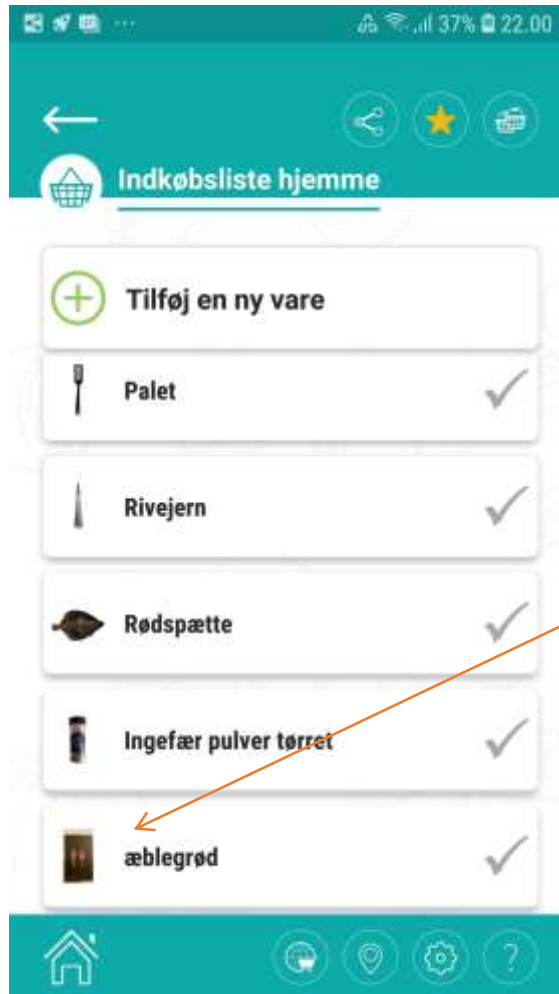

~~BUG Take photo of item~~

Problem:

- 1) The name of the item added is not beginning with a capital letter

Solution:

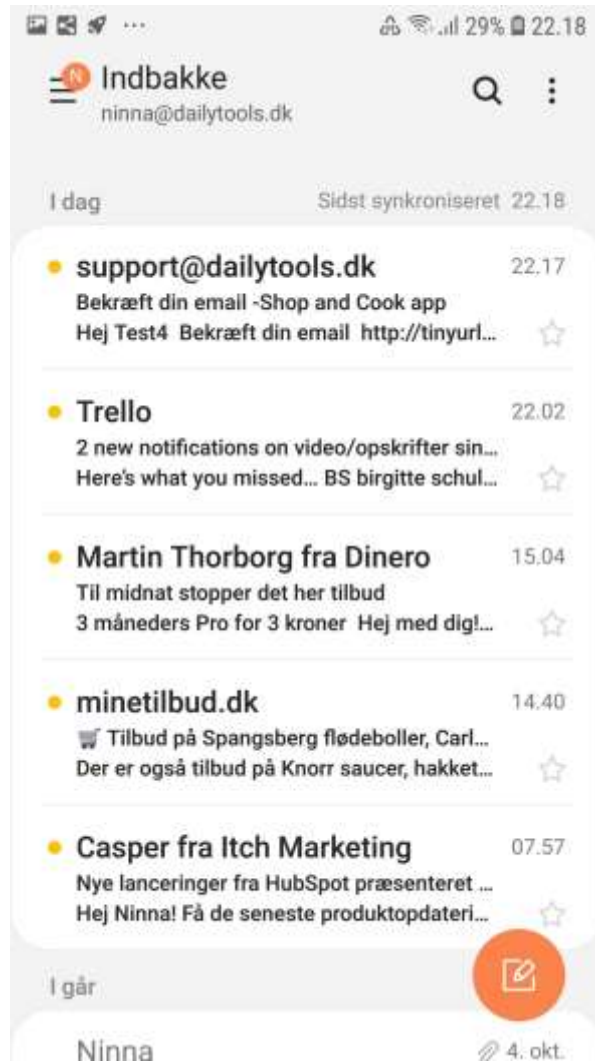

- 1) **OK** - Make sure that all items names begin with a capital letter – also when user take a photo

BUG - Register with invitation code

Problem:

- 1) The verification email was sent to a wrong email

Solution:

- 1) OK - The email I registered with was: test4@physiohelper.com
Make sure that verification email is sent to the right user email.
